A BIG RAILROAD DEAL

Burlington Transfer is First Step in Seven Hundred Million Combination.

NORTHERN LINES SOON TO FOLLOW

Details of Plan Astonish Financial Leaders—Basis of Exchanging Control of Old Stock is Disclosed—A Great Aggregation for Transportation.

CHICAGO, Oct. 18.—An Iowa corporation, capitalized at \$100,000,000 and organized for the purpose of controlling railroad properties to be bonded at between \$700,000,000 and \$750,000,000—such in brief is the plan in brief of the Morgan-Hill syndicate as disclosed by the incorporation at Burlington, Iowa, of the Chicago, Burlington & Quincy Railroad company.

Details of the plan, which is by far the most stupendous ever conceived in the railway world, were learned here yesterday and have set the financial and railway worlds talking. None of the officers of the Burlington would consent to give the slightest information regarding the organization of the new company, but despite this, facts came to light which made it certain that the Iowa corporation is the proprietary company which is to take over all the securities of the Burlington, the Northern Pacific and the Great Northern railroads.

This being the case, the Morgan coterie, when the plan is perfected, will be able, by the ownership of a bare majority of the \$100,000,000 stock of the new company, to control absolutely three big railway systems, aggregating over 18,000 miles, having a gross earning capacity of over \$100,000,000 yearly, and a present capitalization of \$555,000,000. Furthermore, if it is seen fit to do so, the control of these properties can be obtained without the payment of a single dollar of the capital stock represented by the new company. In the opinion of financiers, the scheme is sufficiently bold to cause a Napoleon in the game to pause before taking the plunge and the result will be watched with the most intense interest.

In general, the plan is for the new parent company to take the stock of the three companies involved and exchange it for collateral trust bonds on a certain basis. From all the information obtainable the basis of exchange for the Northern Pacific preferred is ten collateral trust bonds for \$100 each, bearing 3 1/2 per cent interest, for every ten shares of stock, and in addition twenty-five shares of the capital stock of the new company. The terms for the transfer of the Great Northern stock are said to be almost double the amount offered for the Northern Pacific. The latter is paying 4 per cent, while the Great Northern, which is all preferred stock, pays 7 per cent.

PRESIDENT WANTS TREATIES.

Roosevelt Will Urge Ratification of Those Brought Up Last Winter.

WASHINGTON, Oct. 18.—It is understood that President Roosevelt, following out the policy of the late President McKinley, will urge the ratification of the reciprocity treaties with France and the West Indian and South American countries which failed of ratification in the senate last year. John A. Kasson of Iowa, who practically had charge of the negotiations of these treaties, had a conference with the president upon the subject. He says that all the treaties have been renewed except that with Trinidad, which that island declined to renew upon the advice of Great Britain. The failure to renew this treaty is regarded by Mr. Kasson as unfortunate because of the bearing upon South American trade.

The fear of a general strike of miners and other labor troubles grows and much insecurity is felt.

FAVORS LARGER NAVY

Secretary Long Likely to Recommend Additional Vessels.

NEW BATTLESHIPS AND CRUISERS

Three of Former, Two of Latter and Some Smaller Gunboats—Estimates for Other Needs—Total Exceeds Amount Appropriated Last Year \$22,000,000.

WASHINGTON, Oct. 17.—The estimates for the navy for the fiscal year ending June 30, 1903, were made public at the navy department. The total amount is \$28,310,984, against \$17,924,535 appropriated for the current year. The chief increases are \$2,500,000 for construction, \$2,500,000 for armor and \$129,355 in the appropriation for yards and docks.

Secretary Long, in speaking of the estimates, said that they were made with a due regard for the needs of the navy and intimated that they had the approval of the administration. He spoke of the increased cost of the navy and said that the building of a battleship costing \$5,000,000 was not the end of its expense, as its maintenance was very costly. It is more than likely the secretary will recommend three new battleships and two new armored cruisers and a number of small gunboats.

