LADIES' AND MEN'S MODELS

Clinton THE JEWELER,

The Semi-Weekly Tribune.

TUESDAY, MAY 7, 1901.

Frank Bacon came in from the east this morning.

S. K. Ross and family expect to leave for Rawlins, Wyo., tomorrow.

"Dad" Harrow, the baker, who had been working at Hastings, has returned to town.

C. P. Scharmann has been transacting business in the east part of the state for a day or two past.

Mike Cronin, son of Mr. and Mrs. Jerry Cronin of the Third ward, is very low with consumption.

Mrs. Fred Weingand, who has been visiting in Omaha and Lincoln for the past ten days, is expected home tonight.

M. A. Brown, editor of the Kearney Hub, spent a few hours in town last evening and made this office a pleasant call.

The contracting agent of a dog and pony show was in town Saturday making arrangements for its appearance here in the near future.

WANTED—A girl for general housework. Inquire of

Mrs. FRED MARTI.

Bishop Graves occupied the pulpit at the Episcopal church Sunday morning and evening. Next Sunday Archdeacon Atmore is expected to be present.

Mrs. Simpson, Mrs. Robinson, Mrs. Woodry and one or two others whose names we failed to learn, left last night for Plattsmouth to attend the state meeting of the Woman's Relief Corps.

W. H. Combs, who is down from Myrtle today, says the early planted corn is now up, and that the ground was never in better condition. A heavy rain visited that section Saturday afternoon and evening.

A "Breezy Time" was presented at the opera house last evening to a large audience and the comical situations and witty sayings brought forth much laughter. There was some fair singing and lots of good dancing.

Spalding's Mitts and Gloves for 10c, 25c, 50c, 75c, \$1.00, 1.50, 2.00, 2.50, 3.00, and 3.50 at Doolittle's.

Ida Foster aged twenty-two, died Sunday afternoon from convulsions due to kidney trouble. She was seized with the first convulsion Saturday evening about eight o'clock and expired at 3:30 the following afternoon, not regaining consciousness after the first attack. The funeral was held this afternoon.

Smoked and Salted

fish and meats of the "good-to-eat" kind are always to be found at Harrington & Tobin's. They're good to start with, better when cured and packed as we buy them. The hams, bacon, mackerel, herring, codfish, canned salmon and sausage, you can get here of the A1 class—no "seconds" find a place on our counters or shelves. A trial order placed with us will please you beyond the peradventure of a doubt.

Harrington & Tobin.

Charley Kuhns and Will Dolan of Maxwell are transacting business in town today.

Mrs. M. J. Cronin, of Grand Island, who had been the guest of relatives in town returned home this morning.

Wm. Mills has leased the White Elephant stable in the east part of town and will, we understand, conduct a livery and sale stable.

W. P. McGlone has contracted for advertising space in these columns in which to give publicity to the prices which he is asking for good goods in the grocery line.

Always something new and attractive at Doolittle's. Watch for reading notices next week.

Mr. and Mrs. G. L. Carter went to Lincoln Monday where they will remain for a week or so. Mr. Carter, who is one of the deputy game wardens, will attend a meeting of the wardens.

Stoves stored. Gasoline stoves repaired and enameled. Good second hand gasoline stoves for sale cheap. Western Stove Repair Works, two doors east of First National Bank.

The Mutual Building and Loan Association has for sale lots 5 and 6, block 6, Peniston's addition. Residence and barn. This is a good opportunity to get a home cheap. See T. C. Patterson or S. Goetze.

Doolittle is agent for the Monarch Bicycle. Don't purchase a wheel till you have thoroughly examined the good points of the Monarch.

The Commercial Club last evening appointed Messrs. Warner, Vollmer, Graves, Field and Bare a committee to confer with the railroad orders relative to tendering a banquet to W. R. McKeen, Jr., at a time most suitable to that gentleman.

Why don't you subscribe for a Chicago paper with Doolittle and get some of those beautiful art pictures or music free?

