### Grant Privileges to Gas Company.

The city council, at its meetings held Tuesday, Wednesday and last evening, passed in the successive stages an ordinance granting to Colby & Tenny, of Chicago, the privilege of laying underground gas mains in the streets and alleys of the city.

As we understand it, the main object of Colby & Tenny is to furnish a gasoline gas for heating and cooking purposes, and incidentally furnish lights to those who desire such. The maximum price of this gas as provided in the ordinance is two dollars per thousand feet. No provision is made in the ordinance for gas posts on the streets, and from this it is inferred that the firm will make no attempt to secure a lighting contract from the city.

In a conversation Mr. Colby stated that his firm would in all probability make connections from the street mains into the houses free of charge and will also furnish the meter free.

It is expected to have the plant in operation by the first of July next.

### Will Hold a Mission.

Archdeacon Webber of Milwaukee, one of the ablest ministers in the Episcopal church, will hold a mission in this city the last week in May. Rev. Mr. Webber was here a couple of years ago and delivered a sermon or two that were so well received that efforts have been made to have him come and hold a mission, but it was impossible for him to take the time until the present.

### The Strange Adventures of Jack and the Beanstalk.

This brilliant success will be offered at the opera house next Tuesday evening, when with all the famous novelties, gorgeous costumes and wonderful effects which characterized the presentation elsewhere, will be given together with an exceptional cast of many favorites and the score of Mr. Sioane is one of the important features, furnishing delicious music running through each act, while Barnet's work introduces characters familiar to us in nursery rhymes and fables dear to us in childhood, including "Mother Goose" and the "Arabian Nights" including Mother Hubbard, Jack Sinbad, Little Miss Muffett, King Cole, the giant and a host of others. There are the pretty maids, good fairies, fascinating marches and ballets, forming in all a series of almost bewildering attractions and wonder to the auditors. It is generally conceded that "Jack" has more actual merit in its cleanliness of story and perfection throughout than any other extravaganza heretofore offered, and its career of continued triumphs is one of the best proofs of what it is.

### Big Acreage of Sugar Beets.

Henry S. Ferrar, resident manager of the Grand Island sugar factory, spent Wednesday in town on business connected with his position. In a talk with Mr. Ferrar we learned that over eight hundred acres of sugar beets have been contracted for in Lincoln county for the coming season and he is sanguine that future contracts will raise the acreage to one thousand. Of the number contracted, 400 acres are in the vicinity of Maxwell, over 300 in the Hershey and Sutherland section and 100 acres near this city.

Mr. Ferrar is well pleased with the acreage contracted for in this county and is confident that when the beets are harvested next season the growers will be exceedingly well pleased with the returns.