Among the new items of importance in the estimates are the following: New battery for Newark, \$175,000; new batteries for Albany and New Orleans, \$200,000; reserve guns for other ships of the navy, \$500,000; floating dry docks, Portsmouth, N. H., \$500,000; total for that yard, \$1,600,455.

Also a total of \$1,271,700 for new docks at the Boston navy yard, which includes a plant for housing and storing torpedo vessels and new building. The estimates for new improvements at the New York navy yard aggregate \$3,110,000, which includes \$2,600,000 for barracks for enlisted men. The estimated items for the Norfolk yard aggregate \$1,208,500, which includes \$350,000 for the purchase of land. The estimates for the naval station at San Juan, Porto Rico are \$2,613,000 and include \$1,000,000 for a masonry dry dock, \$500,000 for the purchase of land, \$25,000 for dredging and \$200,000 for the extension of coaling facilities. An estimate of \$550,000 is made for a plant for housing and storing torpedo boats at Pensacola. An estimate of \$108,000 is made for the naval station at Tutuila, Samoa. An estimate of \$381,000 is submitted for the Cavite naval station, which includes \$200,000 for refrigerating plant. Estimates are made for a complete naval station at Alongapo, P. I., amounting to \$1,443,000. Other estimates are as follows: Naval magazine near Boston, \$500,000; naval magazine near Portsmouth, N. H., \$400,000; naval magazine at Puget Sound, \$100,000; defenses for insular naval stations and coal depots, \$500,000.

Miss Knox of Denver Insane.

DENVER, Oct. 17.—Miss Minnie E. Knox, daughter of a former wealthy business man of Denver, was declared insane in the county court and ordered confined at the county hospital. Miss Knox imagines herself the owner of vast wealth and a few months ago created a sensation in Chicago by laying claim to millions of dollars' worth of property in that city.

A ministerial conference will soon be held."

RANSOM UNCLAIMED AS YET.

Brigands Have Scattered, but Miss Stone is Securely Held.

SOFIA, Oct. 16.—Although the time fixed by the brigands who abducted Miss Ellen M. Stone, the American missionary, for the ransom expired a week ago no one has appeared at Samakoff to claim the money or to announce the fate of the captive. It is now learned that the band has dissolved, but that Miss Stone is kept under surveillance at some distance from the frontier. This is due to snow and cold weather rendering the mountains uninhabitable. The efforts of the police to arrest Saroff, formerly president of the Macedonian company, who is suspected of complicity in the kidnapping, are still unavailing, the failure being due to the sympathy of the inhabitants and the local authorities.

NEW YORK, Oct. 16.—A dispatch to the Journal and Advertiser from Berlin says that the Vossische Zeitung's Sofia correspondent has wired as follows concerning developments in the kidnapping case of Miss Stone: The police at Sofia have arrested certain suspects, including Paul Genadief, brother of the well known barrister and deputy.

Charles M. Dickinson, United States consul at Constantinople and diplomatic agent to Bulgaria, is quoted in a Sofia dispatch to the Journal and Advertiser as follows:

"When the Stone party were captured they were compelled to wade a stream up to the Perin mountain. Miss Stone and Mme. Tsilka were hurried up the mountains and the other prisoners were released next morning. Just before the Stone party appeared the brigands captured a Turk and battered out his brains with the butt ends of guns to prevent him telling they were lying in wait. The whole band was disguised as Turkish soldiers when they captured the Stone party."

RUSSIA WOULD AID RESCUE.

Again Offers its Valuable Assistance in Miss Stone's Relief.

CONSTANTINOPLE, Oct. 16.—The Russian government has repeated its expression of a desire to assist the United States government by all practical means in rescuing Miss Stone. The other powers are equally solicitous, but Russia is the best able to bring the necessary pressure to bear. Messrs. Baird and Haskell, the missionaries have not yet succeeded in getting into touch with the brigands to open negotiations.

