**RAILROAD NOTES.**

Asst. Supt. Ware returned yesterday from a trip to Grand Island and over the Ord branch.

Luke Hart, who had been working in the Cheyenne shops, is visiting North Platte friends.

Messrs. Brennan and Quinn, former employees of the machine shop, leave for Chicago tomorrow.

Supt. Baxter, of the Union Pacific, spent yesterday in town on matters pertaining to his official position.

Word from Cheyenne is to the effect that all the machinery in the Union Pacific shops in that city has been white leaded. This would indicate the shops will not be reopened in the immediate future.

Word was received at the division foreman's office this week to the effect that the U. P. company had removed all charges against D. A. Brown, who was in a mix-up while running an engine on the Wyoming division about two years ago. Brown is now running an elevator engine in Cheyenne.

The Cheyenne shops of the Union Pacific Company were closed down Tuesday evening, throwing about 650 men out of employment. Several reasons are assigned for this action. One is that on account of the boiler-makers' strike there is no work in the other departments. Another cause assigned is that the merchants and property owners of Cheyenne charge such high prices for goods and exorbitant rents for houses that Mr. Burt concluded to bring them to terms by temporarily closing the shops. Another rumor is to the effect that when the shops re-open the piece work plan will be adopted.

The Union Pacific made a remarkable run with the Aladdin temple of Shriners from San Francisco to Omaha. The special train of seven cars was carried the thousand miles, from Ogden to Omaha, in twenty-five hours, including slow downs, stops for icing and watering trains. The most remarkable part of the run was from Cheyenne to Omaha, 516 miles in ten hours. The 291 miles from North Platte to Omaha was made in five hours and the portion from Grand Island to Omaha was proportionately faster. Though such speed as developed by this train is common with other roads, as well as the Union Pacific for short distances, or stretches of an hour, the fact that it could pick up a heavy train and carry it 1,000 miles over mountains and plains without mishap at such speed, it is pointed out, is a feat that but few railroads can accomplish. All of the Shriners' trains fared with similar good speed while on the Union Pacific.

About seventy-five Lutheran people, principally members of the aid society, drove out to the Hansen ranch north of the river yesterday and passed a very enjoyable afternoon. Mr. and Mrs. Hansen are very hospitable people and this characteristic was lavishly displayed. Refreshments were served.

**Indians Take More Scalps.**

The Cheyenne Indians, arrayed in full war dress, took scalps from nine young men in North Platte Wednesday. But it cost an effort; it was a battle royal on the diamond and until the end of the ninth inning it was no sure thing for the Indians.

The game was one of good steady work rather than of brilliant plays, and of the five errors made, but one was costly, and that particular one was largely responsible for the Indians securing their first run.

Teel, the new pitcher for the Union Pacific, did good work in the box, striking out eleven men and keeping the western sluggers down to ten hits. Up to the sixth inning the score stood one to nothing. The Indians went to bat in the sixth and Nash had reached second. Then Mr. Green grasped his bat and pounded out a home run, thus bringing in Nash and himself. That was grief for the grand stand and the bleachers—but it had to be borne. The score: Cheyenne... 1 0 0 0 0 2 0 0—3 Union Pacific, 0 0 0 0 0 1 0 0—1

**Summary—Earned runs, Cheyenne 2, Union Pacifics 1. Hits, Cheyenne 10, Union Pacifics 6, Errors, Cheyenne 2, North Platte 3. Struck out by Teel 11, by Nash 2. Home run, Green. Two base hit, Leary. Batteries, Cheyenne Nash and Briarly, Union Pacifics, Teel and Short. Time 1:20, Umpire Hart, attendance 600.**
