Clinton THE JEWELER.

The Semi-Weekly Tribune.

TUESDAY, APRIL 30, 1901.

Mr. and Mrs. O. W. Neale of Sutherland spent Sunday with North Platte relatives.

Carbin Gunnell was down from Paxton yesterday transacting business and meeting old time friends.

Mrs. Jas. B. Page arrived from North East, Pa., Sunday morning and is the guest of her niece, Mrs. I. L. Bare.

Daac Brown left last evening for Rawlins, Wyo., where he will endeavor to secure employment with the Union Pacific.

The K. P. lodge held a special meeting Saturday evening and after initiating a candidate served ice cream and cake.

The Order of Eastern Star held an election of officers for the ensuing term last week, and elected Mrs. W. J. Stuart worthy Matron.

The saloons were closed airtight all day Sunday and window shades thrown up. Notice was also served that gambling would be strictly prohibited at all times.

Fred Weingand who, with his wife, had been spending several days in Omaha, returned yesterday. Mrs. Weingand will visit in Lincoln before returning home.

The Twentieth Century Steam Laundry of Grand Island, owned and operated by T. M. Hainline and son Walker formerly of this city, delivered their first orders last Saturday. The laundry is said to be up to date in all respects.

Frank Bacon, receiver of the local land office, yesterday purchased of the Curtis estate sixteen hundred acres of land in the east part of this county and adjoining Dawson county. This purchase gives Mr. Bacon a ranch of about 3,000 acres which he will soon stock with cattle.

The printer with the Syracuse hair, who accepted a position in this office last week, looked upon the wine when it was red last night and today is probably peacefully sleeping off a jagged jag, much to the inconvenience of this busy printing establishment. One man short on press day causes the publisher to cuss, if he is addicted to the use of language more emphatic than elegant.

W. H. Wafer, of Maxwell, is transacting business in town.

Mrs. Jas. Moran went to Omaha last night to attend the funeral of her brother-in-law.

H. S. White went to Lexington this morning and from there will go to his ranch near Overton.

Attorney Beeler went to Maxwell this morning and will thence drive to Curtis to take evidence in a land contest case.

Wray Stuart came down from Ogalalla Friday and took back with him a small printing outfit which he owned.

Minister Conger, enroute from Peking, China, to his home in Des Moines, will pass through the city on train No. 4 tonight.

Mrs. Col. Owens went to St. Anthony, Mo., Friday night, having been called there by the sudden death of her brother.

Mrs. F. H. Thompson and Mrs. W. S. Dolson spent Sunday and Monday visiting friends in Lodge Pole.

Misses Anna and Hattie Von Goetz went to Lebanon, Kansas, Sunday night to spend a week with their sister Mrs. Chas. B. Winegar.

For the convenience of all who cannot remain until a stated hour, lunch will be served during the entire afternoon at the Lutheran Aid Society meeting, Thursday, at the residence of Mrs. John Sorenson. The men have been invited to come for supper and a large attendance is anticipated.

Dr. H. E. McCaw arrived in the city last night and will permanently locate. The Doctor is known to many of our citizens, having been located here for a brief time several years ago. We extend a welcome to the Doctor and predict that he will soon build up a lucrative practice.

Rev. Mr. Beecher leaves tomorrow night for the Snake River valley where he will hold a mission from May 5th to 12th. Next Sunday Bishop Graves will hold services here and the following Sunday Rev. W. S. Atmore, of Kearney, arch-deacon of the jurisdiction will conduct the services.

Jake Miller is down from Garfield today and says the farmers are busy as nailers. All seed wheat that could be obtained was put in, and every available acre of broken ground will be planted to corn. The farmers find the ground in excellent condition and feel encouraged to put out a large acreage of corn, some of which has already been planted.

Beginning tomorrow all the business firms which signed the early closing agreement, will close at seven o'clock in the evening, except Saturday evenings and on pay day evenings. A few weeks will demonstrate whether the action will be detrimental to the business interests of the city, which is affirmed by quite a number of men engaged in business outside of the general merchandise lines, and denied by those who desire to close at the hour named.

Railroad Notes.

Dispatcher H. E. Cox spent Saturday in Omaha.

Supt. Baxter, of the Nebraska division, has been spending today in town.

Conductor Bob McCasland, of the Second district was called to Oklahoma Sunday by the illness of his father.

Leo Smiddy spent Sunday in town visiting acquaintances while enroute to Julesburg where he will be night operator.

About twenty-five cars of fruit and vegetables are being iced in transit at this point at present. Early next month the shipment of cherries will begin and the business will be considerable augmented.

