The Grand Island Independent says that two months ago 130 men were on the Union Pacific pay roll at that point; now the number is 180. The Independent also notes the arrival there of two carloads of machinery from the North Platte shops.

It is learned this morning, from what seems to be an authoritative source, that the proposed demand of the trainmen on the Union Pacific for an increase of pay has been declared off by reason of the company granting the increase before the demand was formally presented.

Since the first of August twenty-six men have been put on as extra firemen, at this division terminal, several of whom have been sent to the Fourth district. Two firemen took the engineers' examination the early part of the week, and five more will be examined today.

Although the number of imported men at work at Cheyenne is double that at North Platte, the number of guards employed at the latter place is much larger than at Cheyenne. As the North Platte strikers are very peaceable, it is a source of some surprise that the company maintains so large a guard force here.

The daily papers state that a meeting of the board of directors of the Union Pacific will be held in New York today for the purpose of taking some action relative to the labor situation on the road. If the directors are fully advised as to the exact condition of affairs, we are of the opinion that they will order the strike off.

George Casey Dead.
George Casey, one of North Platte's oldest, best known and most highly esteemed citizens, died at his home on West Fourth street early yesterday morning. Death was due to paralytic strokes, the first of which he suffered about three weeks ago and the second a few days prior to his death. From the effects of the first he had partly recovered, and was able to walk down town, but the second being more severe, together with enfeebled health due to old age proved fatal.

The deceased came to North Platte about twenty-five years ago, and during that residence ever proved a straight forward man and good citizen. He leaves an aged wife, and three daughters, and several grand children and great-grand children to mourn his death.

The deceased was in his eighty-seventh year. The funeral will be held from the residence Sunday forenoon, Rev. Swanders of the Christian church conducting the services.

A general meeting of business men will be held in a few days for the purpose of organizing a campaign to secure a greater percentage of the country trade. Steps will also be taken to make North Platte a better market for all classes of country produce than it has been in the past.

Base Ball is Expensive.

The board of directors of the base ball association held a meeting last evening and decided to close the season today. Since the opening of the season, May 15th, the total receipts from all sources have been \$1,870, and the expenses about \$2,200, leaving a deficit of something over three hundred dollars. Over four hundred dollars were put into the grounds and this accounts for the deficit. The players were paid in full today and the remaining unpaid bills will be liquidated by the receipts of a proposed series of entertainments and balls.

The attendance at the home grounds fell off nearly fifty per cent during the last half dozen games, and this cut down the receipts largely and created an unexpected deficit. Had the attendance kept up to the average for the first dozen games the association could have closed the season with all bills paid and a small sum in the treasury.

The four clubs in the Union Pacific circuit will close the season with deficits ranging from \$150 to \$500.

Cheyenne Indians vs. North Platte.

The Cheyenne Indians played three games of ball with the local team this week and they were all good exhibitions of ball. In the game Tuesday afternoon the score stood eight to four in favor of the Indians. The game throughout was a slugging match in which the Indians had the best of it.

The second game of ball with Cheyenne Wednesday resulted in a score of five to three in favor of the local team. Up to the sixth inning the game was a pitchers' battle, neither team scoring. In that inning, however, the Union Pacific landed on Tann the cyclone pitcher, and aided by an error, made three runs, and followed these by two more in the eighth. The Cheyenne team made its three runs in the eighth. The game throughout was one which pleased the large crowd present. Teel pitched a superb game for the locals.

In the third game of ball yesterday Cheyenne won by a score of four to nothing but of the four runs made, only one was earned, the other three being made on errors by the local team. Shaub pitched a brilliant game for the locals, and the first fifteen Cheyenne men up were retired in one, two, three order. The visitors made three runs in the sixth inning and one in the eighth.

Engine and train men are making big pay this month, one engineer reporting having earned one hundred and forty dollars in the first fourteen days of the month, and a fireman fifty-six dollars in thirteen days. Conductors and brakemen are earning money proportionately.

W. E. Price, who has been working in the Union Pacific blacksmith shop at Cheyenne, returned to town today.
