While loading some lumber at Iddings' lumber yard Saturday, W. C. Cole, of Hershey, was taken suddenly ill. He was removed to the Nebraska house, medical aid summoned and by Sunday was able to return to his home.

J. H. Stubbs came down from Denver Sunday and has been packing his household goods preparatory to moving to that city. In the removal of Mr. and Mrs. Stubbs North Platte loses a very popular couple, and their departure is universally regretted.

CLINTON, THE JEWELER.

J. A. Palmer, who until last Thursday was employed as brakeman by the Union Pacific, has left town and it is claimed took with him \$75 and an overcoat which were the property of another brakeman named Mann. It seems that both Mann and Palmer had quit work at the same time and proceeded to celebrate by getting drunk. When Mann sobered up he found that Palmer had decamped with his property.

John Knowles, of Somerset precinct, spent Saturday in town and while here purchased a bunch of cattle of H. S. Ridgely.

Judge Grimes, Reporter Carey and Attorneys Wilcox, Beeler and one or two others left at nine o'clock this morning for McPherson county where Robinson will be arraigned on the charge of killing Elmer Thayer. Beeler and Parsons, representing Robinson, have made application for a continuance of the trial on the grounds that three of the defendant's witnesses cannot now be secured.

We have a very pretty line of pearl handled pocket knives for gentlemen, also shaving sets, razors and safety razors. Just the thing for a nice Christmas gift.

CLINTON, THE JEWELER.

A caboose and a car of beets were destroyed by fire at Gannett, six miles east of town, this morning. A freight train left here about five o'clock and on reaching that siding was unable to go any further on account of the number of cars. Ten cars were taken off the head end of the train and shoved in on the track behind the caboose. The brakes, however, refused to work and the cars crashed into the caboose wrecking it and fire ensued from the stove or lamp. The wrecking crew was sent down to pick up the debris.

Mrs. O. V. Morrison returned to Sidney Saturday after a week's visit with friends in town.

The case is set for hearing on Jan. 2, 1903.

The town is overstocked with toys. Doolittle, who handles Toys all the year round, has some big bargains in Toys to close them out. About eight inches of snow fell Saturday and Sunday. No wind accompanied the fall, and consequently no drifts impeded travel.

In the west part of the state the snow drifted a little but not enough to cause any particular disadvantage to the railroads. Trains on the Union Pacific have been late, but that has become so customary that few people expect a train to arrive on time, snow or no snow. The weather has been severely cold, the lowest point being reached this morning when street thermometers registered four degrees below. The snow has made fairly good sleighing and every available vehicle of that class has been put to use.

If you have an idea in your head that Tekulve is not making the lowest prices on Shoe Repairs that he has ever made, it is only an idea originating in an imaginary brain, at the Yellow Front.

GEO. TEKULVE.

A resident of Gaslin precinct who was in town yesterday, reports that Newell Burritt of that precinct lost twelve head of cattle last week as a result of turning them into corn stalks.

Bishop Graves held services at the Episcopal church Sunday, both morning and evening.

What more appropriate Christmas gift than a Mandolin, Guitar, Banjo or Violin? Doolittle has a complete line at most reasonable prices.

Wm. Jeffers, Sr., left yesterday for Omaha, where he will receive medical treatment. He was accompanied by Mr. and Mrs. C. T. Whelan.

Following a conference held Saturday with President McNeill, of the Boilermakers' Union, President Burt left for New York for the reported purpose of conferring with E. H. Harriman relative to a settlement of the strike. In this connection, it is also reported that President Burt's recent trip over the road proved an eye-opener to him, as he found conditions much worse than he had been lead to believe they were. We do not know whether either of the above reports are correct, but we do know that a settlement of the strike would be the most highly appreciated Christmas gift the people of North Platte could receive.
