John Lemasters is carrying his left arm in a sling, the result of a fall he received Saturday evening by walking off a platform in the rear of Harrington & Tobin's store. In the fall the arm was fractured above the elbow. As Mr. Lemasters is rushed with work, which includes the putting in of two steam heating plants, the accident is particularly an unfortunate one. We regret the fixer got fixed, but are glad to know that the doctor has fixed the fixer as best he could.

The great unloading sale which opened at The Leader last Saturday has so far proven a big success and as this bargain-getting event becomes better known throughout the county the trade will be even greater. One man from the eastern part of the county dropped into the store yesterday with the only intention of looking around, but he saw so many bargains that he could not resist buying a big bill of goods. What was true of this particular man has been true of others, and will apply to many in the future. Once in the store, one cannot help but take advantage of the great bargains offered. The great unloading sale will continue until Dec. 8th, but it is best to take advantage of the sale as early as possible.

Elsewhere will be found published the proposition to vote bonds in the sum of fifteen thousand dollars with which to erect a gasoline gas plant. The election will be held December 30th. THE TRIBUNE editor at this time is not sufficiently informed as to the merits of the proposed plant to either advocate or oppose the bond proposition. He will, however, in company with one or two others, inspect the plant at Central City within the next ten days and after a careful investigation hopes to be able to present the findings fairly to the people through these columns. The attainment of the greatest good to the greatest number should be the aim of every citizen and this can only be accomplished by the investigation of measures which are presented to the people for adoption or rejection.

The dozen men working on the construction of the Nebraska telephone line are now about half way between this city and Maxwell. Field and Sizmore are evidently determined to give their patrons the best service possible.

A Fine Concert Company.

A few years ago the coming of a good musical company to our city was a great event and always filled the house with a fine audience. Of late musical entertainments have not been so freely patronized here. Why? Simply because the usual programs were too classical and cold for the average auditor. In the program to be given by the Schubert Symphony Club and Lady Qua tette on Nov. 14th, we have a musical entertainment that is highly enjoyable from first to last. Our readers will do well to remember that it is not often that we are offered such a feast of musical good things as the Schubert's program contains. This entertainment will be given under the auspices of the High School at the high school auditorium.

Y. M. C. A. NOTES.
One of the best meetings held in the rooms this year was that of Sunday. A. F. Parsons had the privilege of speaking to a body of fifty men and he did it faithfully and well. Mr. Young of Lincoln sang a solo in a way that made men want to hear him again. The Quintette sang a beautiful selection which was greatly appreciated. An offering of \$4.15 was cheerfully given for the work of the International committee.
It is just great to have such rooms as we have to open to men each day. Yesterday 125 visits were made to them and twenty-eight enjoyed the baths. Many times the piano was surrounded with men engaged in singing and last evening the reading room was filled with men enjoying themselves. Three men joined the association.

A Good Show Coming.
This is what the Daily News of Denver says of Manager Lloyd's attraction at the opera house for one night only, Monday, November 17th, and judging from the criticism of the News the people of North Platte will see a good show on that date. "One of the best attractions that has been presented this season at the Empire theatre is 'A Jolly American Tramp,' that opened a week's engagement yesterday forenoon at this theatre to a crowd of house. Judging from the title of the play one would imagine that it was strictly a tramp show, but such is not the case. It is necessary to have him there so that the title of the piece can be saved. He bobs up at the right time throughout the entire three acts and it must be said that in the role of the tramp Mr. Walter Gale is without a doubt one of the best delineators of the genus hobo that Denver theatregoers have ever seen. His make up is perfect and he presents many specialties that kept his auditors in a hilarious manner while he was on the stage. His songs were highly pleasing. May Ward is the ingenue of the company and she is winsome and clever. The play is full of bright comedy and pathos and catchy specialties that all go to make up a play that should please an audience for fully three hours. It is impossible for one to see 'A Jolly

American Tramp' and go away feeling that they have not had their money's worth, for such is not the case.
