### BETWEEN THE RIVERS.

Tom Kelly is putting up the hay on the Frazier land.

C. C. Wetzel has returned to Hanna, Wyo., after a brief visit with his family.

Mr. and Mrs. J. H. Hershey were visitors at their ranch in the valley Sunday.

Farmers in the valley are highly pleased with the way in which the crops are turning out.

I. B. Bostwick has cut and shipped about \$1,500 worth of this season's hay and still has more to put up. Most of that sold was handled by W. F. McGlone of North Platte.

Owing to a scarcity of men and hay presses the hay harvest is dragging to a considerable extent.

W. R. Eyerly, Bert Hollingsworth, Jim Carpenter and Fred Cole returned from the county seat Sunday evening.

E. F. Seeberg and John Keith were in North Platte yesterday.

The Scharmann boys are stacking a fine lot of hay on the Cotton land. L. Stebbins is also putting up a big lot of hay on his land on the south side.

D. A. Brown and wife have returned to North Platte. J. V. Robinson is harvesting L. E. Jones' second crop of alfalfa for hay.

week and then will return home. Mr. Holtgren has returned from a week's visit with friends at the county seat.

Ben Albro of Kearney visited his brother Steve and family on the Ferguson farm recently. He came up for the purpose of renting a farm in the valley for the coming year. We did not learn how he made out.

### NEIGHBORHOOD NEWS.

D. Hanna, of Farnam, has forwarded to this office a statement of the crop yield of winter wheat and rye on his farm in Platte precinct. Fifty acres in rye yielded 1705 bushels, an average of over 34 bushels to the acre. Fifty acres of wheat netted 1636 bushels an average of nearly 33 bushels per acre. The measurements were made by the threshing machine. For such a season as the present one this is a very flattering report.—Lexington Pioneer.

Geo. B. Darr on Thursday entered into a contract with the Wisconsin State Fair Association to furnish the association eight carloads of baled alfalfa hay. The hay is to be delivered on board the cars here and shipped to Madison, Wis.—Lexington Pioneer.

Messrs. Parker and Stewart of Hastings were in the city last Tuesday trying to lease the Curtis ranch and buy Mr. Bacon's alfalfa crop. These cattle dealers are now summering 3,000 head of two- and three-year-old steers in Wyoming. It is their intention to bring these cattle into Lincoln or Dawson county to winter and feed out for the market, and in our opinion they will probably locate at Gothenburg.—Gothenburg Independent.

Harry Ickes was arrested Thursday evening charged with forging the name of W. M. Fuller, superintendent of the St. George Cattle company, to two checks on the American Bank. The amount secured on each check was ten dollars. He plead guilty to the charge Friday morning, and was bound over to the district court by Judge Sanders.—Sidney Telegraph.

### Figures that Talk.

A comparison of the estimated wheat and corn crops of Nebraska, with the bumper crops of the two preceding years, shows that when the difference in prices is considered, the farmers will get practically as much money for their crops this year as in the year's preceding.

**In a Glass of Water.**  
 Put a handful of glazed coffee in a glass of water, wash off the coating, look at it; smell it! Is it fit to drink? Give **LION COFFEE** the same test. It leaves the water bright and clear, because it's just pure coffee.  
 The sealed package insures uniform quality and freshness.
