The Twenty Per Cent

Discount Sale

Is Still in Effect at THE LEADER.

THE time set for putting in the new front in The Leader is near at hand, and in order to avoid all possible inconvenience, we must reduce our stock to the lowest possible notch. The Twenty Per Cent Discount Sale will therefore be continued until July 1st.

Many have taken advantage of our liberal discount, and have been more than pleased with the bargains secured.

If you have not visited our store and taken advantage of these low prices, you have certainly missed something you cannot afford to.

We would call the attention of the Teachers attending the Normal School to the fact that The Leader is headquarters for Wearing Apparel from head to foot at discount of twenty per cent off regular prices.

The Leader,

JULIUS PIZER, Proprietor.

Increased Valuation.

Miss Kate Clark, office deputy for County Assessor Bacon, has footed up the real estate assessment roll for the Second ward and finds the total to be \$1,159,710 in actual value. Four years ago the real value of real estate in the same ward was \$626,580. This shows an increase of \$533,140 in the four years. The total increase in the entire city will exceed one million dollars.

While part of this increase is due to new buildings and improvements, the greater part of it is due to the higher value placed on property by the assessors. In looking over the returns for the Second ward we find that many inequalities in values exist; and at the same time values have been in many instances increased from thirty to one hundred per cent over four years ago. In a number of cases the properties are assessed at a much higher figure than they could be sold for in the open market, and it is quite evident that many complaints will be made to the board of equalization.

Will Make Sample Road.

J. D. Adams, of Indianapolis, a manufacturer of road making machinery, was in conference with the county commissioners Wednesday evening and offered to ship machinery here and make a section of road if the commissioners would furnish the necessary teams. The proposition was accepted, and Mr. Adams will be here some time during the summer. While the object of this demonstration is to introduce the road making machinery manufactured by Mr. Adams, yet the construction of a section of road under the latest approved methods will do doubt prove of considerable value in the way of an education to our road makers. Road making in Lincoln county is a costly proposition, and if improved methods can be used, we will have, eventually, better roads at a less cost.

Will Enlarge Building.

A. F. Streitz, owner of the building occupied by Ginn & White, will soon begin the erection of a rear addition that will extend to the alley and be two story high. A new front will also be put in the building. This addition is to be built at the request of Ginn & White, who need more room for their constantly increasing business.

For Sale—Two-row cultivators at \$35 each. Joseph Hershey, Fifth and Locust streets.

Schmalzried-Owens Wedding.

A pretty home wedding occurred at the residence of Mr. and Mrs. J. F. Schmalzried at eight o'clock Wednesday evening when their daughter Miss Katherine became the bride of Elmer Owens. For this happy occasion the apartments had been profusely decorated with carnations and roses, the color scheme being red and white, with a liberal display of green back ground.

To a wedding march rendered by Miss Irene Neville, the bridal party, preceded by Lucille Stamp and Bryon Stegallas ribbon bearers, entered the parlor, and standing in front of a bank of palms and potted plants were united by the impressive service of the Episcopal church with Rev. Chas. F. Chapman as the officiating clergyman. The bride wore a handsome gown of embroidered chiffon over white Jap silk, with veil, and carried a white prayer book. She was attended by Miss Belle Reddy, of Gibbon, whose gown was white Persian lawn and she carried pink roses. The groom was attended by his brother Will Owens.

Following the ceremony congratulations were extended and then Rev. Mr. Chapman administered the rite of baptism to John Frederick Mesmer, infant son of Mr. and Mrs. Otto Mesmer, of Bu Island, Ill., and a nephew of the bride-elect.

At the conclusion of this baptismal service, the guests, numbering sixty, were conducted to the dining room, where they were seated around two large tables and served with an excellent wedding supper, a dozen young lady friends of the bride assisting in serving.

Mr. and Mrs. Owens left on a night train for Chicago and other eastern points, and will be absent three weeks. Many articles of cut glass, sterling silver, hand painted china and linen were received, the whole forming a beautiful collection.

The bride and groom are among our most worthy young people; born and reared in North Platte, and certainly they enter married life with the best wishes of all friends and acquaintances—and that practically means everybody in town. By her bright and sunny disposition Mrs. Owens has won the esteem of all, and certainly she will do her share in providing for the man of her choice a home that will ever be bright, cheerful and happy. Mr. Owens is a boilmaker employed in the Union Pacific shops, a young man of excellent habits and one who holds the good-will and esteem of all.

Bixby Lectures Tonight.

A. L. Bixby will lecture at the high school auditorium this (Friday) evening. Through some misunderstanding of dates on the part of the Junior Normal management, this lecture had been announced for June 10th instead of 12th.
