The Climate

Of Western Nebraska is hard on paint and it is almost money burned to use an inferior quality when painting your house. The best paint is by far the cheapest in the end.

Sherwin & Williams Paints

Have been sold by us for many years, and they have given universal satisfaction—time tried and not found wanting. We have a full stock on hand for the spring trade. If you have used it you will buy it again; if you have not used it, try it.

Give Alvin Pool an Ovation.

On Thursday evening of last week the Fremont orchestra, of which Alvin Pool, late of this city, is leader gave a concert at Fremont, assisted by Frank H. Ormsby, the lyric tenor of Denver, and by Mr. Pool as solo violinist. The Fremont Tribune devotes over a column to the concert and says Mr. Pool was given an enthusiastic ovation, not only as to his work as leader of the orchestra but as to his individual playing and that he was compelled to come back twice after encores.

In closing the Tribune says: "Taken as a whole the concert was an immense success. It was intended as an occasion for introducing Mr. Pool to the Fremont public, arrangements having practically been completed to have him remain in the city, lead the orchestra and give violin instruction to those who wish it. If the reception which he received last evening is a criterion, his playing and teaching will be in demand as long as he shall be here."

BETWEEN THE RIVERS.

Nearly all the wheat in the irrigated section between Birdwood and Sutherland has been threshed, and the results are very gratifying, yielding as high as forty-six bushels per acre, machine measurement. This latter yield was obtained by J. G. Feeken.

W. H. Hill and I. E. Ware, the Hershey merchants, were in North Platte on business Monday.

W. A. Paxton of Omaha has been transacting business at the ranch near Hershey for several days past.

James Ware, of the Pawnee ranch, was a guest at the Paxton ranch the latter part of last week.

The rain which visited this section Sunday night was a good thing for corn, alfalfa and sugar beets, but of course interfered somewhat with haying operations. So far not one-half of the hay crop has been harvested. Since Sunday night's rain the prospects for a third crop of alfalfa are good.

A considerable acreage of the second crop of alfalfa has been let stand for seed, and the indications are that it will yield a good crop of seed.

The union Sunday school picnic held at Mrs. Ware's grove Saturday was well attended, and a very pleasant time resulted to all attendants. A program of music and recitations was rendered in a manner that reflected very creditably to those participating.

Bert Wright and family, who were living in the old canal company's house near Nichols, moved to North Platte Monday, where Mr. Wright is employed in the railroad yards.

Encouraged by the large yield of winter wheat this season, the acreage of that grain sown this fall will be larger than usual. It is not to be understood, however, that the farmers will neglect corn, alfalfa and sugar beets.

Guy Congdon returned yesterday from a week's visit in Omaha.

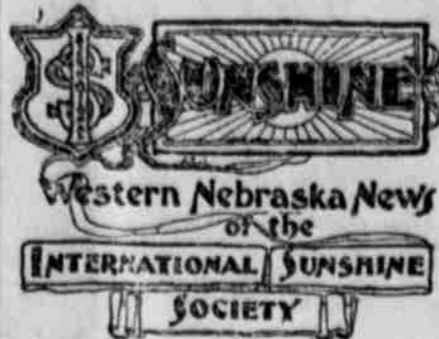

M. Murrin, who for a year past has been living on his ranch near Hillsdale, Wyo., came down last week to visit his sons, and will remain for a month.

Mr. and Mrs. J. A. Isaman, of Aurora, Neb., arrived in town yesterday, having been called here by the death of W. N. Salisbury. Mr. Isaman formerly resided in North Platte, but is now county clerk of Hamilton county.

Good Cheer.
Have you had a kindness shown
Pass it on.
Twas not given for you alone
Pass it on.
Let it travel down the years.
Let it wipe another's tears.
Till in heaven the deed appears.
Pass it on.

