The Rennie stock has been boxed and shipped east thus closing the career of a business house that was established in North Platte fifteen years ago. AMERICAN BEET SUGAR CO., Grand Island, Neb.

Terms of Contract for 1901.

Under the provisions of this contract the grower is assured of a fixed price for his crop. All beets testing 14 per cent or less will be paid for at the rate of \$4.00 per ton, 25 cents being paid for each per cent of sugar above 14, fractions in proportion. That is beets testing 14 1/2 per cent being \$4.02; 14.2 being \$4.05; 15 per cent \$4.25; 15.1 per cent \$4.27 1/2. An additional 20 cents per ton will be paid for all beets siloed. The factory will pay freight on all beets delivered by rail, cars to be loaded to their capacity, thus placing the grower at a distance on a satisfactory footing.

Further information or blank contracts can be obtained by applying to American Beet Sugar Company, Grand Island, Neb., or E. F. Seeberger, Hershey, Neb.

Mrs. Sarah Dwyer Dead.

Mrs. Sarah Dwyer of this city died at the home of her daughter Mrs. Nolan at Wood River Wednesday night from pneumonia. Mrs. Dwyer went to Wood River about ten days ago, and soon after her arrival there was attacked with the disease which ended her life. The remains will be brought to this city tonight and the funeral held from the Catholic Church tomorrow morning.

Mrs. Dwyer was one of the early settlers in North Platte, coming here over thirty years ago. She leaves two children Mrs. Nolan of Wood River and John Dwyer of this city.

Sells Livery Stable.

J. M. Vernon, who has been conducting the brick livery barn for a year or more, disposed of his outfit last evening to A. P. Singer, who until lately had been engaged in the livery business at Gothenburg. The purchaser is well known in North Platte, having formerly resided here. Mr. Vernon has conducted a first-class barn and made money, but he was offered a good price and sold.

Dr. H. S. Ferrar, resident manager of the Grand Island sugar factory, is in town today enroute home from Hershey where he was looking after sugar beet contracts. The Doctor says there will be in the neighborhood of one hundred acres of beets grown in the vicinity of Hershey this season. Down at Maxwell the farmers are also becoming interested and about fifty acres will be cultivated there. Dr. Ferrar is much surprised that the owners of land near this city which brings no revenue is not put into beets and made to bring the owner a handsome financial return. The great advantage of raising beets near a large town is that plenty of boys can be secured to do the weeding, in which they can perform nearly as much work as a man. If the people of North Platte could guarantee four thousand acres of beets each year not much trouble would be experienced in having a factory built here.

Doolittle does not desire to deal in perfumes, which properly belong with the drug business. A small line bought with the stock from Newton, will be closed out at a great reduction.

The live bird contest between the Grand Island and North Platte clubs to be held in this city has been postponed until the 10th of April. The plan is to have twenty men on a side, with ten birds to the man. This will make the biggest shooting event ever held in the city and will probably attract the attendance of spectators from many of the adjoining towns.

The friends of A. W. McKeown will regret to learn that his condition is gradually growing worse. Arrangements had been made to take him to a sanitarium at Council Bluffs last night, but yesterday afternoon and last evening he was considerably worse and it was not thought best to have him go. Last night he suffered from numbness, and there are fears that this will lead to paralysis.

Arthur Horne, of Maxwell, who was brought here a month ago for treatment is improving though somewhat slowly.

Railroad Notes.

John Baker, night switchman, has severed his connection with the Union Pacific.

G. L. Charrette, a Fourth district fireman, spent yesterday with North Platte friends.

E. H. Smith, who has been running a train on the Cheyenne & Northern for a year or more, is in town visiting friends.

Two trainloads of sheep from Colorado will pass east today. The run of sheep from western points over the Union Pacific is very heavy.

A collision between passenger train No. 7 and a freight train occurred at Columbus Wednesday evening, resulting in the death of one man and the serious injury of the express messenger.

The twenty-five dollar rate to Pacific coast points has resulted in very heavy traffic for the Union Pacific, necessitating a dozen cars on trains No. 3 and 5 each Tuesday and Wednesday.

Tom Cartwright, who was compelled to give up his engine run in the south on account of the climate, left yesterday for Cheyenne and from there will go farther west in search of employment.

An unusually large amount of new equipment for the Union Pacific is going through at present, consisting of new cabooses, steel ballast cars, switch engines and forty-ton capacity box cars largely made of steel.

It is said that 500 men will be put at work on the western district within the next three weeks finishing up the ballasting of the road bed and laying new eighty pound steel. Most of these men will probably be Italians.

Frank L. Dinsmore of the little town of Odessa must hang by the neck until he is dead. This is the effect of the decision of the supreme court given Wednesday evening at half past 5 o'clock. For the murder of his wife and the slaying of the husband of his paramour Dinsmore is to be executed as soon as the remaining formalities can be swept away. Forty days are allowed under the rules for an application for a rehearing. After that application is disposed of the court, it declines to grant a rehearing, will set a day for the execution. The lower court which convicted Dinsmore had set the date of the execution for July 14, 1900, which was one year after the day of the commission of the crime and was also Dinsmore's birthday.

A Fireman's Close Call.

"I stuck to my engine, although every joint and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa, "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by A. F. Streitz. Price 50 cents.

ORDER TO SHOW CAUSE.

This cause came on for hearing upon the petition of Eva D. Potter, guardian of the estate of Clyde W. Potter and Hazel Potter, minor heirs of William M. Potter, deceased, praying for a license to sell the following real estate, to-wit: All of that portion of section nine (9), in township thirteen (13), north of range thirty (30), west of 6th principal meridian, lying south of the south channel of the South Platte River, and east of the public road intersecting said section in a northerly and southerly direction, containing 278 acres more or less, for the purpose of investing the proceeds in productive property, and it appearing to the court that said real estate is unproductive and ought to be sold and the proceeds invested in productive property. It is therefore ordered that all persons interested in said estate appear before me at the court house in North Platte, Lincoln county, Nebraska, on the 21st day of March, 1901, at nine o'clock in the morning, to show cause why a license should not be granted to said guardian to sell said real estate for the purpose of investing the proceeds in productive property. A copy of this order to be published in THE NORTH PLATTE TRIBUNE for three weeks.

Dated this 24 day of March, 1901.
