REPUBLICAN CONVENTION.

The republicans of Lincoln county are hereby called to meet in convention at the court house in North Platte, on Saturday, August 24, 1901, at 10 o'clock a. m.

The delegates from the Third Commissioner District will place in nomination a candidate for commissioner for the said Third District.

The basis of representation of the several precincts is fixed as follows:

Table with 2 columns: Precinct, No. Del. North Platte No. 1, 6; North Platte No. 2, 7; North Platte No. 3, 7; etc.

It is recommended that no proxies be allowed in said convention, but that the delegates present cast the full vote of the precinct.

It is recommended that the primaries be held Saturday, August 17, at 8 o'clock p. m. unless otherwise ordered by the precinct committee.

JNO. M. THURSTON, contrary to announcements, will not return to Nebraska, but has opened up a law office in Washington.

The Lincoln county fusionists have already started a preliminary campaign of misrepresentation and abuse of the republicans. These are evidently the tactics they will use in the coming campaign.

If those foreign nations adhere to their announced purpose of boycotting American goods there need be no fear that some of their own products won't have some difficulty in getting a foothold in this country.

All fair-minded people will support Governor Savage in his declaration that state officers who ride on passes shall not charge the state up with mileage and collect it if he can prevent it.

A HAVANA dispatch to a St. Louis paper states that notwithstanding reported negotiations with General Gomez and other expressions along the line of Cuban independence pure and absolute, there is nevertheless a strong annexation sentiment which is rapidly growing as the Cubans realize fully the task before them in organizing an independent republic.

SECRETARY WILLIAMS of the Amalgamated Association, in speaking of the steel strike declares that if all else fails he believes there will be an appeal to bayonets. It is to be regretted that men holding such positions as does Mr. Williams will resort to this kind of loud-mouthed talk, for in so doing he injures instead of helps the cause he represents.

The special envoy of the United States to Pekin has succeeded in excepting wheat flour and cereals from the duty of five per cent which the protocol imposes on all imports to China to raise money to pay the big indemnity. This exception is useful to the farmers of the United States but still more useful to the Chinese, because of the local famines that frequently follow a total or partial failure of crops in some part of the empire. It exempts the food staples of the peasants, including rice, from a tariff.

Doc Bixby, who is one of the most gallant and courteous men in Nebraska—in fact a ladies' man from the ground up, says: Next month we are promised a visit from Carrie Chapman Catt who will make the effort of her life to stir the women of Nebraska up to a realizing sense of their political needs. It is their own stupidity that prevents them from enjoying all the rights for which our patriot forefathers smashed the British at Lexington and Bunker Hill.

The plank of the Iowa republican platform, on the tariff question is as follows: "We stand by the historic policy of the republican party in giving protection to home industries and point for its ample vindication to the extraordinary rapidity with which our national resources have been developed and our industrial and financial independence secured. We favor such changes in the tariff from time to time as becomes advisable through the progress of our industries and their changing relation to the commerce of the world. We endorse the policy of reciprocity as the natural complement of protection and urge its development as necessary to the realization of our highest commercial possibilities."

The Kansas City Star says that at last it has been made known why Bryan was defeated in 1900. The man who had locked in his bosom the important secret, fled to a remote locality with it and there guarded it in solitude. But at last it has proved too much for him to hold. From Rogers, Ark., comes a tardy statement from "Coin" Harvey that the reason for McKinley's victory was that the democratic party lacked a man at the head of its campaign who understood "business organization." Senator Jones, he intimates, was a mere figure-head who didn't understand his own weakness and incapacity. Alas for the cherished ideals of the new Democracy. "Coin" Harvey, whose devotion to conviction and principle has been reiterated at the cost of tons of white paper, now rises up and stultifies himself by saying what is needed to insure the triumph of truth is a Mark Hanna or somebody of that style. "O, for a political Schwab," he cries, "and then Truth, crushed to earth, shall rise again."

