In this issue will be found a proposed amendment to the con. stitution of Nebraska which will be submitted to the voters for adoption or rejection at the November election,

DURING the past week Texas has been visited by unprecedented rains resulting in floods that have caused the death of a score of lives and the loss of property that will amount to millions of dollars.

The riots in the anthracite coal regions of Pennsylvania have reached such a stage that two regiments of the state militia have been called out. The latest reports, however, are to the troops has had a quieting effect on the strikers.

ated the proposition to the extent that sound financiers have at first skeptical.

OLD PEOPLE Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of

his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost

constant, accompanied with poor digestion and cold extremities. S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the Stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S.

EXECUTOR'S SALE,

Done at Lincoln this 22d day of July in the year of our Lord One Thousand Nine Hundred and Two, of the Independence of the United States the One Hundred and Twenty-seventh, and of this State the Thirty sixth.

An interesting report comes from Indiana. The farmer ladistricts of that state have orperemptory and immediate de- parties. mands on the farmer, just about the time the threshing machine is set, that he is compelled to submit to their demands, which Moore, pres , held its regular meetfrom \$1.50 to \$2.00 per day, do not seem to be very high. Nor will these men work alongside of men who do not belong to the union and thus they are so increasing their strength that farmers are beginning to feel worried and say they will hereafter go more into cattle than grains, thus being independent, at least to a greater degree, of the farm laborer's trust. Wonder if protection is also the mother of this organization .-Grand Island Independent.

ought to know about **Molber's Friend** 

Those who do know about it wonder how they ever got along without it. It has robbed child-birth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external limi-ment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much lesa pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says:

I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lam-berton, Ark., writes: "With my first six children 1 was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."
