**Fun Thursday Evening.**  
 "Hello Bill," a farce-comedy which is replete with clean fun, will be seen at the opera house next Thursday evening. This play is new in theme and treatment, entirely unbacked in its construction, and stands as an epitome of the higher type of farcical comedies and strives to appeal to its auditors through their sensibilities rather than by clap-trap methods. It treats of a novel subject in a novel manner, its humor is of the frank and free kind. The company, headed by the favorite comedian, Harry Corson Clarke, is said to be of uncommon strength.

### In Society.

Mrs. Milton Doolittle will entertain a party of young ladies Wednesday afternoon at a Kensington, given in favor of her niece, Miss Lenore Cummings of Chicago.

The West End Card Club will open the season on Tuesday evening, Sept. 16th, the initial party to be held at the Goozee residence. The sessions will be held on alternate Tuesday evenings during the season.

Miss Aileen Flynn entertained the members of the P. S. club together with a number of their gentlemen friends last Friday evening. The evening was devoted to games followed by a daintily prepared and nicely served lunch. The guests report a very enjoyable time. In entertaining Miss Flynn was assisted by Mesdames Chas. Murrin and Wm. Morris.

### "The Convict's Daughter."

"The Convict's Daughter," which will be the attraction at the opera house next Saturday evening, is said to be the most magnificently presented comedy-drama ever offered to the theatre-going public, while in incident and theme it is one of the most powerful, every climax breaking with almost volcanic intensity. So much, by way of introduction. To go into the play itself, nothing can be said to detract from its worth. In the entire company, from the actor who interprets the leading part down to the mere stage loiterers, there is not one single person who has been negligently selected or unintentionally cast. This comedy drama, which lacks all the melodramatic thunder of bygone days, is new and unknown, but cannot remain so for its magnificent staging at once becomes its herald and sounds its own alarm. Nothing has been sacrificed to appearances, for there is brought together a series of incidents that hold the interest as has nothing that has come before it. The situations, the motives, the characters commingle without the least jarring or tugging or straining giving a pleasing finesse to a story that is said to be taken from life. The climaxes develop quickly and break magnificently, while the lighter moments are as rolling as a Sousa march, the sentimental fragments being truly natural and the comedy bits as sparkling as the lights which adorn the stage.

### Trainmen Want More Pay.

A special telegram from Milwaukee says: "The big railway systems of the country will be confronted with a demand by 100,000 members of the order of railroad trainmen on September 15th for an increase in wages. This will mean an additional outlay of \$1,000,000 a month for wages on the railroad systems or a strike which will eclipse in extent all previous railway strikes. The demand will be for an increase of 20 per cent in wages, which means from \$10 to \$20 a month increase for brakemen and conductors. Plans have been made to send delegates from each of the 400 trainmen's lodges in the country to a general conference of railway managers. Milwaukee members of the order have already paid their assessments for the expenses connected with the conference. The other lodges throughout the country have selected delegates and as soon as the executive board of railway trainmen decides on the form they shall take the demands will be presented. In case of a strike being necessary organization has been so perfected that every road concerned can be tied up at once. The employees have selected for making their demand a time when the crops are to be moved and the service of every man will be in demand. A conference with the managers on the wage scale will be asked. There will be no threats unless there is a positive refusal.