NEBRASKA'S BANK DEPOSITS. There has been considerable sympathy expressed for "suffering Nebraska," because of the reported failure of the corn crop. It is needless. In the first place, the corn crop is not a failure. In the second place, the wheat crop will be up to grade and will command sufficiently high prices to make good the deficiency in the corn production. Lastly, the people of the state were never in better condition than today. As an instance of the prosperous condition of the greatest State in the union, may be cited York county. The editor of the Bradshaw Republican has taken the trouble to compile a statement of the individual deposits in the nine banks in that county. The showing is truly a magnificent one. The people of York county have on deposit the sum of \$1,115,476. It is their own money, too. Not one cent belongs to the bank. This is but one county out of nearly 100 in Nebraska. It may be taken as a fair average. If it is, the people of Nebraska have on individual deposit something like \$100,000,000 in the banks of this state. Nebraska is in very fair shape, thank you. She appreciates sympathy but does not need it. Her people are in no danger of suffering, even if she is a little shy on water and corn this year.—Omaha News.

MYRTLE NEWS. Martin Witzkie is having a three inch well put down on his farm by McNeal of Gandy.

Fred Black of Gandy was transacting business in our midst recently.

Don't tell any one! It rained at Myrtle twice last week. One man tells us his corn will average fifteen bushels to the acre, and another one says he will have corn enough to feed out, on just the good spots in his field. However, the rains were too late to benefit the potato crop much and many will have to buy "spuds" this winter.

W. D. Campell of Whittier precinct was a Myrtle visitor Friday.

The Woodmen will give a free ice cream social at Myrtle school house Tuesday evening, August 20th.

Miss Jessie Waite is attending institute at North Platte.

A number of our citizens were county seat visitors Saturday.

The Cardiff Giant Again. Coincident with the success of a popular book in which the story of the mammoth fake, the Cardiff Giant, is told with what purports to be accuracy for the first time, there comes the announcement in a dispatch from Albany that a company of Buffalo men has been incorporated with a capital of \$10,000 to exhibit the object which fooled so many thousands of people on both sides of the Atlantic Ocean back in the 60's. For years past the big, ungainly stone image that was planted and dug up at Cardiff has been reposing unsought, uncared for and unsusung up in Onondaga county. When it was brought out for exhibition a few years ago there was but languid interest in it up there and it was laid away again. Now once more it is to be put aboard the wagon to travel back toward the West whence it originally came to the tune of "Put me off at Buffalo."—New York Sun.

Blind Postmaster in Minnesota. For more than thirty years Hiram Baxter has been postmaster at Le Sueur, Minn., and has given entire satisfaction to the community, although during nearly all that time he has been blind. When mail is distributed into the 120 boxes Mrs. Baxter calls off the names and her husband's wonderful memory can be depended upon to recollect every letter or newspaper. Baxter also conducts a small store and an inn.

Mascots of Election Day. Nov. 5 last, the day before her husband was elected county supervisor, Mrs. Felix J. Jouron of Salix, Iowa, gave birth to a twelve-pound boy. Mr. Jouron was elected to the same position three years ago and a few days prior to that election he became the father of twin girl babies. He was the only Democrat elected in Woodbury county.

Descendants of Columbus. A Spanish paper asserts that two descendants of Columbus, Manuel and Maria Columbus, brother and sister, are at present inmates of the asylum for the homeless in the city of Cadix. It is said that documents in their possession incontrovertibly prove their descent.

Tablet in Morse's Memory. A tablet marking the site of the house in which Samuel F. B. Morse made his home for many years and died has been placed on a ten-story business block in Twenty-second street, New York. It was formerly on the house itself, which was torn down to make way for the larger building.

Their Secret Is Out. All Sadielville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It is all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Strietz's drug store.

CANCER FOR SALE

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows: A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. A. Shirer, La Platte, Mo. S. S. S. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.
