#### Loyal Friends in Custer.

41, Woodhurst 41,

The last issue of the North Platte Tribune devotes a lengthy article announcing the candidacy of Judge H. M. Grimes for congress from the Sixth district. It was hardly necessary for The Tribune to go into the matter so fully, because the popularity of Judge Grimes throughout the Sixth district is a well established fact, and that he is well equipped with legislative experience and legal ability is also equally well-known. Should he be the choice of the convention for the bonor, he will find he has just as loyal friends in old Custer as he has in his home county. Custer county republicans, however, are anxious to have Senator Currie go into the race for the nomination but as yet have not succeeded in gown of white mulle and carried a getting his formal declaration that | bouquet of bride's rose. The groom he would do so. If he finally decides to be a candidate Custer is his without a struggle, but with Mr. Currie out of the field, it is a ten to one shot that Judge Grimes dinner, prepared and served in the would fall heir to the support of most pleasing manner.