Chicago forecast for North Platte and vicinity: Fair tonight and Wednesday. Frost tonight. Warner Wednesday. The maximum temperature yesterday was 66; one year ago it was 68. The minimum temperature this morning was 36; one year ago it was 54.

We are paying twenty cents a pound this week for choice country butter.

W. F. McGlone.

W. R. McKeen, Jr., passed through to the Wyoming division last night. Mrs. McKeen will go to Cheyenne this week for the purpose of selecting a house in which to live, and soon thereafter Mr. and Mrs. McKeen will take up their permanent residence in that city.

There is a present scarcity of choice country butter in the local market and grocers are now offering twenty cents per pound for a prime article. Farmers who have been marketing good butter at some of the smaller towns and receiving but 12 cents per pound, can well afford to bring it to North Platte at the present prices offered.

Buy the Jensen Ranch.

W. M. Baskin, the well known meat market man, has purchased the Jensen Bros. cattle ranch three miles west of Gandy for a consideration of fifty-five thousand dollars. In the purchase is included 2,100 acres of deeded land, 975 head of cattle and about 150 head of horses. This ranch is conceded to be one of the finest properties in western Nebraska, and Mr. Baskin is to be congratulated upon having secured it, and there is no question but that the property will prove a money maker for him.

Mr. and Mrs. Baskin and O. H. P. Buchanan left for the ranch today, where Mr. Baskin will check up the stock and have the property turned over to him. He will return in a week and make preparations to wind up his business affairs in town and locate permanently on the ranch. He will sell his market as soon as possible. We much regret to lose Mr. and Mrs. Baskin as citizens; they are popular people and the best wishes of all our people will accompany them to their new home.

Alumni Meeting.

The High School Alumni Association met at the county superintendent's office last evening and elected the following officers for the ensuing year: President, Chas. Hendy, Jr.; vice-president, Fred Elliott; secretary, Miss Ruth Patterson; treasurer, Miss Ida Von Goetz.

It was decided to tender the graduating class a banquet some evening during the week following commencement, and a committee to arrange for it will be appointed today.

A communication from the board of education was received in which it was stated that the board will assume all the expenses of the commencement exercises, and that the Alumni Association will be donated the receipts coming from the exercises, the money thus received to be applied to the piano fund, which has already reached the sum of two hundred and fifty dollars. It is the intention to buy an instrument costing three hundred and fifty dollars. The money so far raised has come principally from donations by members of the association. It is thought that the remaining one hundred dollars can be obtained within the next few weeks.

Y. M. C. A. NOTES.

Judge Hoagland addressed a fine body of young men in the rooms last Sunday. His address was uplifting, and we believe men were made better by attending that meeting. The Lutheran choir greatly assisted with the music.

Mayor Walker will have charge of the men's meeting next Sunday. A new member has been booked for every day this month and more are in sight. Come fellows and join now, you can do so with a dollar. Help make the association \$50 by June 1st.

The ladies' aid of the Presbyterian church added \$6.25 to the treasury of the Y. M. C. A. yesterday which is highly appreciated.

To engineers and firemen! We have in our library some good books that would be helpful to men of your class. Ask the secretary for them.

All members of the ladies' auxiliary have free use of the library. Tickets will be given to members in the near future.

Buy a Rennie Residence

Arthur B. Hoagland this morning closed a deal whereby he becomes the owner of the Rennie residence in the southwest part of the city. The consideration is understood to have been two thousand dollars, and at that price it is considered cheap property.

The acquirement of this residence renews the rumor that Mr. Hoagland will soon join the benedictine ranks, and we can't help but wish that the rumor is true. The only thing on which the young man is short is a queen of home.

Will Lay New Mains.

In order to better serve its patrons, the North Platte Water Co. will in the near future replace the two inch mains with those of four inch dimensions. The mains to be taken up and replaced are those on west Fourth street, south Locust street and west Eighth street, and the total length of the new mains will be in the neighborhood of three miles. The large number of new houses which are being built in the southern and western portions of the city has made it necessary to increase the size of the mains, and the enlargement also means better service for the consumers. Supt. Cunningham says the work of relaying the mains will begin in about six weeks.

