LADIES' AND MEN'S MODELS

Clinton

THE JEWELER,

The Semi-Weekly Tribune.

FRIDAY, MARCH 29, 1901.

Tax collections at the county treasurer's office yesterday were about one thousand dollars.

It is said that John Singleton will move the cottage off his corner lot on west Second street and build thereon a two-story house.

Ed Stowitts, who had been visiting friends in town for several days, will leave tonight for Omaha to study stenography and type-writing.

Sweet Pea Seeds in bulk at McGlone's, Foley block.

Willis Record of Keith county has been in town several days attending district court. Mr. Record has many friends in North Platte who are glad to renew acquaintance with him.

Mr. Goddard, father of the fireman killed Wednesday night, will reach here tonight from Oklahoma and the time of the funeral will be set after he arrives. The Brotherhood of Firemen will have charge.

Mrs. H. I. Babcock returned to North Platte Tuesday evening where she is taking medical treatment. She was accompanied by Mrs. Luceba Babcock who will remain with her.—Chappell Register.

Coming: What? The greatest line of sporting goods ever kept in North Platte, Base Ball Goods, Tennis Goods, Foot Ball Goods etc at Doolittle's.

Dan Atkinson, the well-known traveling ambassador for Paxton & Gallagher, is financially interested in new drug stores which have been established at Sidney and Chappell, and he and Dr. Harris of Sidney are about to open a store of the same class at Julesburg.

North Platte merchants will have their millinery openings the early part of next week. Observer Piercy is cognizant of this fact and will crowd all the stormy weather into today and tomorrow in order to have fair weather for these openings.

Observer Piercy reports four and one-half inches of snow Saturday and Sunday, two and one-half inches Wednesday and up to seven o'clock this morning two and one-quarter inches. Between seven o'clock and noon about three inches fell. The snowfall within the past week has been, therefore, over twelve inches.

Harrington & Tobin,

The neatest grocery in town.

Ralph Wiseman left this morning for a few days visit in Cheyenne.

The senatorial deadlock was broken yesterday and the next day it snowed.

R. L. Graves went to Hershey yesterday to join Oscar Shipfer in a goose hunt.

Several cars on passenger train No. 3 were derailed at Julesburg this morning while passing over a switch.

Stockmen of Deuel county say the loss of cattle in that county from the snow storm will exceed two thousand head.

John Ghorst was down from Kimball Wednesday getting instructions in regard to a ballast gang he will supervise this summer.

Lovely new designs in Fancy Crepe Paper at Doolittle's.

Chicago forecast for North Platte and vicinity: Probably rain or snow tonight and Saturday. Maximum temperature yesterday was 33; one year ago it was 43. Minimum temperature this morning was 27; one year ago it was 24.

About two hundred daoges are in town today, having arrived from Chicago last night. They are outfitting today and will be sent to Sidney today or tomorrow to begin work as ballasting gangs.

It is understood that the Union Pacific will pay its real estate taxes for the year 1900 some time during the coming month. This will give the county quite a lift in the payment of outstanding warrants.

For the third time within a week western Nebraska is having a heavy snow storm today. March, which came in like a lamb, is certainly going out like a lion. But moisture is what we need; let 'er come.

Dr. Seymour here Thursday, April 4th, at the Hotel Neville.

B. F. Davis, accompanied by his wife and four children, arrived from Iowa last night and today is plodding through the snow in search of a house to rent. Mr. Davis is a brother of E. S. and A. L. Davis and will enter the employ of the latter as plumber, a line of work Mr. Davis will add to his business.

Railroad men say the shipments of east-bound fruits and vegetables are the heaviest ever known at this season of the year. If nothing happens to the orchards of the Pacific coast, the fruit business over the Union Pacific promises to far exceed any previous year. This means the employment of many men in the icing gangs this summer.

The Deadlock Broken.

The deadlock over the election of two United States senators from this state was broken Thursday by the withdrawal of all former candidates and the election of Governor Chas. H. Dietrich for the short term and Joseph H. Millard of Omaha for the long term, each receiving the vote of every republican able to be present in the joint convention.

The breaking of the deadlock and the election of two senators is hailed with joy by Nebraska republicans.

Dr. Seymour's many friends and patients will be glad to learn that he has arranged for a personal visit to this city Thursday, April 4th, at the Hotel Neville.

Strikes A Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. D., "N. N. remedy helped me until I began using Electric Bitters, which did me more good than any medicine I ever used. They have also kept my wife in excellent health for many years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c Satisfaction guaranteed by A. F. Smith.

Cal. Diamond is in town today selling cigars to merchants and visiting friends.

Joe Quinn is making arrangements to move to Cheyenne, where he has secured work in the U. P. boiler shop.

Snow Flake Flour, you know the rest, at McGlone's, Foley block.