LONDON, Oct. 16.—"The United States government will insist that Turkey at once make good any deficit in the ransoms of Miss Stone," says the Constantinople correspondent of the Daily Telegraph, "and also refund the full amount subscribed."

It is supposed that the brigands who captured Miss Stone have withdrawn into the interior of Macedonia in the direction of Nevrokop," says a dispatch to the Daily Telegraph from Sofia. "Former members of the Macedonian committee who were arrested on suspicion of complicity denied before a magistrate any knowledge of the affair."

Asylum for Mad Indians.

ST. PAUL, Oct. 16.—The asylum for insane Indians at Canton, S. D., has been completed and accepted by Superintendent Pierce on behalf of the government. This is the only insane hospital for Indians in the United States and all of Uncle Sam's unbalanced wards will be confined there.

A TRIBUTE TO SCHLEY

Witnesses Called by the Applicant Are His Enthusiastic Admirers.

THEY SPEAK IN TERMS OF PRAISE

His Bearing in Battle Described by Lieutenant Sears as a Model Worthy of Emulation. Capt. Cook Reiterates His Former Compliments.

WASHINGTON, Oct. 16.—Only one new witness was heard in detail by the Schley court of inquiry today. This was Lieutenant Commander James H. Sears, who was Admiral Schley's flag lieutenant during the Spanish war. He gave a detailed account of the entire Cuba campaign, including the brief siege of Cienfuegos, the retrograde movement of the flying squadron in search of coal, the blockade of Santiago shore batteries and the bombardment of the Cristobal Colon May 31, and the battle off Santiago July 3, when Cervera's fleet was destroyed. He placed the distance out of the blockading line at Cienfuegos at from one to four miles and at Santiago at from three to six miles. He expressed the opinion that in the battle of July 3 it had been the Viscaya's intention to ram the Brooklyn.

Mr. Raymer sought to secure the introduction of a brief report of the battle of July 3, which Commodore Schley prepared for transmission to the secretary of the navy. It stated that Commander Sears had taken this dispatch ashore to be cabled to the secretary, but that it never had reached that official. The dispatch was ruled out on the ground that as it was not received it was not an official communication. It was not read in the court room, but the following is a copy of it:

"The Secretary of the Navy, Washington: Spanish squadron came out of Santiago harbor this morning, July 3, at 9:30 and were all captured or destroyed in a running fight to the westward of about three and one-half hours. Very few casualties in our fleet; Ellis, chief yeoman, killed, and one man wounded on the Brooklyn. Reports from other ships not yet in. The commander-in-chief now superintending transfer of prisoners from the Cristobal Colon, which surrendered to the Brooklyn and Oregon at 10:15 p. m. About 1,000 prisoners in all, including Spanish admiral. Details later. (Signed) "SCHLEY." Captain Cook was recalled during the day and in response to a question by Captain Lemley made an additional statement concerning the retrograde movement of the flying squadron May 26 to May 28. He also said in answer to a question by the court that Commodore Schley, during the battle of July 3, was "cool, brave and enthusiastic. I cannot imagine any conduct in battle more admirable."

ANDRADE IS READY TO MOVE

Preparing to Invade Venezuela and Fight for Control of Country.

SAN JUAN, P. R., Oct. 16.—Persistent though unverified rumors are current that General Andrade, the former president of Venezuela, who is now here, will shortly head a force of men from the islands of Curacao and Trinidad, who will invade Venezuela. It is said that he had planned to sail October 11, on the steamer Philadelphia, for Venezuela, via Porto Rico, and that he bought his ticket and changed his mind an hour before the ship sailed, presumably because Philadelphia varied its regular course, touching first at LaGuayra, where steps had been made to arrest the general. The agents of the Philadelphia are authority for the statement that General Andrade intends to sail October 25 on the steamer Caracas. The general is living quietly in a suburb of San Juan and is seldom seen in public. The island of Curacao probably will be his headquarters.

The decision in effect holds that the Kansas City Live Stock exchange is a monopoly and an outlaw.
