Barnum to Leave the U. P.

A report reached North Platte yesterday to the effect that M. K. Barnum, master mechanic of the Nebraska division, will leave the Union Pacific January 1st and accept a position as assistant to Saml. Higgins, superintendent of motive power on the Southern Railway System. It is understood that the position carries a salary almost double that now drawn by Mr. Barnum, and that his headquarters will be in Washington, D. C.

Mr. Barnum has proven a very popular official with both the enginemen and shopmen and his departure from the Union Pacific will be universally regretted.

Mr. Harry White, accompanied by Mrs. Jessie Bacon and Mrs. Helen Hart, came down from North Platte Tuesday for the purpose of looking over and estimating the value of the personal property belonging to the Bacon estate. They drove out to the ranch but on account of the rough windy weather the ladies soon returned.—Gothenburg Independent.

The University of Nebraska foot ball eleven would up the season by winning from North-western yesterday by a score of 12 to 0, not having lost a game this season or even being scored against and on the record claims the championship of the west.

Rev. Chas. F. Graves died at his home in Shelton on Thursday of last week after an illness of about a month. Rev. Graves was well known in town, also in Sutherland where he filled the Presbyterian appointment a number of times. He leaves a wife and five children.

A man, who lives in the vicinity of Maxwell, was lodged in jail this morning for being drunk and disorderly at the depot. He was fined five dollars but not having the cash is in jail.

A big frame store house of the Union Pacific at Omaha burned to the ground Wednesday night, entailing a loss of twenty thousand. The fire is supposed to have been of incendiary origin.

Miss Marie Downing will make a brief visit with her aunt Mrs. Bare next week while enroute from Denver to Erie, Pa., where she will spend the winter.

Mrs. James Shea and the Misses Hazel and Gertrude Minshall returned Wednesday morning from Omaha, where they attended the Stewart-Nichols wedding.

H. S. White left this morning for his ranch near Overton, where he says he will husk corn for a few days at three cents per bushel.

Quite a number of colored men are in town today enroute from Denver to Iowa where they will work on a railroad grade.

Gregory Schatz, who is working in Grand Island, came home yesterday to spend a few days with his family.

Mr. and Mrs. Saml. Goozee returned this morning from a visit with Mr. and Mrs. Fred Elliott, Jr., in Omaha.

W. A. Paxton of Omaha is transacting business in town today.

Goods for the Holiday Trade.

C. A. Howe, the furniture man, has received a large stock of goods suitable for the holiday trade and invites the public to call and see them before making their purchases elsewhere.

John Sonnabend, a prominent cattleman of McPherson county, is doing business in town today.

Two young boys, who ran away from their homes in Omaha, were arrested here and sent back to their homes Wednesday night.

As high as four cents per bushel is being paid corn huskers in the east part of the state. Rapid huskers are making about three dollars and a half per day.

The Thanksgiving game of foot ball between the Grand Island and Kearney teams played at Kearney resulted in the defeat of the Grand Island boys. Score 11 to 6.

A. Rosenthynne and wife, formerly Mrs. Libby, who live in Cheyenne at present, were in Chappell a few days the past week. They were here to sell a tract of land near Lewellen, but the deal fell through and they left Tuesday morning for North Platte.—Chappell Register.

The resignation of M. K. Barnum and the reported resignation of Supt. Baxter are taken as evidence that matters are not running smoothly in the official family of the Union Pacific. It is also generally accepted as true that the present labor difficulty on the road has much to do with the ruffled condition of the members of the official family. Some of the local strikers are inclined to believe that the official changes to take place will in the end result favorably to them, inasmuch that competent officials will not accept positions on roads where there is reported to be as much "grief" as on the Union Pacific.

Grand Island has subscribed two thousand dollars toward repairing and placing in operation the canning factory at that place. For several years the factory has not been operated, but with the bonus raised it will be run to its full capacity. Down at Kearney they are working to secure a straw board factory, and with the vim, characteristic of the town, with which the matter is being pushed, it is very probable that the factory will be secured. Here are two classes of industries that can be successfully operated in Nebraska for the reason that the raw product can be raised right at the doors of the factories. And while Grand Island and Kearney are working to secure industries, let us not forget to boost along the beet sugar industry—for no where in the country can beets be more successfully produced than in the Platte valley in Lincoln county.

Notice.

Lost, on Wednesday night, one Moline end gate, nearly new, and six or seven turkeys tied together in pairs. Think they were lost on bottom, between the Simants places north and east of town. Finder will receive a liberal reward by notifying J. R. Fay, North Platte, Neb.

Making Hen's Lay.

Hens will lay if they have the right kind of food and plenty of it. Cattle Prices.

A Burlington stock man says that in his opinion the price of cattle will not advance materially until the stock now being fed for market is shipped. The Nebraska and Kansas farmer is surprising the world this winter by the number of cattle he can care for. The result will be that the market will be well supplied from now on and the demand will have no opportunity to exceed the supply. The southwestern roads are still handling heavy shipments of cattle to the markets and the indications are not good for a breaking off in the offerings before the grain fed cattle are put on the market.

The range in the northwest has not been very good for some time and the ranchmen have been reducing stock. In this reduction the Nebraska and Kansas farmers have bought cheaper than feeders farther east who bought heaviest while the quotations were high.

The advance decided upon in the east bound grain rates by the central freight association and trunk lines is to go into effect the 18th of this month. The advance is 2½ cents per 100 pounds. At the same time dressed beef rates, both domestic and export, are to be advanced from 40 to 45 cents per 100 pounds, and provision rates from 25 to 30 cents.

No Influence Above.

In Dr. John Hall's time it was the custom in his church to use the old fashioned, simple hymns, and the singing was congregational.

On one occasion William M. Everts discovered E. Deafield Smith, then corporation counsel of New York city, singing with all his heart and whispered to his friend:

"Why, there is Smith singing 'I want to be an angel.' I knew he wanted to be district attorney, but I didn't know he wanted to be an angel."

The remark was repeated to Mr. Smith, and quick as a flash came the retort:

"No, I have never mentioned the matter to Everts, knowing that he had no influence in that direction."

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for Coughs and Colds, it gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c, and \$1.00 at A. F. Streitz's Corner Drug Store.
