The first crop of alfalfa has been cut and stacked and the second crop is coming along at a rapid gait.

W. H. Sullivan and R. W. Calhoun were at the county seat Saturday and purchased a hay stacker of Jos. Hershey.

We are told the subscription list for a parsonage for the minister of the North Platte circuit is rapidly growing and that the prospects for the building are encouraging.

Few young cattle are being sold in this section. The farmers are getting in such shape that they can hold the young stock and get the benefit of both the growth and the increase.

H. H. Hollingsworth, section

foreman at Julesburg, visited his wife at Hershey Sunday.

Grasshoppers are pretty thick in the valley but as yet they have done little harm to crops.

The harvesting of the small grain crop in this section will be no small task. While the acreage is not so large as in some previous years, the growth is enough heavier to make up for the shortage in acreage.

A number of cows were recently placed on the Scharmann farm and we understand they will be milked for the Nichols creamery.

Mr. and Mrs. N. B. Spurrier attended the lecture given by Prof. Bruner at the county seat Saturday.

Eight men from North Platte attended the club dance at the Nichols school house Saturday evening.

Corn will average nearly knee high at the present time, the warm weather of the past few days pushing it along very rapidly.
