"Alvin Joslin" was presented to a very small audience at the opera house Friday evening, the small number present being due probably to the fact that the play had been witnessed once before. The performance, however, is said to have been excellent.

Remember that you get a first class shave at Doc Sizemore's, only 10 cents.

Colonel Cody, it is said, is in New York working on his Wyoming irrigation scheme. This enterprise will require the expenditure of one million dollars, and the land to be covered by the ditch is 200,000 acres. It is further said that if Colonel Cody does not have the ditch completed by January 1, 1903, he will lose title to the 200,000 acres.

The Los Angeles Record of a recent date contained the following item, the Eugene Beach referred to having formerly resided in North Platte being employed as brakeman and conductor on the Union Pacific.

He left this city a dozen or more years ago, but will be remembered by many: Mrs. Eugene Beach of 119 1/2 West First street, last night applied to the police to find her husband, who, she fears, has come to some grief. He has been discharged but a short time from the Highland asylum and Mrs. Beach is afraid he has had a relapse of his malady.

There is a quality in Royal Baking Powder, coming from the purity and wholesomeness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they accordingly recommend it in the preparation of food, especially for those of delicate digestion.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

Bonds Paid During 1901.

During the year 1901 County Treasurer Scharmann called in and paid the following county and precinct bonds:

Bonds Nos. 1, 2, 3, 4 Funding 4000 00
Bonds Nos. 1, 2 Brady Bridge 2000 00
Bond No. 3 McPherson Irrigation 1000 00
Bond No. 2 So. Side Irrigation 1000 00
Total \$9000 00

No bonds, other than school district bonds, have been issued in the county since 1895.

Many People Made Happy.

During the year 1901 Judge Baldwin, in his official capacity, was instrumental in making more people happy than any other man in Lincoln county, and yet the Judge bears the honor without the least display of vanity. In the year just past the judge affixed his official signature and seal to ninety-three marriage licenses, and to the best of his knowledge not one of the contracting parties has grown weary of the marital relation or threatened to institute divorce proceedings. This latter is certainly an excellent record, and is largely due, in many instances, to the fatherly advice given by the Judge to the parties who applied for licenses.

The weather today is of that brand which has gained for western Nebraska the title of being in the "banana belt." There is no need of going to California to get May weather in January; we have it right at home.

Miss Helen Hershey very pleasantly entertained about twenty-five of her young friends last Friday evening, so pleasantly, in fact, that it was nearly midnight before the guests departed. Progressive games were played followed by refreshments.

For Sale very cheap—A cabinet bath tub, but little used. Inquire at this office.

A Denyer officer was in town this morning looking for a man who had committed a brutal murder in that city recently. A young boy and his sister were skating on a pond in the suburbs of the city when they were approached by a ruffian who attempted to carry off the girl. RAILROAD NOTES.

General Manager Dickinson went west in his special car Saturday evening.

Frank Elliott, the all-round baseball player, leaves the latter part of this week for Trumbull, Neb., where he expects to locate. We regret to have him leave.

Twenty cars of Gothenburg ice was received last evening and more will probably come in today. The present weather is too warm for ice harvesting and cutting is only done during the morning hours.

Under the new time card of the Union Pacific the people of Gothenburg can ride east on but one train in twenty-four hours. This has naturally made them a little huffy and they threaten to run all their through passengers over the B. & M. via a stage line to Farnam.

There is now a floating rumor—just how much there is in it, we don't know—that Asst. Supt. Keyes of Omaha will resign. Asst. Supt. Ware will go to Omaha and that Mr. Hilliker will be promoted to assistant superintendent with headquarters in this city.

A little "matinee" occurred early this morning on the Union Pacific at Pine Bluffs, Wyo., in which a car or two was derailed. The engine had cut loose and ran to the station and in coming back gave the train such a jolt as to derail the cars. Train No. 6 was delayed about four hours.

The Union Pacific officials are congratulating themselves that during the year 1901 they had no wrecks which were accompanied by serious loss of life; and in this they were more fortunate than a number of other western roads. The Union Pacific, however, had a number of wrecks during the year which were very destructive to company property.

Christian Johnson, of Deer Creek precinct, is in town today, and made this office a business call.
