Attorney Wilcox went to Sidney on legal business this morning.

Mrs. Will Jeffers and Albert Schatz left Sunday morning for a visit with relatives in Salt Lake.

John Dwyer, late of the Union Pacific shops, will remove to Chicago as soon as he finishes settling up his mother's estate.

Sol Solomonson severed his connection with The Leader Saturday evening. He has several offers from local merchants, but has not yet decided whether he will remain in town.

It is said that "Crazy Jim" who was taken to the Norfolk asylum last week is likely to be returned to this county. The authorities there seem to think that Jim is a more fit subject for a poor house than for an insane asylum.

Mr. and Mrs. Noomaw of Council Bluffs and Mr. Noomaw of California, father, mother, and brother of the late Mrs. E. H. Smith, are here to attend the funeral of the latter, as are also Mr. and Mrs. Smith of Columbus.

O. B. S. Orr, a brother of J. C. Orr and son-in-law of Dr. McCaw, arrived from South Sioux City the latter part of the week and with his family will reside on the Osgood ranch and care for the cattle which have been placed there by Dr. McCaw and C. F. Scharmann.

Doolittle desires to establish a reputation for keeping the best goods at reasonable prices. We have lead pencils for two for a penny, if you must have them, we have hammocks at 75 cents and croquet for 70 cents if you wish them, but they add nothing to our reputation for keeping good goods. When you want the best in their line, remember that Doolittle has it.

The state auditor has sent to the county clerk the assessed valuation of railroad property in the county. The figures are as follows: Western Union Telegraph Co., \$7,941.40; Pullman Car Co., \$6,331; Nebraska & Colorado R. R., \$161,218.50; Union Pacific R. R. Co., \$574,476.00. This assessed value is just about the same as last year.

The ladies' aid society of the Presbyterian church will meet with Mrs. Frank Tracy on Thursday, June 13th, at the usual time.

Louise M. Bock, state commander of the Ladies of the Macabees, is spending this week here giving the local lodge instructions in the ritualistic work, and renewing acquaintance with friends.

W. W. Birge, who recently wrote Prof. Bruner of the state university asking him to come here and talk to the farmers on the grasshopper subject, received a reply today in which the Professor announces his willingness to come. Arrangements will therefore be made for him and the date of his visit will be announced in the county papers. This is a subject of much importance, and farmers and others should certainly take sufficient interest to attend the meeting and hear the suggestions Prof. Bruner may make. Watch for the date of the meeting.

What am I going to do during vacation? Well, I will tell you some things I am going to do. I am going to buy one of those comfortable hammocks at Doolittle's; then I am going to swing in it in the shade and read one of the late Books, also bought at Doolittle's, then towards evening when it gets cooler, play Croquet which also comes from Doolittle's, or Tennis, with a Racket bought at Doolittle's, and when it gets too dark to see, go back and swing in the hammock with-well-you know who, while he plays the Mandolin and I accompany him on the Guitar, both instruments bought from Doolittle. Well, now I think of it, Doolittle carries nearly everything to make the summer pass pleasantly. Guess I'll stay at home this summer and write my friends to come and see me.

A congregational meeting of the Presbyterian church was held last night at which Rev. Hills of Lexington presided as moderator. The matter up for consideration was the dissolving of the pastoral relations of Rev. Verner. This matter, however, was for an hour or two laid on the shelf while the probable authorship of an anonymous letter written several years ago to the pastor was taken up and discussed with considerable fervor. It was charged that one of the elders of the church was the author, but the elder stoutly maintained before man and God his innocence, and in the discussion a good many things were said that would have sounded much better at a trial in court rather than in a church where christian spirit is supposed to prevail. The question of dissolving the pastoral relation was finally presented in proper form to the meeting and upon vote the question to dissolve was defeated by a majority of three. Those favoring the dissolution claim that seven of their adherents left the church before the matter came to a vote. As we understand it, the presbytery which meets at Grand Island today will appoint a committee to investigate the anonymous letter charges as well as some other matters pertaining to the local church, and when these are cleared up it is probable that Mr. Verner will tender his resignation and insist that it be accepted. It is unfortunate for the church that the factional fight has come up for, as a leading member of the church said today, it is hard to say when complete unity will again prevail.

The returns of the precinct assessors are now all in and the county clerk and his deputy have footed up the totals. The assessments in the precincts are much more unequal than usual, and again demonstrates the farce of the assessment under the present system.

Railroad Notes.

Eighty cars of fruit in transit were iced at this station yesterday, the largest number iced in one day so far this season.

Asst. Supt. Ware and Div. Foreman Stewart spent yesterday at the scene of the wreck at Lawton, returning home last night on train No. 4.

Supt. Park of the Wyoming division lately posted a bulletin to the effect that three garnishment of wages would form a sufficient cause for dismissal from service.

It is thought that the first of the new compound passenger engines with the seventy-eight inch wheels will arrive at this division terminal some time this week. Billy Whitlock will probably test the speed of the first one to arrive.

A rear end collision between two sections of train No. 19 occurred at Lawton, a sidetrack a short distance east of Cheyenne, early yesterday morning in which several cars were badly wrecked and engine 1709 thrown across the track. A temporary track was built around the wreck and by so doing traffic was only delayed about three hours.

New books of rules have been issued to trainmen and they are employing their spare time posting up so as to be in condition to creditably pass future examinations. The new rules draw the line pretty close on the use of intoxicating liquors, the use of tobacco in the presence of ladies and the use of profanity. The corporations evidently believe that good morals are conducive to good service by the men.
