For sale by North Platte Pharmacy.

## BETWEEN THE RIVERS.

Mr. and Mrs. W. T. Miller were the guests of North Platte friends last Saturday.

The Nichols creamery, which was closed about a month ago owing to a scarcity of milk, was sold at public auction on Saturday last. J. G. Feeken purchased the building and J. C. Gyger, who operated it for the past three years, purchased the machinery.

Mrs. Byler, who has been with her parents at Hershey for some time, left with her little daughter for a trip down the line the latter part of last week. She was accompanied as far as North Platte by her parents, Mr. and Mrs. Huit.

J. G. Feeken, who has been threshing with his steam thresher down in Dawson county for the past two months, had to quit and return home last week because he could not get coal. He will finish down there in a couple of weeks if he gets coal.

County Treasurer Scharmann of the county seat, accompanied by Frank Tufts, were in the valley on business last Saturday.

John Parton, of Paxton, who lately leased the new hotel at Hershey, now has it open to the public. If you want a good meal to ease your empty stomach or a neat, clean bed in which to rest your weary, aching bones just put up at this hotel where everything is neat and clean and at reasonable prices.

D. S. McConnell, who was taken to Omaha about two weeks ago, where an operation was performed on him for gall stones, withstood the operation in fine shape and is soon expected home.

Agent J. W. Abbott, of Hershey, and wife will in a short time take possession of the Strickler residence lately vacated by J. C. Gyger and family.

A dancing club has been lately organized at Hershey, and we understand the first of the series of dances will be held in the hall on Friday evening next. No one except those holding tickets will be allowed in the hall.

Under the management of Thos. Crummy, the Mackin ranch of 3,000 acres located three miles south of Hershey is becoming a model one. Since taking hold as manager Mr. Crummy has had erected a new house, sheds, barn, corrals and ten miles of wire fence. Two wells have been put down and windmills erected. Recently 225 head of Hereford heifers were shipped from Omaha and placed on the ranch. Mr. Crummy's method of conducting a ranch is certain to prove successful.

Tyler Hollingsworth traded Wm. Dickinson his residence in the Third ward in the city of North Platte last Saturday for a herd of cattle which he now has at his home at Hershey.

Several electors in Nichols precinct bolted the fusion ticket which they have been voting for some time and voted the straight republican ticket this fall.

J. F. Ganson, of the county seat, has succeeded W. H. Hill as manager of the W. W. Young hardware store and lumber and coal yards at Hershey. His family are located in the residence recently vacated by Dr. and Mrs. Eves. The many citizens in that town and vicinity kindly welcome Mr. and Mrs. Ganson to that place. Mr. Hill will depart this week for Overton where his wife and son have been for

some time, where they have purchased a general store and will take possession of it at once. Mr. and Mrs. Hill have resided at Hershey for several years and have made many friends during that time who deeply regret their departure but all join in wishing them happiness and prosperity in this their new undertaking. What is Hershey's loss is Overton's gain.

Henry Weil purchased seventy head of shoats over on the north side last week which were delivered at North Platte yesterday, from where he brought them up to his farm and put them in with the cattle that he is feeding.

The M. E. church ministerial association is being held in the Hershey church at this time. There is a good attendance and a fine program is being rendered.

## WELLFLEET WAVELETS.

Dr. Winters, of Curtis, was practicing dentistry in Wellfleet last week, and was delayed several days on account of a lack of train service.

Bert Votaw is selling flour to the farmers from the car at wholesale. Our druggist pulled out for Curtis on the double quick the other day—he wanted to see the dentist.

We have a new butcher shop in Wellfleet with Johnnie Hamilton as proprietor.

Frank Cushing, a boy of twelve has been missing since Thursday. It is supposed he ran away.

We think Herman Koester is the crack corn husker near here. He averages eighty-five bushels per day where corn only makes eighteen or twenty bushels to the acre.

It is said John Ehler is married, his wife coming from the east. One more chance gone, girls.

Henry Hanfield and cousins have taken up 489 acres of government land in the hills four miles northwest of Wellfleet and will make a cattle ranch there.

Cattle still continue to die from eating cornstalks. Several parties say they have lost cattle after pasturing on the same field of stalks for a week or more. One man near Maywood turned ninety-six head in a nine acre field and lost twenty-six of them. Many suggest keeping them off the stalks until it freezes up.

A big dance will be given at Bickford's hall Thanksgiving night. It is hoped that those that like to fill up on drink will choose some other place besides at a place where there are ladies, as happened last week. It would be more manly.

## NEIGHBORHOOD NEWS.

The contract for building the new bridge across the Platte river near Lexington was awarded last week to the Canton Bridge Co. The bridge will be ready for use in April, 1903.

The supreme court has sustained the lower court in the judgment which Geo. F. Anderson, of Gottenburg, secured against the retail lumber dealers' association. This suit was instituted to recover damages which Anderson claimed he sustained by members of the association writing to wholesale lumber dealers thus preventing him from buying lumber which he needed to complete houses which he as a carpenter had under contract.

In the district court of Dawson county last week the suit for damages against the Union Pacific by Lawrence Larson, administrator of estate of Christina Anderson, was tried. This is one of the cases wherein a prairie fire, alleged to

have been started by a Union Pacific locomotive, caused loss of life and damage to property in Lincoln county in April, 1899, and in which Christina Anderson was burned to death. The plaintiff asked that damages to the amount of \$2,000 be awarded. The court instructed the jury to return a verdict for the railroad company for the reason that the suit was brought in the name of the deceased's sister when it should have been brought in the name of the deceased's children, they being the next and nearest kin. The case will be carried to the supreme court.

Among the cases to be heard in the district court at Sidney this week is one of Nellie Woodward against Dr. Mack Sod All. Mrs. Woodward alleges that her son Raymond, aged eighteen, was employed by the doctor who hypnotized him and deprived him of a luxuriant growth of hair, which with the other attractions made her son a most stately and noticeable personage. The amount of damage claimed is ten thousand dollars.

The big bonfire of the gamblers' paraphernalia in front of the court house last evening was a sight for Carrie Nation. After Sheriff Hill had poured kerosene over the pile of finely wrought crap, poker, Klondyke, dice and faro tables and roulette wheels and struck a match to it a dozen Carrie Nations hatchets could not have wrought the complete destruction that followed. It may be truthfully stated that it furnished one of the most unusual spectacles ever witnessed in the state. Hundreds of Hastings people turned out to see over \$3,000 worth of gambling furniture and fixtures go up in smoke. It was a warm sight for the artists and if some were there to take pictures of the lurid spectacle they missed a rare opportunity.—Hastings Republican.

### Making Men's Lay,

Hens will lay if they have the right kind of food and plenty of it. Lee's Egg Maker supplies meat food and other elements needed for egg production and has the well earned reputation of being the best poultry food in the world. It makes hens lay, prevents and cures colds, cholera, etc. It is the biggest and best 25 cent package on the market. Sold by A. F. Streit's.

In 1898 the republicans carried eight of the fifteen states west of the Mississippi and the democrats seven. In 1902 the republicans carried all but one. Before the rise of populism the west was solidly republican. If there be any comfort in this fact for Mr. Bryan, after some eight years of effort in using populism as a catspaw to rake democratic chestnuts out of the fire, the disinterested observer would like to know just what and where it is.—Kearney Hub.

Estimates made by State Auditor Weston will call for an appropriation of \$3,184,308 by the next legislature as against \$2,875,289 by the last one. There will be an estimated deficiency of \$75,000 not including \$35,000 needed to pay bounties for wolf scalps. New buildings for state institutions, costing \$585,950, will also be asked for.