Tom O'Neal went down to Brady this morning to examine a boiler. As he took his waders and a gun along he will probably kill a few dozen ducks during his spare moments.

Owing to illness, Dr. Seymour was unable to fulfill his dates made in this city in January, but as he has quite recovered his health, he will be here without fail Thursday April 4th.

The jury in the Bronson-Conway case went out at half past four last evening and up to eleven o'clock today had failed to agree. It is said that eleven of the jurymen agreed on a verdict of nine hundred dollars in favor of Bronson, but that the other juror is holding out. This is one of the "beauties" of the jury system; one man can block the will of the other eleven.

The most complete line of Box-stationery in the city at Doolittle's. Papereries from 5c to \$1.00 a box.

The present representative apportionment of Nebraska was made on the state census of 1885 and the population of the territory embraced in the Fifty-fourth representative district—of which Lincoln county is a part—was 7,795. Since 1885 the population of the district has increased to 28,216, and yet the bill giving this portion of the state a fair, just and equitable representation has been killed. It shows how little regard the politicians of the east end have for the west part of the state. Although this district has increased its population four-fold its representation in the legislature remains the same.

Geo. C. Granger, painter, paper hanger and decorator. Carriage and sign painting. Estimates cheerfully furnished. All work guaranteed. Inquire at Brooks house west Sixth street.

The Wife's Sublime Faith.

Every wife should have so much faith in her husband that when he goes hunting she should not buy any meat for dinner, but make every preparation to cook ducks.—Atchison Globe.

There is no surer sign of unprofitable life than when people give way to inquisitiveness into the lives of other men.—St. Francis de Sales.

Railroad Notes.

A. Anderson, boilermaker helper, is laying off on account of sickness. Conductor Frank Lawrence will leave in a few days for a visit in Denver.

Will Moran, night round-house machinist, is off duty on account of sickness.

The snow blockade made it necessary to put on several emergency crews this week.

Al. Brown of the round house force returned to work yesterday after a brief lay-off.

Engine 1734 came up from the First district on account of a shortage of power on the Second.

Engineer Millison and Fireman Sniffeld came through from Omaha with one of the soldier trains Wednesday.

Tom Law, a section hand at Cheyenne, was killed Wednesday by being struck by the engine on the fast mail.

A forty car train came in from the east today, which, taking into consideration the storm, is a mighty heavy train.

Tony Pashman, fireman of the stationery boiler at the round-house, has returned to work after a ten days' siege of sickness.

Engineer Ellis and Fireman Marr came through from Cheyenne on one of the passenger runs last Tuesday and went back on train No. 101.

Engine No. 1813 came out of the shops Wednesday. It is said that it has not yet been determined whether this engine will stay here or be sent to Cheyenne.

The tank and apparatus for experimenting with the new water compound have been placed in position and the experiments will be commenced in a few days.

Two trainloads of soldiers enroute to the Philippines passed west Wednesday afternoon. These troops were recruited at Fort Sheridan, near Chicago, and were husky looking boys.

Word received from Ed Weeks, who is working in the Union Pacific shops at Omaha, states that he met with an accident a few days ago which has temporarily badly disfigured his face.

Trains from the west are several hours late today, and some fears are expressed of a blockade in the section in which trains were held up the early part of the week. The rotary snow plow is at work on the Third district today.

A car of whiskey on the Second section of train No. 19 caught fire near Vroman Tuesday, and for a while matters were very interesting. The flames were extinguished before much damage ensued.

A gang of Austrians and a few Italians came in from the east Wednesday. They will outfit here, take possession of the cars and be sent to Julesburg in time to begin work at ballasting. A gang of Italians from Chicago will reach here today, and they, too, will outfit here and be sent to Sidney to begin work on April 1st. In addition to these, two gangs of American laborers will also be put to work on the Third and Fourth district.

Fred Etchernacht, of Shelton, Neb., a soldier returning from the Philippines was taken from a train at Cheyenne Wednesday and sent to the hospital. He is suffering from dysentery and will probably die. His father, who went to Manila for his son, went to Shelton and got the mother to go and see the boy before he dies.

Put Rooster's Vocal Chords. Heroic measures were taken by long-suffering residents of New Brunswick, N. J., to put an end to annoyances caused by the persistent crowing of a pet rooster. The bird is owned by a chicken fancier, who trained his favorite voice until its crow became shrill in the extreme. One night last week some of the neighboring sufferers got hold of the rooster and cut its vocal chords. Now it flaps its wings and goes through the motions of crowing, but no sound escapes. The chicken fancier has his eye on a surgeon who lives close by as the only neighbor who knew enough to do the job.

Pension Money Goes South. A little more than one-eighth of the amount annually expended for pensions goes to the south. Of early 1,000,000 pensioners of the Civil war 179,553 were residents last year of the fifteen southern states, including Maryland and Missouri.
