"Seeest thou a man diligent in his business? He shall stand before Kings; he shall not stand before mean men." Doolittle means to keep everlastingly at it till he gets you inside of the store; once in, the quality and price of the goods sell themselves.

Some time during last night one of the large plate glass windows at Dixon's jewelry store was punctured and cracked nearly the entire length. The breakage was due presumably to a sky rocket, as part of a stick was found on the inside. The glass also gives evidence of having been hit a number of times with balls from Roman candles.

A Glorious Fourth.

The celebration of the 125th anniversary of the nation's natal day began about nine o'clock the evening before by a continuous fusillade of revolvers, guns, small cannons and fireworks. This performance was kept up until after midnight, when the performers went to bed for a few hours and then began again. The morning opened auspiciously so far as the weather was concerned, but later old Sol gave everybody a hot time. During the early morning the usual gun powder was burned in the various forms.

The formal opening of the day began with a parade at ten o'clock. This was a feature that entitled the committee to considerable praise—it was first-class in all respects. Major Scharmann acted as marshal of the day. The parade was headed by a platoon of police followed by the city officials and orators of the day in carriages. Then came the band, a G. A. R. float, First, Second and Third Ward ward hose companies with their carts handsomely decorated, the Buffalo Bill Hook and Ladder Co., float of the boilermakers with a half dozen men at work, float of the U. P. sheet iron department, a float of Peale the painter, goddess of Liberty float with forty-five little girls with Miss Senia Ryan as Goddess, float of A. L. Davis with colored cook at gasoline stove baking and throwing out cookies to the crowd and a bath tub with two kids taking a bath, tally-ho drawn by four horses containing eight or ten employees of Harrington & Tobin's store, a solitary horseman bearing the banner of the retail clerk's union, a float of the M. W. A., an artistic float of the Maccabees, the rear being brought up by a crowd of men and boys in fantastic garb. After following a short line of march the column broke ranks at the court house park where addresses were delivered by W. T. Wilcox, Rev. Wimberly and Rev. Puls and the declaration of independence read.

After dinner the sporting events were held in Dewey street, and the winners were as follows: Half mile bicycle race Frank Crick first, Joe Baskin second. One hundred yard foot race Fred Sawyer first, Fred Ouimette second. Fifty-yard race for girls Ruby Sorenson first, Hazel Schuman second. Fifty-yard race for boys Harry Smith first, Arthur Donegan second. Potato race Fred Dolson first, Allie Davis second. Fat man's race Wm. Price first. Sack race Harry Barracough first, Allie Davis second. Three-legged race Sawyer and Ouimette first, Broach and Kelly second. In the dry coupling contest, in which a run of fifty feet was made, nozzle unscrewed and then given a three-thread return screw was won by Cleveland and Yost, representing the Third ward, in nine and one-half seconds. The ladder climbing contest was won by W. J. Roche in seven and one-half minutes, thus breaking all records. Mr. Roche would have made even better time had he not missed several rounds. As he slid down the ladder he was presented with thirteen large bouquets and a medal. The most amusing feature of the day was the run against time by the Kansas City hose team. This was a burlesque and consisted of eight or ten firemen blacked and wearing tattered garments, and they came running down Dewey street with the hind running gear of an old buggy with a dry goods box containing the hose fastened on the axle. They ran to the hydrant at Sixth street, but found it necessary to demolish the box before they could get out the hose. The con-

nection was finally made, a stream turned on through the bursted hose and the crowd rapidly separated to escape drenching. From the specially constructed nozzle several cats were thrown out. This feature made lots of fun for the crowd.

After supper the band gave a concert at the court house park, followed later by a nice display of fireworks.

The celebration throughout was a successful one and to the committees of the fire department having it in charge much credit is due. Everybody got their money's worth and everybody had a good time.
