THE city of Kearney has bonded indebtedness of \$287,000. That is a big load to carry, but objects. the push and vim possessed by the citizens is sufficient to countcract the depression which such a load would cause in almost any other town the size of Kearney.

"PREACHERS who preach for salary alone are too mean to live, ought to be hanged, quartered and burned and their biographies written by their worst enemies." Such was the language used by Chancellor Andrews of the Nebraska State University in an address before the students of the Chicago University last Sunday. People generally will agree that Chancellor Andrew has a big mouth and in this instance a faulty brain.

THE judgment of that "prominent Lincoln statesman" who used to be a leader in the "free silver republican" ring of the fusion circus that the dissolution of that party by the fiat of the bosses is "but the first step ber made from such a tree. to throwing free silver overboard" is perhaps as nearly correct as aguess can be. But free silver hasn't been exactly thrown mountains north of Tucson. A deposit overboard. It just accidently of large size, the first found in Arizofell out last November when the old ship struck a sand bar. At least that is what they claim down in Maryland and Virginia and over in Ohio. -State Journal.

#### MORGAN'S CO-OPERATIVE PLAN

The plan of J. Pierpont Morgan to make every employee of the United States Steel corporain the great concern has doubtless been made public at this particular time in the hope that

but at times they are compelled to object to the injustice of the means employed to attain those

General satisfaction will be felt over the proposal of the Steel factory. corporation to make its employees profit-sharing stockholders. It is a colossal under-

with a good deal of difficulty until it is thoroughly established; but, in a smaller way, it has been in effect in the Carnegie works, where its value to the men and to the company has been shown in the stability or those works under the present pressure .--Kansas City Star.

#### Origin and Spread of Wheat

The earliest wheat grew on the plateau of Armenia, where the plant once existed as a native grass. manufacture more than England, France and Germany combined. We grow 80 per cent of the world's cotton.

#### "Wind Shakes" in Trees.

"Wind shakes" are circular cracks in a tree separating the different layers. They are supposed to be caused by wind and greatly injure the lum-

Amethyst in Fradshaw Mountains. A recent report from Phoenix states that a discoverer of very fine amethyst has been made in the Bradshaw na, has been uncovered there.

#### Army and Navy Lunatics.

A French writer states that of every 100,600 men of the army or naval proression 199 become hopeless lunatics. Among mechanics the number is only sixty-six per 100,000.

### Charge at Pealtentiary Door.

Hereafter visitors at the, Kansas state penitentiary will be charged 10 cents duch. The sum goes toward paytion a profit-sharing stockholder | ing the extra guard made necessary by the visitors.

Dairy Products Imported by Britisn. Last year Britain imported butter to it may have some effect upon the the value of £ 17,000,000, cheese to the extent of £5,500,000, eggs, £2,500,000 strike. The scheme, though, and poultry just under £\$00,000.

Virginia has more educated negroe jects sought by labor movements than any other State in the South in which disfranchisement for race reasons has been adopted or proposed.

> Painted Pantry Shelves. A couple of coats of white enamel paint on the shelves of the pantry does away with the necessity for shelf paper and the result is much more satis-

Comparative Cost of Education. London, with 4,600,000 people, spends about \$12,000,000 a year on popular edtaking, and it may be attended ucation. New York, with 3,500,000, spends about \$15,000,000. now.

> Savings Deposits in England. A recent tabulation made by a Swiss conomist put the aggregate savings deposits of European countries at more than \$9,000,000,000 in the summer of the year 1900.
