JULES STEGFRIED, the French publicist, who has just returned from a trip to this country, points out what many thinking Americans have said regarding the great combinations of capital in the industries. He thinks Europeans are unnecessary alarmed over the probability of these combines forcing the old world out of business, and that they are more likely to fall of their own weight through over capitalization. The first trade reverse, he predicts, will find them unable to earn dividends or perhaps interest on debt with their enormous quantity of watered stock. Railroads and other combinations have found the same road to the bankruptcy court in the past. and if the present day manipulators steer clear of it they will certainly be entitled to rank as great financiers. -Bee.

# Women are Like

Flowers. Healthy and strong and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and attractive with disease corroding the organs that make her a woman. Upon their health depends her health. there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but they cannot live forever with disease dragging at the most delicate and vital organs in their body. You may have been deceived in so-called cures. have been deceived in so-called cures. We don't see how you could help it—there is so much worthless stuff on the market. But you won't be disappointed in Bradfield's Female Regulator. We believe it is the one medicine on earth for womanly ills. There is as much difference between it and other so-called remedies as there is between right and wrong. Bradfield's Female Regulator soothes the pain, stops the drains, promotes regularity, strengthens, purifies and cleanses. It does all this quickly and easily and naturally. It is for women alone to decide whether they will be healthy or sick. Bradfield's Regulator lies at hand. Si per bottle at drug store. Bend for our free booklet.
