Beginning with MONDAY, SEPT. 23d, and lasting the entire week, E. B. WARNER will give an exhibition of the cooking qualities of the MAJESTIC RANGE. We have planned to have an expert operator with us for the entire week and hot lunch will be served free each day during this week. Every one is cordially invited to come and see the wonderful rapidity, the saving of fuel and the simplicity of operating this range. A child can operate it with best results; it requires no expert. All ladies are specially requested to attend this cooking exhibit and bring their husbands. A special inducement to all who make a purchase of this famous Range will be awarded a complete granite cooking outfit worth \$7.50 absolutely free. Remember this just lasts for the week only. We have a good number of Ranges to select from and will please all in style, prices and terms. Don't worry with that stove any longer but get a range that is fully guaranteed in every particular. After once using you will never use any other.

Co. E Mustered Out.

Co. E. was mustered out Saturday evening by order of Adjutant General Colby. Capt. Grau received transportation for the company to the state encampment which begins today at Ft. Omaha, but as none of the company seemed to take any interest in the work or cared to go to the encampment he sent it back. Saturday evening he received a telegram from the adjutant general declaring the company mustered out and ordering the tents, ordnance and clothing returned at once to Omaha.

A provisional company recently organized at Tekamah and mustered into the service as an independent organization has been permanently assigned to the place made vacant by the discharge of Co. E.

It is regretted very much that it was necessary to take such a step but the member of the company seemed to take no interest in it, seldom attended drill and it was only by the personal efforts of Capt. Grau that it has been kept in existence this long.
