Virulent Cancer Cured.

Starting proof of a wonderful advance in medicine is given by Druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and malarial poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at A. F. Streitz's.

The Method, Not the Money.

And now comes John D. Rockefeller, Jr., and tells us that "riches is no bar to heaven." Probably not, in themselves, but it is the thing a man does in trying to get riches that lessens his chances for heaven.

Was True to His Story.

Women are more frequently affected than men but do not succumb to the cancer in as large a proportion.

Hard-Working Novelists.

Great is the industry and fertile is the imagination of Guw Boothby, the English novelist.
