When You Buy Paint Buy Good Paint....

And that means **SHERWIN & WILLIAMS' PAINT.** We have been handling this make for many years and have found that it gives excellent satisfaction in every instance. It may cost a trifle more per gallon than inferior paints, but it's cheapest in the end. It sticks and holds its color longer than other paint.

We can furnish you any color or quantity.

A. F. Streitz, Druggist.

North Platte Flour

Manufactured by **North Platte Roller Mills**

Used by economical housewives in fifty towns in Nebraska and Wyoming and pronounced the equal of any flour manufactured in Nebraska.

A Trial Sack will Convince you of its Merit

Kearney vs. North Platte.

The base ball season will be opened next Thursday afternoon when the team from Kearney will test the strength of the local Union Pacifics at athletic park in this city. Both teams begin the season in fine form and the game will be a snappy one from start to finish. It is understood that Hofmeister will occupy the box for Kearney. In the game at Grand Island Sunday between the team of that city and the Hanover, (Kas.) team, Hofmeister struck out thirteen men. This is evidence that he is a pretty smooth man. The Union Pacifics, however, will go into the game with a determination to win, and excellent work may be expected of them.

At this opening game there should be a large attendance in order that the season may be started in a manner encouraging to the players.

To Arrange for 4th of July.

A movement for a proper Fourth of July celebration was set on foot Saturday when a committee consisting of fourteen was appointed, seven members of which come from the G. A. R. post and seven from citizens at large.

The committee appointed by the G. A. R. post consists of T. C. Patterson, J. E. Evans, Thos. Bateman, Geo. Donehower, G. W. Russell, J. W. Voodry and John Sawyer.

The committee selected by the citizens at large is composed of L. Walker, R. L. Graves, E. B. Warner, Sam Richards, M. C. Harrington, P. H. Sullivan and W. H. Hamilton.

It was suggested that the celebration be under the auspices of the G. A. R. post, but the members thought it best to have a citizen's committee join with them.

These two committees are subject to the call of Mayor Walker, who will get them together shortly and at the first meeting sub-committees will be appointed and the preliminary arrangements for the celebration will be made.

BETWEEN THE RIVERS.

Miss Annie Schwaiger, who taught in the Hershey school the past year, has been retained by the directors for the coming year. She is a very efficient teacher and her worth was fully appreciated by the board. Miss Jessie Vroman, who also taught in the school, was not an applicant for re-election, and Miss Bessie Eshelman was elected in her stead. Miss Eshelman is at this time attending the Fremont normal school.

O. W. Rich, of Maxwell, will close a term of school at Nichols on Thursday next with the usual exercises. The term has been a very satisfactory one to the pupils and patrons.

The Nichols creamery is at this time receiving about seventeen hundred pounds of milk daily.

A number of farmers are cultivating corn at this time.

Mr. and Mrs. D. B. White were tendered a surprise party by a number of their friends and neighbors on Wednesday evening of last week. The time was passed in a manner that proved very pleasant to the guests, and equally so to the host and hostess.

Seeberger & Co. are shipping an average of one carload of hogs per week to the western markets, principally Cheyenne.

J. B. Toillion Jr., and wife and D. M. Leypoldt, J. M. Dwyer, D. B. White and E. F. Seeberger were among the valleyites who visited North Platte Saturday.

We understand that the members of the North Platte M. E. circuit which includes Hershey and several other points are talking of purchasing a residence in that city for their pastor. It would be a good scheme to do so.

Frank Eshleman who attends to the wants of customers in Michel's store at Hershey made a trip to North Platte and back upon his "bike" on Friday of last week.

Miss Gertrude Smith of Hershey visited friends at the county seat for several days lately.

Will Dymond went down to Kearney last week by team after his aged parents who have resided there for some time but expect to reside with him in the future. His mother came up on the train last week but his father is returning with him by team with their household effects and three or four cows. They expect to arrive at Mr. Dymond's home about Wednesday or Thursday of this week.

C. C. Wetzel has accepted a position as foreman of a section crew on the Wyoming division of the U. P. near Laramie. He left for there several days ago. His family will remain on their farm near Hershey until fall when they will follow him. Many friends will regret their departure. Will Haist will look after his crops for the balance of the season.

