### The Sugar Beet Acreage.

Dr. H. S. Ferrar, resident manager of the Grand Island sugar factory, spent part of yesterday in town and made this office a brief call. The Doctor informed us that the total acreage of sugar beets contracted for in Lincoln county now exceeds one thousand acres, and that there will be about one hundred and fifty more acres contracted for within the next ten days. The total acreage in the Maxwell section is now 509, the other 500 acres being principally in the neighborhood of Hershey and Sutherland. Lincoln county, with an average season, will furnish one-fourth of all the beets used at the Grand Island factory.  
 If this season should prove as favorable for sugar beets as was last season, the value of the crop will reach seventy-five thousand dollars—which is by no means a small sum. A successful crop this year means a doubled or tripled acreage next year. Last year there were but eighty-five acres planted in the Maxwell section, this year the increase is 600 per cent.

### "The Missouri Girl."

The Lincoln State Journal has the following to say of "The Missouri Girl," which will be rendered at the opera house next Monday evening:  
 A clean, wholesome and altogether pleasant play was given before a well filled house at the Olliver last evening. The play has been running for some seven years and is known as "The Missouri Girl."  
 The first thing observable in the acting is the apparent unity of all members of the cast. They work well together, produce no discord and hence succeed in rounding out the several acts in a most acceptable manner. The scenery is appropriate and the whole outfit has about it an air of prosperity.  
 Comedy is the principal element in the play, chiefly sustained by Sadie Raymond as Daisy and Fred Raymond as Zeke, a gawky farmer lad. Barring the impossible facial make-up of Mr. Raymond, both deserve great credit for clean and conscientious work, likewise V. A. Varney as Silas Grubb, Gordon Gray, in the capacity of a young and gentlemanly villain, is eminently satisfactory because of certain correct touches in acting quite unusual in the average stage villain.  
 "The Missouri Girl" ranks well with plays of its class. If the average entertainment offered to the public were on a par with this one, there would be small cause for censure or complaint.

### BETWEEN THE RIVERS.

Miss Jennie Ware who is teaching in the schools at North Platte, was called home the last of last week by the illness of her mother, who is quite aged. She was much improved Wednesday and Jennie returned to her duties.

J. W. Liles and crew of Nichols shelled corn for W. E. Park on the Dillon farm Thursday.

C. S. Trovillo was at the county seat the other day and returned home with a new team of horses which he had purchased while in that city. They were formerly owned by Joe Newman of McPher son county.

A large acreage of corn will be planted in the valley the coming week.

Miss Kate Sullivan, who had been the guest of North Platte friends for the past two weeks, returned home on Wednesday of this week.

Amos Bourbeau, who has been visiting his daughter Mrs. W. E. Park on the Dillon ranch and also relatives at Boulder, Colo., for the past six weeks, departed Wednesday for Brady where he will spend a week with relatives after which he will return to his home at Albany, Wis.

To say that the farmers in this section of the county are all busy with their spring work would be stating it mildly. The ground is in fine condition and they are all taking advantage of it by rushing their crops in as fast as possible.

County Supt. O. W. Neal of North Platte was visiting schools in this part of the county recently. E. F. Seeburger of North Platte was in this vicinity the first of this week on business pertaining to the old canal company.

Cyrus Fox of the north side recently purchased eight head of two and three year old colts, which had been wintered on the Dillon farm, of Mrs. Watts for \$180.00.

James McMichael and crew of

North Platte are at work on W. H. Jenkin's new farm residence west of Hershey.

Mr. and Mrs. H. Nail of Myrtle are visiting old time friends in this neighborhood while enroute to Colorado by team on a tour of inspection.

Miss Gertie Smith of Hershey is at North Platte receiving treatment for her throat of Dr. Bedell.

A large acreage of land in this country is ready for sugar beets as soon as the weather will permit planting.

Tyler Hollingsworth recently purchased a team of horses of Wm. Diamond with which he is farming over south of Hershey.

The party who turns a hand separator to extract the cream out of the milk from a dozen or fifteen cows each day does not need to walk ten or fifteen miles each day to get exercise to keep him in good health.

Mrs. Wm. Eves of Hershey, visited her son George near North Platte the first of the week.

D. M. Leypoldt has sold his residence in Hershey to George Edmister, but will retain possession of it until fall when it is reported that he will take up his abode at the county seat.

Mrs. M. Mickelsen and daughter Garnett were guests of North Platte friends this week.

Alfalfa seed that was sown on the Stebbins farm over south about three weeks ago is up and looking fine.

### Beauty and Strength

are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women, fail to properly digest their food, so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Harbin after each meal, to digest what you have eaten. 50 cents at Streitz's corner Drug Store.

### Y. M. C. A. NOTES.

Secretary Sheppard visited the Denver Railroad Y. M. C. A. last Monday, returning to his work here on Tuesday morning with renewed zeal. A membership of 400 is his ambition. Just a little help from the members and friends will surely bring this about.

Twenty-five men were helped by a powerful address by Rev. Wimberly at the men's meeting last Sunday.

Money for striking bag and base ball equipment is coming in nicely. Others desiring to contribute can pay their money to the secretary.

Arrangements are being made for a game of baseball between the shop and Y. M. C. A. teams on Arbor day. Undoubtedly this will be an interesting affair. The manager of the shop team has kindly made a very generous offer of half the proceeds to help the Y. M. C. A. team out.

The new shop men are beginning to see the worth of a membership in the Y. M. C. A. and are joining it. Five of them came in last Wednesday and others are about to yield to their convictions. Come in fellows, it is the best investment you can make.

M. O. Andrewson and the secretary will speak in the rooms next Sunday at the men's meeting at 3:30. "Dark and Bright Pictures" will be the theme. Lively song service for the first fifteen minutes. All men invited.

### W. C. T. U. NOTES.

Our union is steadily gaining in numbers and interest. Our last meeting was held with Mrs. Hartman and was well attended. We solicit the membership of all interested in temperance.

The union temperance meeting last Sunday evening was a very successful one. Mr. Getty's remarks were good and to the point. Brother Wimberly gave an enthusiastic and interesting address and the music by the Presbyterian choir was enjoyed by the audience. The meetings, we believe, are arousing people along temperance lines.

Mrs. Barton expects to go from our union to the annual executive meeting of the state at Lincoln, April 29th and 30th.

Plans are being made to organize a silver medal contest class of six or eight young ladies. This is a good way to educate the public.

Our union expects to take up the study of the Slocumb laws in our meetings soon.

One of our number while away recently met Carrie Nation and was quite favorably impressed with her. She said that she is not the bold character that some of the papers would lead you to believe she is.

Seventy-two square feet of Wall Paper at Newton's for 8 cents.
