## Baby Carriages.

We have just received a large line of Baby Carriages, which have such a wide range in price that we can suit anybody's pocket book. An inspection of these carriages is invited.

## Gasoline Stoves.

We are handling the Standard Single Generator Gasoline and Kerosene Stoves and have a large stock of them ranging in price from three dollars to twenty-seven dollars. One of these stoves burns either gasoline or kerosene, just as you choose. We will be glad to show the merits of these stoves to intending purchasers.

Of course we still sell Furniture, Matting, Wall Paper and Picture Moulding, and have gained the reputation of selling goods a shade lower than other dealers.

## The Climate

Of Western Nebraska is hard on paint and it is almost money burned to use an inferior quality when painting your house. The best paint is by far the cheapest in the end.

## Sherwin & Williams Paints

Have been sold by us for many years, and they have given universal satisfaction—time tried and not found wanting. We have a full stock on hand for the spring trade. If you have used it you will buy it again; if you have not used it, try it.

### Republican Primaries.

Republican primaries to select delegates to the republican county convention, which meets next Saturday, were held Wednesday evening in the three wards. The delegates named were as follows:

First ward—D. H. White, H. F. Kellner, Gus Hesse, Ben McMichael, M. Oberst.

Second ward—M. H. Douglas, Harry Langdon, Oscar Neal, A. S. Baldwin, John Kountz, D. W. Baker, I. L. Bare, A. P. Kelly, F. H. Longley, Vern Langford, A. McMichael.

Third ward—M. Hooser, Dick Davis, Dave Scott, W. A. Gregg, W. A. Cridlebaugh, J. R. Ritner.

### Return Home Victorious.

The Union Pacific team returned home from their eastern trip Tuesday night. During the trip five games were played. Of these the team won one from Grand Island, one from Shelton and one from Kearney, and lost one each to Kearney and Shelton. In the game lost to Shelton the umpire was flagrantly partial to Shelton, but after the game his action was explained on the grounds that if Shelton lost the game it would kill base-ball in that town, hence the Union Pacific team was robbed in order that the Shelton team might be allowed to live.

In the second game at Kearney played Tuesday the Union Pacific almost knocked Salene out of the box, making a total of eighteen hits, and winning the game by a score of seventeen to nine. The fact that Salene, who is the pride of the Kearney team, was touched up for so many hits, broke the hearts of the Kearneyites, some of whom were so uncharitable as to say that Salene had "thrown" the game.

The members of the Union Pacific team were well pleased with the trip, and North Platte people well satisfied with the record made by the boys.

At the meeting of Board of Education Monday evening an assignment of teachers for next year occurred. Few changes were made from the assignment of the past year. Miss Kennedy takes the position in the Eighth grade held by E. Lance Jones, Miss Ericsson will have the Bratt school and Miss Blake who taught that school last year, will take one of the rooms in the Third ward. Miss Bertie Baker has been transferred to the Second ward and Miss Ware to the Third ward.

Charley Pittman, late in army service in the Philippines, has been spending the past few days with North Platte friends.

Mr. and Mrs. Wm. Grabach, of Omaha, who had been in town for a week, went to Denver yesterday.

### Women are Like Flowers.

Healthy and strong they blossom and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and attractive with disease corroding the organs that make her a woman. Upon their health depends her health. If there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but they cannot live forever with disease dragging at the most delicate and vital organs in their body. You may have been deceived in so-called cures. We don't see how you could help it—there is so much worthless stuff on the market. But you won't be disappointed in Bradfield's Female Regulator. We believe it is the one medicine on earth for womanly ills. There is as much difference between it and other so-called remedies as there is between right and wrong. Bradfield's Female Regulator soothes the pain, stops the drains, promotes regularity, strengthens, purifies and cleanses. It does all this quickly and easily and naturally. It is for women alone to decide whether they will be healthy or sick. Bradfield's Regulator lies at hand. \$1 per bottle at drug store. Send for our free booklet.

