In the yacht races between the Columbia and Shamrock the former won three straight races and thus the cup which has been held by the United States for fifty years remains. The Shamrock, however, gave the Columbia mighty tight races.

The St. Louis exposition is yet two years away, yet it is not too early for the irrigated section of Nebraska to start a movement toward having a display in the state building which Nebraska will probably have erected. The irrigated section of Nebraska has never been advertised as it deserves. Here is one way to do it.

JOHN EVANS of Omaha, perhaps the most widely known Odd Fellow in Nebraska, died in Omaha yesterday. The deceased was about eighty years of age, and for over a half century had been an active Odd Fellow, having during that time held a number of the leading offices in the state grand lodge. He was personally known by members of the order in all parts of this and adjoining states, and by many living here in North Platte who will regret to learn of his death.

The populists in this county who so stoutly maintain that they are not democrats will find themselves up against a proposition that is largely democratic when they scan the election ballot. Thereon they will find a democrat for supreme judge, a democrat for county treasurer, a democrat for county superintendent, a democrat for county commissioner, a democrat for coroner, and a more than half democrat for county judge. To the man up a tree it looks very much as though the populists in Lincoln county had been surrounded unawares by the democrats and captured bag and baggage.

VOTERS who are opposed to the county foreclosing on land on which taxes are due should lay the blame of such a course where it belongs. The order to foreclose on lands on which taxes were delinquent emanated from the board of county commissioners at the time E. L. Garrison and A. L. McNeal, both populists, were members, and C. F. Scharmann, as treasurer, is simply carrying out the instructions thus given. Therefore, those who think they are entitled to kick should in fairness kick at the fellows who issued the order to the county treasurer.

FRED GINN has been a resident of North Platte for a dozen years and has ever proven himself a good citizen, honest, sober and industrious. He is a man of excellent clerical abilities, and in public positions has been courteous and obliging.

AFTER election is over and Fred Pier son is sorely defeated he will realize the truth of the assertions made in these columns that he was nominated solely for the purpose of barter. He will then be able to trace all through this campaign the fine political schemes of Dick Croker Beatty.

REPORTS from the country precincts are to the effect that Dick Croker Beatty is letting go in a lavish manner the fifteen hundred dollars which he says he is willing to expend in order to secure the election of Ed Murphy, fusion candidate for county clerk.

MAX MCGREW, the republican candidate for commissioner, is making an active campaign and getting acquainted with the voters in his district. Mr. McGrew is an honest, practical man, and is well fitted to fill the position to which he aspires. He has lived in the county seven or eight years and those who know him best have nothing but good words to say for him.

It speaks well for the candidates on the republican state ticket that they have been nominated for six weeks yet the opposition papers have not been able to publish anything reflecting on their character. And you can gamble on it that if there was a stain on the character of the republican nominees the fusion papers would have flaunted it long ere this.

LINCOLN CARPENTER, republican nominee for sheriff, is a man who favorably impresses one with his frankness, good-fellowship and evident fitness for the office for which he is a candidate. He possesses the determination, the discernment and the stature that go to make up an efficient officer of the law. A voter can cast his ballot for Mr. Carpenter with the knowledge that he is voting for a most excellent man.

The fusion ticket in Lincoln county certainly appeals more strongly to the democrat than to the populist. Two years hence you will find that the democrats will not permit a populist to be put on the ticket, and yet the former will advocate fusion as strongly as ever. Each succeeding year the democrats increase the number of democrats on the fusion ticket—in other words they are absorbing the populists slowly but surely.

EMMA GOLDMAN, called the anarchist high priestess, has published in an anarchist organ in Chicago an attack on the government of the United States coupled with justification of assassination and a glorification of assassins. CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system. Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and I cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics. If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case. THE SWIFT SPECIFIC CO., ATLANTA, GA.

murder claims he received his inspiration for the deed from this she devil. Doubtless there are other hair-brained cranks in the country who can be "inspired" in the same manner, by a little too much of the wrong kind of free speech and free press. Not Causes Night Alarm. "One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Illinois Central AN INNOVATION.

Elegant New Dining-Parlor Cars Between Chicago and Omaha on the Fast Mail.

These combination cars, which have been especially fitted up for service between Chicago and Omaha at the company's shops, are run west bound from Chicago on Fast Mail, train No. 5, and east bound from Omaha and Council Bluffs on the Chicago Express, train No. 4. They are artistic and handsome in design, and convenient in arrangement. They have all the features of a regular dining car and of a Pullman parlor car, the two being in separate compartments, and entirely independent one from the other. The dining compartment has a large kitchen and an uncramped seating capacity of fourteen at the dining tables. The parlor compartment is handsomely decorated, and is equipped with ten heavily upholstered revolving armchairs. These chairs are particularly comfortable, being of a new and special shape designed for these cars. As these trains make the trip across Iowa for the most part by daylight, this innovation in car equipment, in addition to its convenience for through passengers, is especially advantageous for Omaha and Chicago passengers to or from local points.
