Store Open Evenings Until 8 O'clock. WILCOX DEPARTMENT STORE.

RAILROAD NOTES.

Charley Blood, night yardmaster at Cheyenne, visited North Platte friends Wednesday.

Will Reynolds, who had been braking on the Fourth district, came home Wednesday.

Traveling Firemen Reimeyer and wife returned Wednesday from a week's visit in Cheyenne.

Chas. Ell yesterday made up fifty minutes on the running time of train 102 between Sidney and this city.

Beginning September 1st Burlington switchmen in Nebraska were granted an advance of three cents per hour.

P. J. Conlon, first vice-president of the machinists' union, will arrive in Omaha this week and will direct the strike in the future.

Harry Barraclough, who had been visiting his parents, returned to Cheyenne Wednesday. He is an apprentice in the U. P. machine shop at Cheyenne.

Our old friend Jack Sullivan, the lone engineer on the Kearney & Black Hills road, was taken sick this week and an engineer was sent down from here.

The case of President Burt, who is charged with false imprisonment, has been taken to the district court, Burt having waived examination in the county court.

A gang of twelve or fifteen men, who are engaged in stringing a new

Western Union wire, were in town yesterday, working east. They string wire at the rate of fifteen miles a day.

Forty-three non-union men were brought to Omaha from Buffalo Wednesday, several of whom deserted upon reaching Omaha. Wholesale desertions are reported from Cheyenne.

Andy Cameratta, who has had charge of the Italians working on the grade on the Fourth district, was in town Wednesday accompanied by fifty of his men who had quit work for the season.

Claim Agent Cone of the Union Pacific was in town yesterday making settlement with Mrs. Eirdam on the death of her son Henry, who was killed at the ice house. A settlement was made, we understand, for one thousand dollars.

The Omaha News says that leaders of the Union Pacific strike claim to have inside information that George Gould will be in Omaha today and that his mission is to investigate the strike. It is further claimed that the stockholders of the road are beginning to get uneasy over the losses resulting from the strike.

An order has been issued, it is said, by the Northwestern road to its conductors and engineers instructing them that they need not attempt to make up time lost by the Union Pacific on trains run in the Union Pacific Northwestern combine. It is further stated that the Northwestern has grown very

weary of the belated Union Pacific trains and are making some very vigorous kicks.

A county official, a lawyer, a clothing merchant and a newspaper man were taken through the shops yesterday morning by Foreman Stubbs. Fifteen or twenty men were at work in the machine shop at the time, who were, we were told, at work on the three engines standing in the shop. All machinery has been removed from the boiler shop and that building has been divided into ten rooms, nine of which are used as sleeping apartments with eight or ten iron beds in each room. The tenth room is used as a reading room, and is supplied with a long table and chairs. Porters keep the rooms in order, and everything looked neat. The men are boarded in cars, two of which are used as dining rooms and one as a kitchen. The cook and his assistants were preparing for dinner, and had two immense pans of beef and pork roasting in the oven. Indications were that the men are well fed. In another car are two bath tubs, and a barber shop, the latter presided over by a ebony hued individual. The company furnishes the imported non-union men with board and lodging free, and they are given an opportunity to make plenty overtime. Last month some of them made as high as \$145. The company is making arrangements to put in a stock of such goods as the men will require—clothing, shoes, hats, etc.

All the imported men we noticed are foreigners, and few if any of them speak English distinctly.

BETWEEN THE RIVERS.
Henry Weil, on the old Schuff farm, informs us that he and Mr. Schuff will feed sixty-five head of three and four year old steers this winter. They will buy a carload or two of hogs which will be fed with the cattle. They have about one hundred acres of fine corn that will yield forty-five or fifty bushels per acre.

W. O. Cole will ship a couple of cars of hogs to the western market this coming week.

Dr. Eves, who is a member of the board of pension examiners, attended a meeting of the board at North Platte Wednesday.

Will Downhower and Will Eshleman of the county seat were visitors in this section the early part of this week.

Wild ducks are coming in rapidly at this time but the hunters are almost as plentiful.

Mr. and Mrs. A. B. Goodwin of Hershey are visiting in Denver and other western points.

Mrs. Emma Ware of the county seat attended the Harvey-Ware wedding Sunday.

J. C. Gyger is at present entertaining his mother and sister, who reside in the west.

Nearly all the corn in this section is out of the way of Jack Frost.

J. K. Eshleman is about convalescent from his recent illness.

The Gamble Land Co. has a fine

haying outfit at work between the rivers.

Last Sunday J. G. Feeken's barn, containing a large amount of grain, hay, harness and farming tools went up in smoke. Mrs. Feeken and children had returned from North Platte and had just got the team in the barn when the fire was discovered. Mr. Feeken was at home alone all day and the origin of the fire is unknown. The horses were all saved but a large straw stack was consumed and his orchard near by was badly scorched. The loss is partly covered by insurance.

Judge Grimes, wife and son Lee were guests at the A. W. Arnett residence just north of Hershey on Wednesday.

Owing to illness in his family, J. G. Feeken did not go to Gottemburg with his threshing outfit as he expected.

John Ware has about a car load of fall wheat for sale which he grew this season on the farm belonging to his mother, Mrs. Wm. Ware.

A Boy's Wild Ride for Life.
With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, coughs and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at A. F. Strotz's Drug Store.

The cool weather of yesterday reminded one of the fact that the anthracite coal strike is still on.

A Bargain in Steel Ranges.
