REV. CHARLES W. BRIGGS, a missionary located at Panay, Philippine Islands, has written a letter to the Boston Transcript, in which he says: "I have heard of natives being shot down without quarter, prisoners being bayoneted without mercy. Such things have happened. War is hell, and human passions are terrible when aroused and turned loose."

In the attempt to find excuse for some of the men who signed the petition to have Bartley pardoned, it is being held out that the petition was directed to Gov. Poynter and not to Gov. Savage. In other words the inference is that some republicans would ask a populist to pardon the embezzler but not a republican. Isn't it a beautiful conception of the right or wrong of the matter? As far as the petition itself goes it ought never to have been given any consideration for the simple reason that it never represented over one per cent of the voters of Nebraska. And now gentlemen are beginning to show that even these signatures were only a prayer to Poynter to pick up the hot potato.—Grand Island Independent.

The St. Louis Globe-Democrat calls attention to the fact that while free traders in the United States are at work with an entering wedge to discredit a protective tariff, the government party in England from whence our free trade theories came is about to resume a duty on imports of grain and flour, thus abandoning the corner stone of the Cobden theory. The gentlemen who were recently manipulating the "entering wedge" in the house, and who dropped it the other day with a dull thud, ought to take note of these things, and if they are republicans they will do well to get on to the republican platform again without delay.

A dry, hot wind swept over Kansas Sunday, doing much damage to the wheat crop, and in many sections of the state the crop will amount to but little unless rain falls within a few days. The temperature Sunday ranged from ninety to ninety-two.

The City of Pittsburg, one of the largest steamers in the Mississippi river trade, burned to the water's edge near Cairo early Sunday morning, resulting in the loss of sixty lives.

Save the Loved Ones! Mrs. Mary A. Vilet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1.00 at A. F. Streitz's Corner Drug Store.

L. A. Mullen transferred his membership from Ellis, Kas. to North Platte. Glad to receive him back again.

Twelve men joined the association in three days last week. M. O. Andrewson and Geo. D. McDill spoke in the rooms last Sunday to an appreciative audience of men. Two splendid fellows expressed a desire to lead a better life. The men's singing was inspiring. May such meetings be multiplied.

International Secretary McDill came in from the west and spent Sunday with Secretary Sheppard.

If a Woman wants to put out a fire she doesn't heap on oil and wood. She throws on water, knowing that water quenches fire. When a woman wants to get well from diseases peculiar to her sex, she should not add fuel to the fire already burning her life away. She should not take worthless drugs and potions composed of harmful narcotics and opiates. They do not check the disease—they do not cure it—they simply add fuel to the fire. The Bradfield's Female Regulator should be taken by every woman or girl who has the slightest suspicion of any of the ailments which afflict women. They will simply be wasting time until they take it. The Regulator is a purifying, strengthening tonic, which gets at the roots of the disease and cures the cause. It does not drug the pain, it eradicates it. It stops falling of the womb, leucorrhoea, inflammation and periodical suffering, irregular, scanty or painful menstruation, and by doing all this drives away the hundred and one aches and pains which drain health and beauty, happiness and good temper from many a woman's life. It is the one remedy above all others which every woman should know about and use. \$1.00 per bottle at any drug store. Send for our free illustrated book. The Bradfield Regulator Co. Atlanta, Ga.
