Y. M. C. A. NOTES.

Men! You can find a good place to spend an hour next Sunday afternoon at 3:30. Rev. George A. Beecher will address the men's meeting. About twenty minutes will be spent in a song service. Every man in North Platte is wanted.

With pleasure we announce the opening of the library to the members on Thursday the 23d. What a delightful privilege it is to have 2100 books to pick from.

This association has been greatly strengthened because of those splendid meetings held in the opera house last Sunday.

The membership is on the move. There are more men being spoken to about membership at this time than we have every known and if the association continues to grow in the future as in the past we will be compelled to seek other quarters. One young man was so delighted with his membership that in less than a month he landed four other fellows. Say men! Don't let a man escape in the town, give them an invitation to come in.

My! but the fellows enjoyed their baths last Saturday, fifty-nine of them came out smiling and clean.

BETWEEN THE RIVERS.

Mr. James Carpenter and Miss Mary Marquette of Hershey were united in marriage on Tuesday of this week. Rev. W. M. Evans, the resident pastor of the Baptist church, officiating. Mr. and Mrs. Carpenter will reside in the village of Hershey.

We are informed that a scheme is on foot to consolidate Birdwood and Sutherland precincts in favor of the latter.

H. Newberry of McPherson county was marketing oats, grown by irrigation on his valley farm, at North Platte the first of this week.

There is a ready local market for shelled corn at sixty-five cents a bushel at this time.

A remonstrance against forming a precinct in which to vote bonds for the construction of a bridge across the river just north of Hershey is being circulated both north and south of the river at this time and is receiving the signatures of a large number of the tree holders.

Horace Jenkins, who will sell his personal effects at public auction on Thursday of next week, will depart for Missouri as soon after the sale as possible to make his future home.

Chas. Lawrence and daughter were county seat visitors on Wednesday of this week.

Al Beckett and family, formerly of the valley are said to be comfortably located in Illinois at the present time.

Never before in the history of this country has there been as much hay disposed of in one season as there has been in the past season and at good prices.

People who reside in the irrigation districts claim that water is the staff of life.

I. E. Ware and Wm. Harst called on friends at the county capital early in the week.

J. G. Fecken has been shelling

corn down in Hinman precinct lately. The Dillon ranch was one of the places.

A light shipment of hay is being loaded at Hershey at the present time.

J. C. Gyger of the Nichols creamery shipped a consignment of butter to Chicago on Tuesday last.

Tyler Hollingsworth and wife were at North Platte on business one day this week.

Bad colds seems to be the prevailing illness among the citizens in this locality.

The question of bonding the county for the purpose of erecting a new court house is being thoroughly discussed by the tax payers in the valley.

The patrons of the Nichols creamery were paid off on Wednesday last.

J. W. Liles is still kept busy with his corn sheller in the valley notwithstanding the fact that a large amount of corn grown in the valley last season has been used for home consumption and also some shipped out, there are still several thousand bushels left.

It is said that "economy is wealth" but the man who disposes of his hay and grain because they bring a big price, and turns his horses and cattle out upon the prairie without food or shelter never accumulates very much wealth.

G. E. Sullivan was at North Platte on Tuesday with a load of oats grown by him on the Newberry farm last season.

Dr. P. T. Chadwell, Osteopath will permanently locate in this city February 1st. He is a graduate of American School of Osteopathy.
