Funeral Notices.

The funeral of the late Albert W. McKeown will be held from the Methodist church Saturday afternoon at two o'clock.

Lloyd's opera house was wired this week for electric lights, of which there will be 110 in the building.

C. B. McKinstry of Sutherland, who returned Saturday from a trip to the Pacific coast, is in town on business today.

All Modern Woodmen are requested to meet at the hall at one o'clock tomorrow afternoon to attend the funeral of A. W. McKeown.

The Palace Meat Market has secured the services of a sausage maker from Omaha who will devote all his time to making the twenty-five varieties he is able to compound.

Mrs. Peters and children, who have been visiting Mr. and Mrs. Claude Weingand, leave in a few days for Wisconsin. They will be accompanied by E. T. Tramp who will visit his parents in that state.

The promoters of the race meet to be held here October 3d, 4th and 5th, are confident that a number of good horses will be entered in the events. The track is being put in good shape and other preliminary work being done.

Game Warden Carter filed complaints in the county court today against Hiram Waldo, Wm. Marquette and young Garrison charging them with killing prairie chickens out of season. The preliminary hearing will probably be held Monday.

The prize which was put up the early part of the season and to be awarded to the person proving the best rooster for the Union Pacific team will be awarded this evening to Colonel William Pinkerton Collins. The award will no doubt meet the approval of all. The prize will be on exhibition at Streitz's drug store.

Manager Richards is in receipt of a letter from the Colorado Springs league team in which a proposition is made to play two games in this city on Sept. 23d and 24th. The team asks a guarantee of \$75 for one game or \$125 for two. This guarantee is considered too high, and if they will accept \$60 for one game or \$100 for two, the proposition will be accepted by the Union Pacific team.

Although Sheriff Keliher has been very diligent and has had out several men a good part of the time, no definite trace has been found of the thirty head of cattle stolen from the Bake McNeal range some sixty days ago. The fact that the cattle had been stolen nearly three weeks before the theft was discovered has been much against the officers in securing clews.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. "After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50 cents and \$1.00. Trial bottles free at Streitz's drug store.

A Fast Game.
The game of ball yesterday afternoon between the Omaha Originals and the Union Pacifics is conceded by all to have been the fastest ever played on the local grounds. The local team entered the game with lots of ginger and kept it all the way through, and they played the game without an error. Prendergraft and Brierly formed the battery for the locals and the former held the visitors down to five hits. The work of the battery and the playing of Cope on third base were the features of the game. The team work of the Union Pacifics was faultless throughout. With the exception of the ninth inning—when their only score was made—the visitors did not get a man to third base, and but three men reached second in safety. Welch and O'Keefe, the battery for the Originals, are strong in their respective positions, but three base hits being made off Welch. The visitors constituted a strong team, their team work being fully as good if not better than that of any nine that has played on the local grounds this season.

Charley Kitzmiller played center field and Ed. Honer second base for the visitors thus probably strengthening the team.

The only double play of the game was made by the Union Pacifics. The score by innings:

Originals . . . 0 0 0 0 0 0 0 1—1
North Platte. 0 0 0 0 0 2 0 *—2

Probable Increase in Force.

It is currently reported, and the rumor seems well founded, that an increase in the working force of the Union Pacifics shops at this place will be made in the near future. As contemplated at present sufficient force to turn out an average of ten engines per month will be employed which will mean an increase of twenty to twenty-five per cent over the number of men now at work.

Two reasons are assigned for this reported increase. One is that the proposed new shops at Omaha will not be built this year, and the shops there now have all the work they can do. The other is that the 1700 and 1600 class of engines having all been built about the same time will necessarily all need to go into the shops for repairs at about the same time or closely following each other. These two classes of engines are now showing signs of needed repairs, and the present shop force is not sufficient to make the needed repairs as rapidly as the company desires.

The Result of Games.

Today's game of ball will probably be the last of the season. Seven games have been played this season by the Union Pacific team of which nine were lost and eight won. Of those lost, four went to the Cheyenne invincibles.

The dates of the games, the contending teams and the scores are appended. If the Union Pacific win in today's game they will have won just as many games as they have lost.

May 25—Lost to Kearney. Score 2 to 4.

May 30—Won from Kearney. Score 10 to 4.

Manager Walker says work on the electric light plant is progressing satisfactory and he thinks that with no looked for delays the current can be turned on October 15th. Several men are engaged in wiring buildings, carpenters are at work on the power house and the engine and boilers are being placed in position. It is probable that the wiring for the 288 incandescent and five arc lights to be taken by the Union Pacific will be done next week.

Warner has a half dozen Ham-mocks left over which will be sold at cost.

One of the stellar attractions of the season will be "The Convict's Daughter," a new, original, sensational melodrama by J. A. Frazier, Jr. It is described as a play of intense heart-interest and containing uncommon scenic realism as well as life like characters. The escape of an innocent convict on a freight train is a thrilling scene. The company is a large and capable one. The play is booked at the opera house, Thursday, September 19th.

Stood Death Off.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 55 cents at Streitz's drug store.

Eli McCart, superintendent of the bridge and building gang, came in from the east on No. 101 Wednesday.

Supt. Baxter, in his special car No. 014, came in No. 4 Tuesday night and left for Omaha Wednesday morning.

Baggage agent McGovern had a busy time this morning checking out the Italians who came in from the west yesterday.

The new roundhouse at Cheyenne has been completed and turned over to the company. The total capacity is now fifty stalls.

Tom McGovern, who was decapitated in the last reduction at the Cheyenne shops, come to town this week, and will probably remain permanently.

Mr. LaLleur, who has been in the employ of the U. P. as a fire man, and family will leave soon for Minnesota, when Mr. LaLleur will look after a ranch belonging to his father-in-law, who was so seriously injured in a run away recently that his leg will have to be amputated.

Henry Campbell, an employe of the coal shutes, fell a distance of thirty feet yesterday, but fortunately escaped serious injury. He pushed off a car door and as it fell it caught the sleeve of his shirt pulling him with it. His escape from serious injuries was almost miraculous.

A gang of seventy Italians who had been employed on ballast work on the western district came down from Sidney yesterday and were paid off here. The most of them left for Chicago today. Ballast work on the western district will be wound up this week, the track between Omaha and Dix all being ballasted, and early next year the work from Dix to Cheyenne will be completed. Two dirt gang of sixty men each will be kept at work for several weeks yet dressing up the track and getting it in shape for winter.

The exterior of the Keith double store, to be occupied by the Leader is being repainted.
