**Parson Goes on Ticket.**  
Last Saturday the populist central committee, which was empowered to fill any vacancies on the ticket, had the name of A. F. Parsons placed on the official ballot as a candidate for county attorney.  
This action will prove a mere matter of form, as A. H. Davis, the republican candidate, is sure to be elected by a large majority.

**An Act Not on the Program.**  
While Buffalo Bill's show was exhibiting at Houston, Texas, Saturday, three bold, bad cowboys from the plains, while under the influence of liquor rode through the main entrance into the arena during the performance. The intruders created quite a disturbance but were finally jerked from their saddles and ousted. During the melee one of them was fatally stabbed.

**A Scab is Assessed a Fine.**  
In the county court yesterday, a scab named Albert Kuhns was assessed fifteen dollars and thirty cents for attempting to provoke an assault, the complaining witness being L. P. Rasmussen, one of the striking machinists. Kuhns had filled up on whiskey and became very abusive. He was warned several times by the police to get off the streets and return to his quarters at the shops. This, however, he failed to do, and meeting Rasmussen began pouring out a storm of abuse. Instead of smashing Kuhns' face, Rasmussen pursued the better plan of filing a complaint. On Kuhns' person was found a three-cornered file which had been ground down to a razor edge. For his misconduct he was fined one dollar and costs, and five dollars for carrying concealed weapons, the total aggregating \$15.50, which he paid. It is said that Kuhns went to Omaha a couple of weeks ago and while under the influence of liquor was robbed of one hundred and ten dollars.

The fact that a striking machinist was arrested and fined last week for provoking an assault and that a scab was arrested and fined yesterday for a similar offense, is evidence that Marshal Langford is showing no favoritism.

The social given at the K. P. hall Saturday evening by the ladies aid society of the Presbyterian church was well attended. We understand that next season the American Beet Sugar Co. will make arrangements to furnish beet growers with the necessary number of Russians to cultivate, weed and harvest the crop. These Russians will do all the work for twenty dollars per acre plus their railroad fare. This plan would solve the labor question for the growers, and the net income per acre ought to be an incentive for the farmers to put out a very large acreage.