The two steel gangs here completed their work on the middle district and will be sent to the western district tomorrow. The eastern and middle districts are now practically all laid with eighty pound steel.

The passenger engineers on the Fourth district are making mighty smooth runs these days. On several occasions lately the 102 miles have been covered in eighty-five minutes, and the man who can't make the run in ninety-five minutes is accounted a slow one.

President C. E. Perkins of the Burlington system has printed a letter in which he states that the purchase of the Burlington by the Great Northern will have no material effect on the management or official manipulation of the road. He further states that the name of the road will not be changed in any way and that the business will be carried on in the same manner.

The transfer of Division Foreman McKeen to Cheyenne is regretted universally by employes of the road and shops and by citizens generally. He has proven a popular foreman, an excellent citizen, a promoter of athletic sports, and has at all times shown a disposition to aid the business interests of the city wherever and whenever possible. In social circles Mr. and Mrs. McKeen will be greatly missed. We are certain that the worthy couple will take with them the good and kindly wishes of every acquaintance in the city.

The many friends of Mrs. F. C. Letts will regret to know that she has decided to accept the management of the Pacific Hotel at Sterling and will leave in a few days for that place. The hotel there is one of the best controlled by Mr. Markell, and as he was anxious to have a capable manager, he requested Mrs. Letts to take the house, which she has consented to do. In addition to the Sterling hotel, Mrs. Letts will have general supervision over two other hotels operated by Markell, which is further evidence that her capabilities are fully appreciated. Traveling men and day boarders will regret to have Mrs. Letts leave the hotel here, as they were exceptionally well pleased with her way of conducting the house.

Clyde Opelt will succeed Mrs. F. C. Letts as manager of the Pacific Hotel in this city, a position which he formerly held. Mr. and Mrs. Opelt's return to North Platte will be gladly welcomed by many acquaintances.

S. W. Warnock, of Maxwell, has been spending a few days in town as the guest of his daughter, Mrs. J. W. Drake.

Mrs. A. J. Frazier and Miss Maggie Frazier were visitors in Omaha Saturday.

Y. M. C. A. NOTES.

The meeting in the M. E. church under the auspices of the Y. M. C. A. last Sunday was well attended, and the address by A. F. Parsons was a fine one. Many of our young men have expressed themselves to us as having been helped by hearing it. The choir sang two selections nicely and assisted greatly with the congregational singing.

We are planning to make the rooms pleasant and cool this summer.

The croquet table is drawing the young men every evening and is much enjoyed.

Mrs. W. T. Banks visited the rooms yesterday and had a talk with the secretary. The boys may expect something to happen soon. Mrs. Banks is president of the ladies' auxiliary and she has her head and heart full of plans for the good of young men.

Think of it, less than one cent a day makes one a member of this splendid organization.

The Board of Education held a meeting last evening and decided to close the city schools on the 31st day of May.

The North Platte teachers attending the W. N. E. A. at Sidney returned Saturday night and report a very interesting and profitable meeting.

During a recent day enough west bound freight passed through North Platte to have made fourteen trains, if rated at standard engine tonnage rating. That was an unusual volume of business for this time of the year.

A branch of the Nebraska Children's Home Society, was organized in the city Sunday afternoon, Rev. Quivy and Miss Irma Allen being present. The officers of the society are A. F. Parsons, president; Mrs. J. D. Puls, vice-president; A. P. Kelly, secretary, and Mrs. W. J. Crusen, treasurer. The society is doing excellent work in the state, and it is a commendable move to perfect a local branch in North Platte.

Increase Alfalfa Acreage.

Parties in a position to know say that at least fifteen thousand acres will be sown to alfalfa in Dawson county the present spring. The most of it is now in the ground and the balance will be within the next two weeks. Alfalfa, corn, cattle and hogs are the four prosperity makers that the farmers of Dawson county are now seriously turning their attention to and the greatest of all is the great forage plant, alfalfa.—Lexington Pioneer.

New Use for Traction Engine.

A. R. Merritt is making use of his traction steam engine to plow his land upon his ranch six miles north of Lexington. He has two 14-inch gang plows attached, which of course make four furrows at one time. Behind the plows is a large harrow, and behind the harrow a large roller, all drawn at one and the same time by the engine, so that when the ground is once gone over it is ready for the seed. The engine is of 16-horse power, and 12 acres is a day's work.—Lexington Pioneer.

The members of Two Rivers Lodge, D. of H., will meet at K. P. Hall for practice Thursday afternoon, May 2nd, at 2 o'clock sharp.

Early Limitations of Gold Fields.

Before the discovery of gold in California and Australia the world's supply of the precious metal was limited, production being restricted practically to small operations in the Ural mountains and in our Appalachian chain.