Ed. Murphy who is up from Brady today says that work on the telephone line between that place and this city is progressing rapidly and that the line will be completed as far as Maxwell in a day or two. It will take a week or two to run from Maxwell to North Platte.

Railroad Notes.

Supt. Baxter came up from Omaha Sunday and remained over night.

The sidetrack track at Shelton is being extended thirteen hundred feet.

Chas. Bogue is in Milwaukee as a delegate to the B. of R. L. convention which opens its sessions tomorrow and will devote two weeks considering matters pertaining to the order.

During his stay in the city Sunday W. R. McKeen, Jr., was presented with a copy of resolutions passed by the several railroad orders. These resolutions expressed regret at the removal of Mr. McKeen from the city, congratulated him upon his promotion and speaking in very complimentary terms of the relations which existed between himself and the men under him during his service here. Mr. McKeen was well pleased with this evidence of good-will on the part of the employees.

Board of Education Meeting.

The board of education held a meeting last evening and the newly elected members, Messrs. Workman and Cary took their seats in the election of officers, with five members of the board present, John Sorenson for president received three votes, and for secretary N. E. Workman received the same number. Chas. E. Barber was re-elected superintendent of the schools. The selection of teachers will be made at a meeting to be held next Monday evening.

Notwithstanding the many difficulties under which the schools were placed the past year by reason of the new building, the work has progressed in a very satisfactory manner. This is evidence of the competency of the superintendent and the corps of teachers under him, and it is likely that at the meeting next Monday evening very little weeding out of teachers will occur.

For Rent.

Eight room house and two lots; bars and necessary out buildings. Plenty of shade trees. Inquire of W. T. WILCOX.

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will loiter in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

SSS Nature's Antidote FOR Nature's Poisons.

is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, washes and soaps—they never cure. Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulphur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidence of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Tunnel Under Royal Palace.
Within a few weeks the tunnel under the royal palace of the quirinal at Rome will be completed. It will place the older part of the eternal city in direct and level communication with that new quarter of Rome erected since 1870 beyond the quirinal. It is to be brilliantly lighted by electricity and will be carefully watched by the police, who are in dread lest it might serve some anarchist plot to blow up the palace above.

Order of the Crown.
As a mark of appreciation of the conclusion of the commercial agreement between the United States and Germany the emperor has conferred upon the ambassador to the United States, Dr. Von Holleben, the Order of the Crown; upon Herr Koerner of the foreign office the Order of the Red Eagle, and upon Herr Herman, who is attached to the embassy at Washington, the Order of the Red Eagle of the fourth class.

Paris is a Clean City.
Paris is said to be the cleanest city in the world. Every morning 2,000 male and 600 female scavengers, divided into 149 brigades, turn out to perform the toilet of the capital. The men work from 4 in the morning till 4 in the evening, less two hours off for meals, or ten hours a day. The women are engaged in the morning only.

Hope for Bald-Headed Men.
Hope has dawned for bald-headed men! Timothy J. Mulcahy, an engineer in a Cleveland tannery, has been bald for years. Suddenly a little furze began to sprout on his head, and a few weeks later his cranium was covered with a thick but short growth of hair. A doctor investigated the matter, and learned that he had been working under a revolving belt. His hair had been sprouted by electricity.

Walking Tour Across Continent.
Max Lilligheim and Max Eichenheimer, two students from Heidelberg, the noted German university, arrived in New York recently and have now started on a walking tour across the continent. They wear khaki costume and will help pay their expenses by delivering occasional lectures.

Copper from Governor's Coffin.
John B. Cleveland of Spartansburg, S. C., has offered to present to South Carolina a memorial tablet, to which is affixed a plate of copper taken from the coffin of James Glenn of Longcroft, Scotland, who lies buried in the ancient churchyard near Linnithgow castle. Mr. Glenn was governor of South Carolina from 1738 to 1755.
