## DON'T TAKE CHANCES.

In order to guard against the spread of contagious diseases all dwellings should be thoroughly disinfected after every case. If moving into an old house, you know not what disease germs may be lurking in the place. Protect yourself and family by having the place disinfected. Formaldehyde is recognized by the scientific world as the most powerful disinfectant known and when used judiciously will destroy all known bacteria without injuring furnishings in the room. Experience is required to do the work properly. Half way measures will not avail.

W. D. Hoover, at Howe's Furniture Store, is provided with a Formaldehyde Generator of the latest and best pattern, and is prepared to do disinfecting by the most approved up-to-date method.

### BLACKLEG IN CATTLE

Is prevented by vaccination before the germ of the disease has entered the system. The success of vaccination depends upon proper dosage. Too large a dose will produce the disease while too small a dose will not render the animal immune. This problem is solved by Parke, Davis & Co. in their new vaccine in pill form which is injected through the skin. No mixing, filtering or time wasted and you don't have to spend a fortune to vaccinate your cattle. P. D. Co. book, "Blackleg and its Treatment," free.

**Smoker Given to Vollmer Boys.**  
Will and Charley Vollmer, who have severed their business relations with North Platte, were given a "smoker" at the Commercial Club Wednesday evening, at which thirty or forty members were present. E. B. Warner presided, and T. C. Patterson offered the following resolution, which was unanimously adopted by a standing vote:

Whereas, W. A. Vollmer and C. I. Vollmer, after a successful business career of many years in our city are about to branch out in a larger field. Therefore be it

Resolved, By the North Platte Commercial Club. That the Vollmer Brothers have always stood in the front rank in our city, as business men of unquestioned integrity, as enterprising and public spirited citizens and loyal members of this club. That while we regret the loss to the community and this Club by their departure, we congratulate them upon the business success that has led them to larger opportunities, and we extend to them our best wishes for their future happiness and prosperity, and we assure them that their memories will ever be green in our hearts.

That as a slight token of our esteem and appreciation their names will ever be borne on our rolls as honorary members of this club.

W. A. Vollmer feelingly responded to the resolution, and thanked those present for their kindly feeling. John E. Evans read a short poem which he had hastily written for the occasion and which told of the good quality of the Messrs. Vollmer and the success that awaited them in Omaha. Messrs. Patterson, Woodhurst, Bare, McNamara and Warner made brief remarks attesting their value of the friendship of the guests of the evening and wishing them success in their new field of business.

Following these remarks a light lunch was served, and an hour or so was devoted to smoking and conversing.

All present felt that in the removal of Will and Charley Vollmer North Platte loses two of its most progressive business men.
