OVER ten thousand acres of Lincoln county land has changed hands during the past week, and the good thing about it is that much of the land involved will be made productive, instead of non-productive, as in the past.

THE Tonic blood of Prince Henry was no doubt fired by the barbaric splendor of the decorations and jewels displayed at the ball given at Chicago during his visit there. It was a magnificent display of the wealth of Chicago's "700."

WHILE western Nebraska has been having a good quality of spring weather during the past week, the people in New York and Pennsylvania have been plodding through sixteen or eighteen inches of snow. For a winter climate western Nebraska is the one spot in the northern states.

THE efforts of the Bartley-Savage combination to "silence" the republican papers which oppose the combine does not seem to be gaining much headway. The papers who denounced the Bartley pardon are remaining steadfast in their opposition to the repeal of that part of last year's republican platform which disclaimed any sympathy for custodians of public money found guilty of the betrayal of sacred trust.

In 1855 about one-fifth of the world's crop of sugar was beet sugar, in 1865 about one-half of all the sugar made was beet sugar, in 1875 there was but a little difference, beet sugar has nearly caught up with all other sugars. In 1885 it had fully caught up and started out even in the race. In 1895 beet sugar had so far left other sugars behind that it had the best of it by about twenty-eight per cent. In 1898 five-eighths of the sugar was beet sugar and in 1901 about seven-eighths was beet sugar, and it is fair to presume that this ratio of increase will continue. Stand up for the sugar beets.

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the eyes red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.
