AGUINALDO has expressed a desire to visit this country—if it is agreeable to the officials. It is needless to say he will be welcome, and what he would hear and see in this country would undoubtedly be of great advantage to him.

WHILE in Kansas City, enroute to Old Mexico, D. E. Thompson, in the course of an interview, gave it as his opinion that there would not be any split in the republican party in Nebraska as a result of the recent senatorial election or of the disposition of the federal patronage.

THE unfortunate event which transpired in this city Tuesday has created a strong sentiment against gambling among a class of people who heretofore have been indifferent to the vice. It is safe to predict that from this time on gambling can only be carried on in North Platte in extreme secrecy.

MRS. CARRIE NATION and three of her women co-workers are now in jail in Wichita in default of bonds of \$500 each, to appear at the May term of court on the charge of saloon smashing. It begins to look as though Mrs. Nation has about run her limit with her fad, and is losing the sympathy of the public.

THE steamer Northwestern left Chicago Wednesday with a cargo for European ports. The route is around the lakes to Buffalo, thence up Lake Ontario and the St. Lawrence to Montreal and across the Atlantic. If this trip proves successful other European cargoes will be shipped by the route and Chicago will become an "ocean port."

WHILE in Washington Senator Dietrich made a request for the removal of J. W. Johnson from the land office at Lincoln. Johnson was one of the leaders in the fight against D. E. Thompson, and it is probably at the instigation of the latter that Johnson's removal is asked. However, federal officers are not removed until their commissions expire unless misconduct is charged, and it is likely Johnson will remain until his four years expire.

THE state superintendent's report shows that Nebraska is spending \$5,073,147.61 on the public school of the state, or rather spent that much last year. The number of teachers employed is 9,563, of which 2,062 are males and 7,401 are females. A total of \$2,624,712.90 was paid in wages. The average monthly wages paid males was \$46.26, females \$36.90. There are 6,733 school houses, of which 6,760 are frame, 312 brick, 42 stone, 112 log, 505 sod.

THERE does not seem to be any need for worrying on the part of the little Americans as to the future of the Philippines. The policy of the administration has been to first secure order, then prepare the Filipinos for self-government, and then give them an opportunity to set up in business for themselves. The ultimate end in the Philippines is doubtless to be the same in the Philippines as in Cuba, and the end has been delayed only by the stupidity of Aguinaldo and his tribe of "insurrectos."—Kearney Hub.

It was thought the newly created supreme court commission would be able to assist the court and clear up the corpulent docket of that tribunal. Now it is given out that the prospect of an early hearing will be the incentive to a flood of new litigation which would not otherwise be started. If this is the case the appointment of the commission will not be an unmixed blessing. There is already too much litigation for everybody except the lawyers.—Bee.

WHEN a lovely woman stops to figure in social economics, she can be generous indeed with the finances of the nation and its capitalists. The progressive matron of Chicago who has just assured her hearers at the club that \$30 per day would be the proper and uniform wage of labor were things divided as they should be, has a surprise in store for the moment when she puts her proposition on a slate and does a little sum in totals. Roughly and roundly speaking, the working population of the United States is 25,000,000. At \$30 per day these toilers would earn \$750,000,000 every twenty-four hours. The money of all kinds in circulation in this country on the 1st of last October amounted to \$2,113,294,983. This would carry the pay rolls at the rates just quoted for not quite three days. The process of continuing the payment of laborers by joint stock and mortgage methods after the ready money was exhausted would be interesting to all but the soulless corporations. It can hardly be believed that the Chicago woman's proposition forms a key to the problem of the age.—New York World.

THE fourteen-months-old child of George Rice, southwest of Omaha, fell with its face on the open points of a pair of scissors. The blades penetrated the brain, between the eyes, killing the child instantly.

A special train left Rushville Wednesday carrying 150 Ogalala Indians, 150 ponies and a great amount of baggage. They were bound for the Buffalo exposition.

The first nine of the souvenir badge bricks issued by the Omaha auditorium sold for \$2.50.

The first lot of California cherries to reach Omaha a few days ago sold at once at a dollar a pound.

The anti-saloon league at York has about winked out, for the reason that the town has no saloons for it to work on.

Thayer county will vote again May 11 on the proposition to issue \$50,000 bonds for a new court house.

Carl Kramer has been endorsed by the powers for a third term as postmaster at Columbus. He's a happy man.

South Omaha's schools will have a plethoric treasury this year, since the saloon licenses have been raised from \$500 to \$1,000.

Bob Hodopp, of Humboldt, was laid up with erysipelas. His neighbors turned out and put in forty acres of oats for him.

An Omaha sneak thief stole Dr. Ralph's smallpox suit from his buggy. The fellow will probably break out if he gets into jail.

Gus Lindstrom, a well-to-do farmer, living near York, committed suicide by shooting himself in bed in the presence of his wife.

Omaha contractors and builders have just formed an association for the purpose of affecting an agreement to quit cutting each other's throats.

CATARH

Catarh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eight bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarh."

S. S. S. is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics. If you have Catarh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case. THE SWIFT SPECIFIC CO., ATLANTA, GA.

The next annual meeting of the Grand Commandery of Nebraska Knights Templar will be held at Omaha, so decided at the meeting held the past week at York.

The hat is being passed for the purpose of taking up contributions to pay the debt of the populist state central committee. This is like paying for a dead mule, sure enough.

The fourteen-months-old child of George Rice, southwest of Omaha, fell with its face on the open points of a pair of scissors. The blades penetrated the brain, between the eyes, killing the child instantly.

A Raging, Roaring Flood Washed down a telegraph line which Chas. C. Ellis, of Liebon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery, and was wholly cured by six bottles. Positively guaranteed for Croup, Colds and all Throat and Lung troubles by A. F. Streitz. Price 50c and \$1.00.
