THE SECRET

Of Suit selling in a nut shell; One of two things a successful store must do: Either give as good value as some other store for less money, or better values for the same money. This is the secret of this store's success, better values for the same money, as good values for less money.

SPECIAL SUIT SELLING FOR EASTER.
Suits made of All-Wool Cheviots, Oxford Gray Worsted, durable Farmer Satin Linings, nicely tailored throughout, a suit that is being advertised by other stores for \$8.00, our price

High School Entertainment.

The high school auditorium was filled to its utmost seating capacity Friday evening by an audience which had gathered to hear and see a program of exercises delivered by pupils of the high school. The object of the entertainment was to provide funds for the high school athletic association, and that the audience might know the athletic propensities of the students, the room was decorated with foot, base and basket ball paraphernalia, tennis netting and rackets, golf sticks, with a foot ball suit as the central figure on the wall.

The exercises consisted of music by an orchestra, recitations, original sketches and drills by members of the girls' gymnasium club. Each number on the program was well delivered or presented and each received merited applause from the audience. The drills of the "gym" girls being something new in local entertainments, held the interest of the audience without flag, and they as well as their instructor, Miss Lewis, received many compliments for their work.

As a whole the entertainment proved a pleasing one and deserving of the large audience which attended.

A Suggestion.

THE TRIBUNE trusts that the Board of Education will see its way clear at the opening of the next school year to employ a teacher of vocal music. Such an instructor will be found in nearly all schools in towns of 3,000 or over, and if it has proven a good move in those towns, it would prove equally so in North Platte. A fair knowledge of music in these days is almost a necessary accomplishment; it gains prestige for the possessor, provides entertainment in the home, assists the churches by improving the quality of the song service, and if properly used is refining in its influence. If a teacher is employed it will result in the discovery of musical talent among our boys and girls which might not otherwise be known. These lines are written as a mere suggestion, but with the hope that the patrons will take up the matter and make a request of the board that an instructor be employed. If the patrons make the request it is quite probable that the board can make the necessary arrangements.

Fifteen Cent Supper.

On Saturday evening, March 29th, 1902, the W. R. C. will serve a fifteen cent supper at the K. P. hall. Supper will consist of baked beans, bread and butter, cold meat, pickles, cake and coffee. Those who come to the hall by eight o'clock will be treated to an hour of music and recitations. Come friends and thereby aid our noble order in its work of caring for the old veterans and their dependent ones.

Style As Well As Quality

Is what you will find in our line of Ladies' Fine Shoes. We can give you the same fit in a \$2.00 shoe that you get in one for \$3.50 to \$5.00. All of our Ladies' Fine Shoes are made over lasts used in the production of \$3.50 to \$5.00. To those ladies that think the only place they can get a fine shoe is at an exclusive shoe store we wish to say that we can show them more patterns and lasts in fine goods than any exclusive store in North Platte and save them from 25c to \$1.50 a pair on price.

Store open evenings until 8 o'clock.

Wilcox Department Store

Elect Officers.

At the annual meeting of the Mutual building and loan association Saturday evening the old board of directors with the exception of H. O. Evans was re-elected. Mr. Evans leaves the city and Geo. C. Donehower was elected in his place. Later the directors met and re-elected T. C. Patterson president, Victor Von Goetz vice-president, Saml. Goozee secretary and F. E. Bullard treasurer. The annual statement shows that the number of shares in force March 1st last was 1,778. For the year ending March 1st the receipts from all sources were \$34,728.92. The association on March 1st had \$113,200.00 invested in real estate loans, and owned real estate and furniture valued at \$7,063.99. The average premium paid during the year was twenty-three per cent.

Y. M. C. A. NOTES.

What's the Y. M. C. A. coming to anyway? They took in a Tramp as a member one day last week—he runs a grocery store on Front street.

Engineer A. M. Scharmann slipped \$3.00 into the secretary's hand yesterday for another year of good things.

Dr. McCabe showed his appreciation of the Y. M. C. A. by calling in the Secretary last week and renewing his membership for another year.

It rained last Sunday but it did not keep away thirty-one men that really enjoyed the men's meeting. Rev. J. D. Palis gave a very helpful talk on the Ideal Life, he made it so plain and desirable that our man expressed a desire for it and others were much impressed.

It is expected that Urban B. Eberhart, a young man from York, Neb., will be here April 1st, to assist the secretary in the work, devoting his whole time to it.

The rooms are still popular. Last Saturday 149 visits were made to the rooms, 62 baths were given and 47 books were loaned out, but it is not surprising when one considers the privileges offered for less than a cent a day.

Hardest month this year on our treasury. Fire insurance on furniture, periodicals for next year, new lot of towels and a number of other bills amounting to \$72.

BETWEEN THE RIVERS.

A seedman from Detroit, Michigan, was in the valley on Friday of last week trying to induce the tillers of the soil to grow vegetables of various kinds for the seed but as the sugar beet has a strong hold in this community at this time his work was of no avail, notwithstanding the fact that his propositions were reasonable in every detail.

Wm. Mills of the county seat purchased a few head of cattle recently from Chris Koch.

Mrs. J. K. Eshleman and daughter Bessie, who teaches in the Hershey school, were at the county capital shopping and visiting friends on Saturday.

James McMichael of North Platte was up in the valley on Friday of last week on business pertaining to the new farm residence which he will erect for W. H. Jenkins.

Frank Dymond has about recovered from his recent accident.

King Cole shipped two or three cars of hogs west last week.

Amos Bourbeau is visiting relatives at Denver at the present time.

The O'Fallon lateral is being repaired and put in condition for carrying water.

Albert and Thomas McConnell were at North Platte the latter part of last week when they invested in some new farm implements.

A number of acres of small grain were sown in the valley last week and the recent rain took it along in fine shape.

A large acreage of early potatoes will be planted in this neighborhood on Good Friday.

Several North Platte sports have been on the trail of water fowls in this locality lately. Considerable ammunition was used but the re-

turns were light.

Mrs. A. M. Stoddard of Spuds has returned from a visit with relatives in the vicinity of Gering.

Miss Gertie Jeffers, who teaches at Nichols, visited her parents at North Platte Saturday and Sunday last.

NEIGHBORHOOD NEWS

Wiley Bros. of Dawson county have sold 125 head of three-year-old steers to Ralston Bros. for thirty-two dollars per head.

Fifty men are at work on the foundation for the new coal chutes at Lexington. One hundred and seventy piles will be driven upon which the concrete foundation will rest.

Carrie Nation's lecture at Lexington last week was poorly attended. The opera house manager guaranteed her fifty dollars, which was about twenty dollars more than the receipts.

Down in Dawson and Buffalo counties a large acreage of rye and winter wheat has been killed by the ravages of a worm which Prof. Bruner pronounces to be the tall army worm. The grain plant is cut off a little under the surface of the ground by these worms.

A. R. Merritt, the alfalfa and potato raiser of Dawson county, received a 25-horse power engine which was unloaded at Lexington Monday. He will plow with this engine, turning fifteen furrows at a time, and will raise potatoes and corn on a bigger scale than heretofore. He expects this engine to pull to market two cars of potatoes at once. Last year he cleared over \$10,000 at farming under irrigation.—Gothenburg Independent
