### Give North Platte Another Swipe.

The Union Pacific gave North Platte another swipe last Saturday when an order was issued transferring the headquarters of engines and engineers on the Second district from North Platte to Grand Island. The reported cause for this action on the part of the company is that Grand Island is friendly to the Union Pacific while it is claimed that North Platte is not.

All work on the Second district engines will be performed at the Grand Island shops, and the engineers will have their long lay-over at that division terminal instead of this city.

This will result in quite a cut in the round-house force at this point and eventually the force in all departments of the shops will be reduced to a minimum. At least this is the plan outlined by the company.

The change of headquarters of the motive power on the Second district will entail additional expense to engineers and firemen, as instead of remaining at Grand Island but a few hours as has been the custom, they will remain much longer.

Rather than bear this additional expense, it is probable that a few of the engineers and firemen will remove to Grand Island.

### High School Eleven Wins.

In the game of football between the Kearney Military Academy and the local High School eleven, played at Dillon athletic park in this city Friday afternoon, the latter won by a score of five to nothing. The score was made in the first half when the High School made a goal after fifteen minutes of brilliant playing, the rains being made nearly altogether by center rushes. Congdon, however, failed to kick goal, the ball being placed at a bad angle. In the second half, the visitors made two fine end runs, in one of which the runner made goal, but in doing so ran out of line and was called back. Time was called on the second half before a goal was made.

The High School team outclassed the visitors, the work of Otten and Cary being especially good, although each individual member of the team played an excellent game. The game was the best ever played on the local grounds, the team work being much better than last year, and the fumbles and misplays fewer. This improvement is due to coach Lester W. Walker, who has given considerable time in getting the eleven in good shape.

A return game will be played at Kearney on November 6th.

### "Midnight in Chinatown."

An early attraction to be presented at this theatre is W. O. Edmund's big melodramatic comedy "Midnight in Chinatown," a story of the Golden Gate City, San Francisco. A large cast is required and a splendid scenic environment will enhance the beauty of the production.

The story opens at a summer resort in the mountains, where the heroine is coerced by a false friend into almost an elopement with the villain of the play, which is thwarted, however, by the hero, who in shielding his fiancée, is compelled to acquiesce to a charge of attempted murder.

The scenes change rapidly to San Francisco Bay and the prison in which the hero is incarcerated to the Murray mansion, from which the heroine is abducted and taken to an opium den controlled by the villain and from whence she is rescued by the hero and a body of police at the climax of the play and is one of the most sensational scenes ever enacted upon the stage.

At Lloyd's opera house Saturday evening, Oct. 11th.

### Everything Favorable to Republicans.

Judge Grimes returned the latter part of last week from a trip to the west part of the state, which included Keith, Deuel, Cheyenne, Kimball and Scotts Bluffs counties, and his traveling companion was Judge Kinkaid, republican candidate for congress. Judge Grimes says that at every point at which they stopped they found conditions very favorable to the republican ticket. Many old time populists volunteered the assertions that the republicans would make a clean sweep of the platter and that Judge Kinkaid would be elected to congress by quite a big majority. Judge Grimes found the people well satisfied with the present prosperous conditions of the country, and that from a personal standpoint republicans and populists and even some democrats do not think that a change of state and national administrative policy would be a good thing. Many populists will vote the republican ticket, while many others will not go to the polls.

### Demands a Correction.

Sanford Hartman desires us to correct the statement that he had been admitted as a member of the Alfalfa club. It is true that he made application but was blackballed by Jim Cunningham and Alex Streitz. Prior to taking the vote on the admission of Hartman, an informal meeting of the club was held and Cunningham made the statement that a farmer in the sand hills had planted two bushels of seed potatoes, that he had harvested 200 bushels from the seed planted and that he was still digging. Hartman doubted the truth of the statement and said that he had planted 66.75 worth of seed potatoes and had harvested \$2.40 worth. For this unpatriotic talk he was given two blackballs when the vote on his application was taken. Hartman is now as mad as a hornet and is doing everything he can to disorganize the Alfalfa club.

### If Dickinson Resigns, Park will Succeed.

General Manager Dickinson refuses to deny or affirm the report that he will resign and accept a similar position with the Kansas City & Orient. It is generally believed that if Mr. Dickinson had not tendered his resignation he would promptly say so.

In case Mr. Dickinson does leave the Union Pacific, it is reported from good sources that the position of general manager will be given Supt. Wm. L. Park, of the Wyoming division. Mr. Park is today recognized as one of the most able railroad men in the west and no official has ever been more popular with employees. He has ascended to his present position from that of a brakeman on a freight train through the various stages of promotion and in each position he has held he has proved his ability, and received satisfaction to the company and justice to the men under him.

In North Platte Mr. Park began his railroad career, and if he is to be elevated to the position of general manager of the "Overland", it will be a day of supreme satisfaction to his every acquaintance in this city.

### BETWEEN THE RIVERS.

Mrs. J. G. Feeken, who has been demoted to some extent for a short time, was taken to the sanitarium at Lincoln last week is said to be rapidly improving already.

Mr. and Mrs. J. K. Eshleman departed Saturday for Harrisburg, Penn., via Washington, D. C. They were accompanied from North Platte by Frank Downhower and wife.

Mrs. O. H. Eyerly and little son left Saturday for a visit with relatives and friends at Peoria, Ill., and in Iowa.

C. H. Fink, of Wayne county, Neb., was the guest of J. V. Robinson last week. Mr. Fink came up here for the purpose of looking over the country with a view of locating. Mr. Robinson took him out over the country with which he was favorably impressed. He did not purchase while here but has several farms in view, one of which he may purchase if everything works favorable.

Wild geese are becoming quite numerous in this locality at the present time.

The prairie chickens, while quite numerous in the valley, are so wild that it is almost impossible to get close enough to shoot and kill them. Still the country is flooded with men in pursuit of them but are not bagging any large numbers.

J. G. Feeken has started up his steam thrasher again near Gothenburg.

Everybody is on move in this locality at the present time. Some are baling and loading hay on the cars and others are harvesting sugar beets and loading them on cars. Teams can be seen going in all directions.

J. R. White of Sellers, Ill., who has been up in the valley for the past two weeks on business, made arrangements before returning home last Saturday to have a large barn erected on his farm in the valley, now occupied by his brother D. B. White. F. C. Calloway will do the work.

The draft team of sorrel horses that Thomas Hayes got of Henry Folk not long ago have both died lately from some unknown cause.

Ed Ewell of Grand Island was up in the valley last week looking over the beet crop and took a shot or two at a few prairie chickens.

Miss Helen Neilson took charge of the school at Myrtle yesterday (Monday) which she will teach for the coming school year.

Mr. and Mrs. D. A. Brown and little daughter Helen have been combining business with pleasure at Nichols since Saturday of last week.

J. V. Robinson closed a deal the last of last week for two hundred and forty acres of land near Corwith, Iowa. He has not as yet decided whether he will go there to reside or rent it and remain where he is and act as local agent for the Gambel Land Company which he has been doing since he sold them

### Mothers

Who would keep their children in good health, should watch for the first symptoms of worms and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good and they grow up healthy and strong. 25c at A. F. Streitz's Corner Drug Store.
