The prospects are now that the Cattleman's Convention called to meet at Sutherland May 3, will be largely attended. Notices are sent to all the ranchmen within the limits of the proposed boundaries and if they respond as now expected it will represent a large share of the Lincoln county and a part of the Keith and McPherson counties' cattlemen. There is no doubt the more who attend this meeting the stronger the organization will be and the more good it will accomplish. The purposes of the organization are such that every cattle man has a direct interest in the matter and should become an active unit in the association.—Sutherland Free Lance.