OPPORTUNITY TO SPREAD GOOD CHEER

Dear Mrs. Moore:—Could you help a self-supporting girl to dispose of some Mexican drawn work? Perhaps you know of some one who would like to take the agency at a commission of ten per cent. I appeal to you as president of the Sunshiners in your state. I am not a member of the society, but a King's Daughter. Trusting you will do something for me, I am

Very sincerely yours,
Miss Lillian J. Mielke,
Isabel, Texas.

The state division would be glad to receive fancy articles suitable for grab sale, to be held on International and State Day. Contributions should be addressed to Mrs. Anna E. Moore, Myrtle, Neb.

HERE AND THERE

A member of North Platte Branch No. 1, who withholds her name from publication, contributed twenty-five cents to the wheel chair fund and sends literature to Mrs. Matt McGue of Gandy.

Mrs. M. E. Mahaffey, of Mullen, passes on magazines, quilt pieces and clothing as her share of Sunshine work. She also contributed money to the "Sick Babies Ice Fund."

Albert Rigbee, of Lincoln, paid his initiation fees to the International Sunshine Society in a practical way. Mr. Rigbee was living in a tenement house on O street, his peaceful slumbers were disturbed by the cries of an infant. Upon inquiry he found the child was hungry and that the grandmother had no money to buy milk with. Mr. Rigbee went to near by restaurant and purchased milk and the child was soon quieted. The grandmother writes it was a noble act to do and I shall always be grateful to him.

A glimpse at the notes jotted down in the reference book at the state office may offer an opportunity for some one to scatter sunshine: two doll's arms for medium size doll, silk pieces, odds and ends of embroidery floss, cigar boxes, pasteboard blocks that ribbons are wound on, any material that can be utilized in fancy work.

Myrtle branch No. 1, Mrs. Anna Moore, pres., held its regular meeting August 6th, at the home of its president. A number of busy bees cut stamps from envelopes found in waste basket, others gave assistance in making ready packages to mail. Cancelled stamps were forwarded to Brooklyn, N. Y. Child's dress and hat, contributed by Mrs. Wilson and Mrs. Moore, was sent to a family of North Platte branch No. 1. Scrap books were mailed to a member of Tryon branch.

Fancy articles were contributed by members for a "Talk-in-my-sleep-box" and for the coming grab sale. Vegetables and milk were sent to members in neighborhood. Sunshine calls were made and many bouquets of flowers were sent out to cheer the sick and lonely.

Mrs. Josephine Hoagland of Gandy has been appointed organizer for Logan county.

Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malarial fever. A disposition to yawn, and an all tired out feeling even comes before the chill. Heberline, by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores the health. 50c at A. F. Streitza' Corner Drug Store.

Good Yields of Grain.

The following from the Gothenburg Independent give some idea of the yield of grain in Dawson county: N. Brownfield threshed 7,000 bushels of small grain which averaged thirty-eight bushels per acre. G. Carlson received 1,800 bushels of rye from his farm rented to Chris. Mauer this year. The crop averaged forty-three bushels per acre.

Wash Daggett commenced threshing 300 acres of small grain yesterday that will make 12,000 bushels. It will take two weeks to thresh the job.

NEIGHBORHOOD NEWS.

The Odd Fellows at Cozad have purchased a business lot 40x100 feet on the main street and in the future will erect a two story brick building.

John Crouch, living near Cozad, sold his 320 acre farm the other day for \$7,000, the purchaser being an Iowa man.

More than one hundred tons of coal a day is unloaded into Union Pacific locomotive tanks at Lexington.

The Nebraska Telephone Co. for the past week or so has had about a dozen men and teams employed in putting up poles. The company has its line complete from Lexington east, and is now engaged in planting poles and wiring the same from this city to North Platte, a distance of sixty-one miles. The wire used is copper.—Lexington Pioneer.

A Worm Killer.

J. A. J. Montgomery, Paxico, Wayne Co., Mo., writes: "I have little twigs, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c at A. F.
