

SEQUEL TO THE HADDOCK CASE.

A week ago THE TRIBUNE published an item relative to Eugene Haddock, of McPherson county, corresponding with a Jersey City young lady, that he had sent her money to come west in order that they might be married, that the girl had been robbed in Chicago, and that Haddock had sent money to her there. At the time it was supposed that Haddock had been buncoed, but a dispatch from Chicago, under date of December 10th, gives a sequel to the story and is evidence that the girl acted in good faith. The dispatch is as follows:

Grave fears are entertained for the safety of Jessie Allon, bright-looking and twenty-two years old, who disappeared in Chicago several days ago while enroute from Jersey City to her new home in North Platte, Nebraska.

Miss Allon arrived in Chicago last Thursday from the east, and proceeded at once to the Northwestern railway depot, where she expected to take a train for the west. While waiting for the train to be made up her purse, containing money and a ticket to the Nebraska town, was snatched from her hands. The frightened woman thus found herself alone and penniless in a great city. Kindness was shown her by the depot master, and money was given her to pay her hotel bill until she could receive financial assistance from friends in North Platte. Transportation for her was received today by J. T. Gough, passenger agent of the Northwestern road, but Miss Allon cannot be found.

The police have been asked to assist in finding her, and every police station in Chicago now has a description of the missing woman. She is described as being five feet seven inches tall, weighing 147 pounds, with black hair and dark eyes. Eugene Haddock of Lemley, Neb., who sent the ticket for Miss Allon fears she is dead or kept a prisoner.

NOMINATE OFFICERS.

The Second ward hose team held a largely attended meeting Wednesday evening and made nominations for officers. For foreman Robt. Weeks and Will Artz were nominated, Frank Dowhower and Frank Weeks for first assistant, Charley Westerlund and J. F. Sayre for second assistant, and Richard Hope, J. L. Dick and J. E. Weeks for secretary. The election will be held on January 15th. J. E. Weeks was elected delegate to the state convention of firemen to be held at Nebraska City in January. The hose company also decided to ask the city council to supply each fireman in the city with a "F. D." button, in order that the chief may know if all persons working at a fire are members of the department.

URGES TEACHERS TO ATTEND.

County Supt. Theolecke is in receipt of a letter from State Supt. Fowler in which he urges that an extra effort be made to secure a large representation of Lincoln county teachers at the meeting of the N. S. T. A. at Lincoln on Jan. 1st, 2d and 3d. Miss Theolecke says that seven teachers outside of North Platte will attend, but owing to the fact that only one week's vacation has been given the city schools but few if any of the city teachers will attend the state meeting.

RAILROAD NOTES.

Master Mechanic Barnum transacted business in town yesterday.

Trains No. 6 and No. 2 were four or five hours late yesterday due to a heavy fall of the "beautiful" in western Wyoming.

The wedge snow plow was attached to one of the standard engines yesterday and sent west. The rotary plow has been put in excellent shape and is ready for any call that may come.

Charley Brown was taken sick at Sidney Wednesday and was compelled to dead-head down on No. 4 that night. He is suffering from lagrippe.