### BETWEEN THE RIVERS.

An ice cream and strawberry social will be given in the hall at Hershey on Tuesday evening next week for the benefit of Rev. Chamberlain of this circuit. Everybody invited.

Mr. Patterson of the Gamble Land Co., of Omaha was in the valley on business this week.

Geo. Hackney is on the sick list again.

Mrs. Wm. Eves returned from a visit at Overton Wednesday.

W. S. Cox and crew are putting up the first crop of alfalfa on O. H. Everley's farm.

J. V. Robinson is cutting the alfalfa on the Guthrie land at Hershey now owned by the Gamble Land Co. of Omaha.

Johnny Pickett the five year old son of Mr. and Mrs. Dick Pickett Hershey attended a term of nine months schools in that place the past year without missing a day.

John Schermann has been loading baled hay at Nichols the past week for the western market.

Men to work in sugar beets are scarce in this locality at this time and can not be had for either love or money.

The new hotel at Hershey is being adorned with a fresh coat of paint.

Seeberger & Co., have commenced harvesting the first crop of alfalfa on the J. G. Pecken land which they have leased for this season.

M. Micklesen returned the first of the week from a visit to his farm in Dawson county. He reports crops in fine condition in that section of the country. Mrs. Mickelsen and daughter Garnett who accompanied him remained for a visit in that locality and will return home next week.

D. C. Hewitt, of Hasting, president of the Silver Lake Mining and Milling Company, of Boulder county, Col., was the guest of M. Mickelsen, one of the stock-holders at Hershey, on Tuesday.

W. H. Hill recently sold S. J. Koch a four horse disc corn cultivator.

D. A. Brown marketed a couple of fine veal calves at the Central Meat Market in North Platte the first of this week.

The inhabitants of the village of Hershey were aroused on Tuesday about noon by the cry of fire. Everybody grabbed a pail and started for the fire which was located in a straw stack in the west end of town and had been ignited by small boys with matches.

At the Nichols precinct primary held on Wednesday the following delegates were elected to the county convention: Sam Funkhouser, F. M. Brooks and G. M. Smith. The following precinct officers were nominated: Assessor Will Funkhouser, overseer of highways Sam Funkhouser, justices of the peace F. M. Brooks full term and J. W. Pickett to fill vacancy, constables A. B. Goodwin and D. M. Leopoldt.

The earth is becoming quite dry and hard on the top at this time and late crops are suffering for moisture and unless it rains at once irrigation will be necessary.

Young grasshoppers are becoming quite numerous in many places. J. B. Teillon, Jr., is operating the Nichols creamery at the present time for Manager J. C. Gyger. It is doing a good business.

We are told that Mrs. Lottie Jones has at this time more than three hundred young chickens.

Fifty pounds on an average of butter is churned at the Nichols creamery daily. Since the ground and grass have become dry again it is averaging four pounds of butter fat to the hundred pounds of milk.

### Saved From an Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa., "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it and was completely cured." For desperate throat and lung diseases, it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1. Trial bottles free at A. F. Streit's.

### Notice.

A summer school for teachers and prospective teachers will be held at North Platte. Term, six weeks, beginning June 30th. Tuition \$5. Instructors, H. E. Worrell and W. A. Getty. Special attention will be given all the branches required for a second grade county certificate with the addition of algebra and physics. For further information call on or address OSCAR NEALE, County Supt.

An unsophisticated young fellow from Custer county, whose name we failed to learn, went out to the show grounds last Tuesday and squandered \$15.50 trying to convince the manipulators of the game that he knew more about it than they did. When the lesson ended they had the money and he the experience; but though he was compelled to say the second was good, he preferred the first especially as he was fifty miles from home, so through the advice of others, he told his tale of woe to Mayor Walker who took prompt action to have the filthy lucre returned. If the fool-killer administered the finishing stroke to all who deserve it, the country would be greatly depleted in population, and many of us would have our earthly career shortened to an amazing extent. The moral of this is very plain: "Never bet on another man's game."