H. H. Hollingsworth who had charge of a section crew near Cheyenne for a time has returned to Hershey, and was at North Platte on business Saturday.

G. E. Turner and Miss Bertha Pearson will close their second years school with appropriate exercises on Friday of this week at O'Fallon. They have given good satisfaction during the time that they have been employed there.

A series of club dances have lately been perfected by a certain clique at the Nichols school house. The first performance will take place on Saturday evening of this week. This movement is bitterly opposed by a large number of those residing in the district but who can not help themselves, as the board of directors have it all to say. The district paid out about \$2,000 for the building and now to take up the seats and turn it into a dancing hall without damaging it more or less is all "bosh". Trouble will ensue and old time friends will be enemies out of this transaction.

The Logan county teachers' institute will be held at Gandy beginning June 3d and continuing two weeks. Miss Jessie Robb of Omaha will be the principal instructor.

HOW DO YOU LIKE IT?

The effort to have you pull our competitors' chestnuts from the fire and being charged by them for the privilege. Compare these prices with those in your pass book. We save you money.

NEIGHBORHOOD NEWS.

Berryman and Disbow, two Knox county farmers, have lawed about \$100 worth of hogs until the court costs have amounted to \$250. The case is still on docket.

Eleven quarter sections of Thayer county land was sold at a public auction Friday, to settle up the estate of J. J. Piggott. The land brought \$55,000.

W. D. Watkins, on trial at Sidney for stealing and killing a steer belonging to the Kara cattle company, was acquitted by the jury last Thursday. This was the second trial of the case, the jury disagreeing in the first trial.

A Lewellen correspondent of the Ogalalla Argus says the cattlemen of that section are dissatisfied with the treatment accorded them by the Union Pacific and that they will hereafter drive their cattle north and ship east over the B. & M.

Senator J. H. Millard has opened political offices in the Millard hotel building (ground floor) where he will be pleased to meet his friends. The scramble for place is said to be quite active and many small delegations are moving toward senatorial headquarters.

A woman in Norfolk took three shots at her husband with a revolver because he engaged in a conversation with one of the neighboring women and refused to tell his wife what they were talking about. One of the shots took effect in the barn, another struck the tower of a wind mill and the third has not been located. The husband was uninjured.

A horse trader wandered into Fremont the other day, leading an old scare-crow horse that didn't seem to have ambition enough to eat oats. He found no trouble in matching the stack of bones against the best running horse in the city for a race. The old plug hobbled along until the quarter stretch was reached and then he lined out, passing his highly groomed competitor and ducked under the wire as easy widders.

Henry Bartling who lives on a ranch north of Sidney, was arrested last week on the charge of stealing cattle from the Bullock ranch in Logan county, Colorado. He was taken to Sterling and gave bonds for his appearance at the July term of district court.

Farm hands are wanted bad enough in Dakota county and some farmers are offering the following inducements: "Will give \$1 a day, three meals and a custard pie and milk lunch at bed time, feather beds, Sunday off and permission to kiss the hired girl," that is if not objectionable to the girl.

Two years ago our friend, M. C. Harrington of North Platte, wrote a letter after consulting Billy Bryan, and declared that there would be "no more fusion after 1900." Last year Billy said: "This is the last year of fusion." At that time Billy probably believed all the democrats would be safely housed in the top tent and there would be nothing to fuse. But those things haven't happened, therefore, Billy is again in favor of the democrats helping the pops into soft jobs. Billy is an unreliable prophet.—Kearney Democrat.

In Chicago it is positively stated that John D. Rockefeller, acting with E. H. Harriman, has made plans for the formation of a through transcontinental line from New York to San Francisco under one management. It will be composed of the Delaware, Lackawanna & Western, the Wabash, the Missouri Pacific, the Denver & Rio Grande, the Rio Grande Western, the Central Pacific and the Southern Pacific.

All these roads will work in close conjunction and will act as feeders for the Atlantic & Pacific Air Line, as the Rockefeller transcontinental road will probably be known. It will be the shortest road across the continent by many miles and the pleasantest route, because it goes through temperate climates from ocean to ocean. It is said the object is to reduce the time between New York and San Francisco by twelve or fourteen hours.
