Miss Annie C. Kramph spent Sunday with friends in Council Bluffs.

Dr. Lucas reports the arrival of a very bright and lively girl baby at the home of Elmer Coates Sunday night.

James England, who has been in Mexico for some time past, is sick with typhoid fever and was brought today to the home of his mother near this city.

The raw and cool weather which struck this banana belt Friday and has since continued will tend to create a demand for winter apparel—and likewise coal.

Rev. Greenlee and family will arrive in town this week, and the reverend gentleman will preach his initial sermons at the Presbyterian church next Sunday.

Brant are seen daily flying over town and also a few wild geese. It is a little early for the latter, but in the course of two weeks they will probably be very plentiful.

Election returns will be posted tonight at the Commercial club rooms. A sufficient number of country precincts will be heard from by midnight to show the trend of the vote in the county.

Considerable snow fell in the northwest yesterday.

The ladies' guild will meet Friday afternoon with Mrs. Arthur McNamara.

Mrs. Frank Crick has returned from a week's visit with her friend Mrs. Fent in Grand Island.

The globes for the incandescent lights did not arrive until late Saturday night, and it was therefore impossible to turn on the current that evening. Light will be burning this week in all the buildings that have been wired.

The total vote in the city today will probably fall considerably below that of last year, which was 886. Two years ago the vote was 809, and the vote today is not expected to be much above that figure. Efforts are being made by both political parties to get out as full a vote as possible.

Now that the campaign has closed and politics will not claim the attention of the public, the business men, through the Commercial club, should make an organized effort to secure more trade from the country both north and south. Especially is the trade of McPherson and Logan counties desirable and well worth catering to.

Our Store Room

Railroad Notes.

John Kelly goes to Cheyenne this week to accept a position in the U. P. round house.

An additional journeyman was given employment in the sheet iron department the latter part of last week.

W. R. Kelly, general solicitor of the Union Pacific, occupied a special car on train No. 5 yesterday.

Conductor Frank Lawrence was knocked from the caboose at Paxton Sunday night and received severe bruises on the face and body.

Four engines of the oil burning type, intended for service on the Central Pacific road in California, passed through Sunday.

During the past twelve months 228 cars of stock have been shipped from this station by the stock growers of this and adjoining counties.

J. C. Stubbs, general traffic manager of the Harriman system of roads, accompanied by his family, occupied a special car on train No. 6 yesterday.

Eugene Kiser and Tom Hughes have secured employment on the Oregon Short Line, the former braking out of Pocatello and the latter out of Boise.

A gang of fifty or more men who had been working on the steel gang on the Western District, were brought down Saturday and paid off at this point.

The new time card which went into effect Sunday has not made much change in the arrival of trains with the exception of 101, which reaches here nearly an hour later.

The stationary engine at the shops broke a crank pin yesterday forenoon, which resulted in a damaged cylinder. As a result all the machines are at a standstill and all employes employed on machines are off duty.

Last year there were 813 cars of hay shipped from this station, but this year the number of cars will be probably one-half greater. There is still a scarcity of cars, and shipments are at present being retarded thereby.

The Iceing Business.

The number of cars iced in transit last month was 597 and the amount of ice used made a total of 1,451,200 pounds.

In October 1900, the number of cars iced was 530; in October, 1899, 449 cars were iced; in the same month in 1898 the number was 383, and in October, 1897, the number was 368. Thus the number iced last month was considerably in excess of any previous October.

There is considerable ice yet remaining in the ice houses, due to the fact that the business in September was far below that of September, 1900.

Judge Grimes returned yesterday from a business trip to Omaha.

Frank Bacon made his customary trip to Gothenburg Sunday.

Fred Elliott came down from Cheyenne and spent Sunday with his parents.

The W. R. C. will meet with Mrs. C. T. Robinson in the Third ward Wednesday afternoon.

Will Meyers, who had been in town for a week, left yesterday for Denver, where he expects to permanently locate.

Mr. and Mrs. H. C. Bickenseder have returned from Columbus, Ohio, where they were called by the death of Mrs. B's father.

Alex Stewart of Cheyenne, accompanied by his wife and daughter spent Saturday in town and the following day went to Lexington.

Sunday forenoon Alex McMann, who lives west of town, and several fellows from McPherson county became boisterous at the Third ward livery stable. Becoming somewhat alarmed the stableman telephoned for Marshal Patterson, who went over and found McMann drunk and disorderly. In attempting to arrest McMann, Marshal Patterson was pushed over a trestle and fell in such a manner as to badly sprain an ankle. This incapacitated the marshal, and Sheriff Kellher was summoned who followed McMann to the west part of town and placed him under arrest. Marshal Patterson's sprain is a very severe one and it will probably be several weeks before he will have full use of that leg.

BLACKLEG IN CATTLE

is prevented by vaccination before the germ of the disease has entered the system. The success of vaccination depends upon proper dosage. Too large a dose will produce the disease while too small a dose will not render the animal immune. This problem is solved by Parke, Davis & Co. in their new vaccine in pill form which is injected through the skin. No mixing, filtering or time wasted and you don't have to spend a fortune to vaccinate your cattle. P. D. Co. book, "Blackleg and its Treatment," free
