JUDGE GRIMES FOR CONGRESS.

Chairman McDonald, of the Sixth congressionat central committee, has called a meeting of the committee for Thursday of next week at Grand Island, and at this gathering the date and place of holding the congressional convention will be named. The Sixth district, being a large one, it is probable that an early convention will be held, thus giving the nominee an opportunity to make a thorough canvass.

This congressional district has been steadily dropping its fusion majority, dwindling from about 4,500 to 209 which Neville received two years ago, and it is the belief among republicans that if a strong man is nominated by the convention he will surely be elected. This condition has is, like Sir Thomas Lipton, a selfresulted in bringing out a number of men who will be candidates before the convention.

North Platte will have a candidate before the convention in the person of Judge H. M. Grimes, and THE TRIBUNE is confident that of the men so far suggested the country are not caused by any dishe is by far the strongest, and possesses elements of strength man clock. which we feel certain will secure his election if he is given the nomination.

Judge Grim's came to Nebraska in the early 80's and located and other places in London. at Ord where he began the practice of law. A couple of years later he was elected to the legislature from the district of which Valley county was a part. In 1884 Judge Grimes was appointed with proper care that number can be register of the United States land office in this city and assumed his duties as such in August of that year. He held that position until November, 1885. when he was succeeded by Wm, Neville, who was appointed by malaria." 50 cents at Streitz's Corner President Cleveland. Upon his retirement from the land office, Judge Grimes entered the prac- LLOYD'S OPERA HOUSE tice of law, and for nearly ten years continued in that vocation, building up a practice that extended before the courts of a dozen or more counties in the western part of the state and gaining a state reputation as a lawyer. In the fall of 1895 be received the republican nomination for judge of the Thirteenth judicial district, his opponent being Judge Neville, who was then a candidate for re-election to that position. Judge Grimes overcame Neville's former majority of nearly 400 and was elected by a majority of 132. So well and impartially did Judge Grimes fill the position of judge that at the end of his term he was Produced with special scenery renominated without opposition and re-elected by an overwhelm-

For nearly twenty years this writer has had an acquaintance with Judge Grimes and is therefore qualified to attest his unquestioned integrity, his indomitable energy, his fairness in all matters, and his popularity which has been well carned. Judge Grimes is a man who never forgets a friend or acquaintance, and the man in overalls receives the same courteous treatment and hearty handshake as does the man in broadcloth. He is well known throughout this congressional district, which in a campaign would be greatly to his advantage, and as a campaigner he has few equals. If nominated he will make a thorough canvass Sutherland, Neb.

ing majority.

MALARIA Means bad air, and whether it Enemy to Health

marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid.

Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent THE SWIFT SPECIFIC CO., Atlanta, Ga.

of the district and will make votes at every place he visits.

THE TRIBUNE believes that the republicans of this district can best secure the election of a congressman through the nomination of Judge Grimes.

Producer of "Lawson Pink." Thomas W. Lawson of Boston, who ls having a yacht built to compete for the detense of the America's cup, made man. He made his fortune in speculation, but has an eye for art and owns a fine collection of pictures. He is, however, best known for the Lawson plak," which bloom cost him \$30,-000 to meduce.
