DON'T TAKE CHANCES.

In order to guard against the spread of contagious diseases all dwellings should be thoroughly disinfected after every case. If moving into an old house, you know not what disease germs may be lurking in the place. Protect yourself and family by having the place disinfected. Formaldehyde is recognized by the scientific world as the most powerful disinfectant known and when used judiciously will destroy all known bacteria without injuring furnishings in the room. Experience is required to do the work properly. Half way measures will not avail.

W. D. Hoover, at Howe's Furniture Store, is provided with a Formaldehyde Generator of the latest and best pattern, and is prepared to do disinfecting by the most approved up-to-date method.

BLACKLEG IN CATTLE

is prevented by vaccination before the germ of the disease has entered the system. The success of vaccination depends upon proper dosage. Too large a dose will produce the disease while too small a dose will not render the animal immune. This problem is solved by Parke, Davis & Co. in their new vaccine in pill form which is injected through the skin. No mixing, filtering or time wasted and you don't have to spend a fortune to vaccinate your cattle. P. D. Co. book, "Blackleg and its Treatment." Free

The Baptist Meetings.

A very solemn and spiritually toned series of evangelistic services are in progress at the Baptist church, conducted by Rev. Daly and wife, evangelists from Omaha. The church is filled with an attentive audience each night. On Wednesday night the congregation crowded the house, when Pastor Puls baptized several converts. Tuesday afternoon Mrs. Daly addressed a large and representative congregation of ladies. The ladies present were so deeply interested that by request she will continue her address to ladies only on Saturday afternoon at three o'clock. The address will be especially to girls, but no one under sixteen years of age will be admitted.

Next Sunday at 3 p. m. Rev. Daly will address men only, and no one under sixteen years of age will be admitted. Mr. Daly is especially gifted in addressing men, and an interesting lecture may be expected by him.

Y. M. C. A. NOTES.

There will be no men's meeting at the rooms Sunday because so many desire to attend the men's meeting at the Baptist church.

State Secretary Bailey says that it is assured that the largest Y. M. C. A. convention ever held in the state will be held this week at York.

Frank Broach is looking after the business of the association in the absence of the secretary.

It is delightful to see the rooms full of young men enjoying themselves. 128 of them visited the rooms in a single day. It is also gratifying to make out tickets to so many new ones as we have done this month. The library and baths are responsible for the increase. Men can pay a dollar down and the other two dollars in three months. See Mr. Broach while Sec. Shepard is away.

Special G. A. R. Services.

Evangelist Samuel Gregg will give a special address to the G. A. R. and W. R. C. and all others who will come to Unitarian hall on Saturday evening, Feb. 22d. All soldiers and their friends are invited. The subject to be discussed is "The Volunteer Soldier."

Notice to Stockmen.

The stockmen of Lincoln and adjoining counties, as well as others interested in the matter, are requested to meet at the court house in North Platte on Saturday afternoon, March 1st, to consider the land lease bill now before congress and to enter a protest against the bill as now drawn.

W. A. MANSFIELD,
And Others

Will Address Secret Orders.

Evangelist Samuel Gregg announces that on Sunday evening, Feb. 23d, he will address the fraternal orders of North Platte. His subject will be "Fraternal Orders, their Benefits and Which is the Best." A cordial welcome will be given to all.
H. C. Palmer, County Judge, Clay Center, writes: "Rev. Samuel Gregg delivered a memorial address for the A. O. U. W. and M. W. A. June 17th, 1900, and I can say without fear of contradiction that it was one of the ablest and most logical expositions of the benefits of fraternal societies ever delivered in this town. If the doctrines promulgated by him were practiced the "universal brotherhood of man" would soon be established upon earth.

Married.

At the home of the bride's parents in Whittier precinct, at 6 o'clock Feb. 16th, Edson C. Allison and Miss Mary B. Jensen both of Whittier precinct.

The ceremony was performed by F. A. Roby also of Whittier. After congratulations were extended a sumptuous supper was served to the near friends and relatives present. Mr. Allison is well known as an enterprising young farmer, and Miss Jensen as a successful teacher. We predict for them a prosperous future. R.

BETWEEN THE RIVERS.

H. Newberry came over into the valley from McPherson county Wednesday on business connected with his ranch in the valley. We understand that he wants to get a family to reside in the house and look after things and that he will work the farm the coming season.

J. C. Gyger of the Nichols creamery was at the county seat with butter Tuesday.

W. E. Park, on the Dillon ranch, and his father-in-law Amos Bourbeau of Albany, Wis., were looking over this country the fore part of this week.

The first of March will soon be here and the tillers of the soil are making ready to begin farming about that time. The ground at the present time is in fine condition for cultivation.

Miss Jennie Ware who is teaching at the county seat spent last Saturday and Sunday with relatives near Hershey.

Dick Shinkle who has resided on the Newberry farm the past year has rented the old canal company farm near Hershey formerly occupied by E. C. McCord, who is moving to his own farm just west of Hershey. Dick we understand will put in several acres of sugar beets the coming season.

A consignment of butter was shipped from the Nichols creamery to Omaha last Wednesday.

Wild ducks are said to be quite plentiful in the valley at this time.

The old canal company will erect a new grainery on their farm occupied by W. A. Hoover. He is hauling the material from North Platte at the present time.

A. M. Stoddard went to Omaha with cattle the first of the week.

L. E. Jones and Chas. Toillion each sold W. C. Cole a number of fat hogs recently.

The parties who went to Chicago with W. A. Pavton's last shipment of fat cattle are expected home today or tomorrow.

It is stated that Wil Funkhouser and family, who recently came to Hershey from Lincoln, will take up their abode in the valley and make it their future abiding place.

Parties who patronize the creamery are just beginning to realize that the skim milk that they get back goes a long ways toward fattening hogs.

J. C. Hollingsworth purchased a carpet loom of parties at North Platte one day this week.

Much needed repairs have lately been made in the interior of the Methodist church at Hershey.

W. C. Cole shipped a car of hogs west this week.

Oscar Goodwin goes to Evanston, Wyo., this week to take charge of a section at or near that place.
