Major Warren, who was stationed at old Ft. McPherson in the early sixties, was a passenger on train No. 101 last evening. The Major had not seen North Platte since 1868.

The county commissioners will convene Monday and will probably remain in session for thirty days, making annual settlement with the several county officers and approving bonds of officers who were elected last fall.

Miss Mabel Goozee entertained a large number of her young lady and gentlemen friends last evening in a manner that resulted very pleasantly to each guest.

Maurice J. Reilly and Miss Matilda Burns were married at Maxwell Thursday by Rev. J. B. Fitzgerald. The contracting parties are both residents of Maxwell.

A marriage license was issued yesterday afternoon to John J. Weaver, who will wed Miss Daisy Harschfield. The contracting parties live in the Birdwood country.

W. C. Milner put an extra collar in his grip this morning and left for a few days' visit in Denver. If he does not blow out the gas he will no doubt have a real good time.

**To Our Patrons.**  
We have adopted the following rule for the year 1902: All parties who are running accounts at our store and who aim to make settlement on pay days will please take notice that hereafter they must pay their bill in full at time of settlement. We will not accept partial payment and carry balance from one month to another.  
J. PIZER, THE LEADER.

The weather Christmas day was all that could be desired, being bright and of a kind to add cheerfulness to the day. Business was entirely suspended after eleven o'clock in the morning and the streets were almost deserted during the afternoon, the quietness being broken only by a few individuals who had imbibed too freely of "Tom and Jerry." In all homes the members were made happy by gifts and good dinners, those in straitened circumstances being remembered by the more fortunate people in the way of gifts of clothing and provender.

The Chicago observer who regulates the weather for this section predicts cloudy and unsettled weather for the next day or two, and we admit that today the indications are somewhat ominous. Jan. Neary, however, does not predict cold weather in the immediate future.

The Kimball Observer says train No. 6 ran into a flock of sheep at Potter Tuesday killing and maiming 171, and that several hundred were killed near Dix a day or two later.

The ice on the north river is getting in bad condition, much to the disappointment of the youngsters who looked forward to a full week of skating.

Back east the country weekly newspapers get out but fifty issues a year, taking a week's holiday at Christmas and another week July 4th. As the average Nebraska editor is an overworked individual it might be well for the fraternity in the state to follow the example of their eastern brethren.

**Our Proficient Women.**  
Men who are accustomed to say and think that women can never be mathematicians will be surprised to know that, according to the annual register of the American Mathematical Society, no less than twenty-two members of that society are women, and that a woman, Prof. Scott, is a member of the council. Late statistics show that in the public schools of this country girls are most proficient in mathematics, boys in history.

**Says He Was Tortured.**  
"I suffered such pain from corns, I could hardly walk," writes H. Robinson, Hillsborough, Ill., but Bucklen's Arnica Salve completely cured them. Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by A. F. Streiz, 25c.
