Announcement.

I hereby announce myself a candidate for county attorney subject to the action of the republican con A. H DAVIS.

Col. BRYAN returned home yesterday from his trip to Cuba, and will devote his time to cultivating corn on his Lancaster county farm.

THERE are several avowed candidates for state treasurer, but it is generally conceded that the present incumbent will be renominated. It is also generally believed that Mr. Stuefer will be opposed by Mr. Rosewater and the Bee.

And now a \$300,000,000 trust is being Morganized to control the soft coal output in Ohio, Pennsylvania, Illinois and Indiana, but there is too much bituminous coal to be corned by even such a gigantic trust. The trust, how ever, may be instrumental in temporarily forcing the price up a notch.

As might be expected President Palma of Cuba is encountered the part of the part dent Palma of Cuba is encoun-

effort to defeat Steele, who was one of the anti-Thompson men in the last legislature, but they were not successful. This is an additional evidence that Thompson has "marked" every man who opposed him in his fight for the United States senatorship.

ONE railroad in Kansas has refused to give passes to delegates to political conventions, and several other roads announce that they have issued passes this year for "positively the last time." We hope that the Kansas railroads will stick to anti-pass declarations and that the roads in Nebraska will do likewise. The man who accepts a pass on political grounds places himself under obligations to the giver, and the railroads already have too much "pull" in political conventions.

> AECORDING to the news dealt out to Filipinos things have been doing in this country. A Washington correspondent reports that there is undeniable evidence that the Hongkong junta sent to the native insurrectos information that "President Roosevelt is in a state of seige in the executive palace" and that "so great is the demand of the Americans for Filipino independence that the American government has been compelled to mobilize troops at Washington to protect the president." The deluded natives are also told that "our friends in the American congress are championing our cause and threatening to call home the troops which are persecuting the Filipino people." It may be that the correspondent from this country gave a graphic description of the Tilman encounter and that by the time it got across the water it was believed to be a state of siege or lize the troops to protect the president. At any rate, it is interesting news .- Grand Island Independent.

For Those Who Live on Farms Dr. Bergin, Pana, Itis., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many acciental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied.
