

**CUPID ALWAYS GETS BUSY**  
 In the Spring, and in view of that fact we have a very fine collection of engagement and wedding rings. The settings are the most exquisite ever seen, and are well worthy of the use they are put to. We wish to call attention to the fine workmanship on all our jewelry making it extremely durable and guarding against loss of stones and settings.

 The G. A. R., W. R. C., Cadets, Y. M. C. A., band, school children and parents invited. W. C. ELDER, Patriotic Instructor.

**Support Needed.**  
 One of the conditions upon which the Junior Normal was located at North Platte this year was that the citizens, by purchasing tickets, should bear the expense of the entertainment course. To pay for this course will require about \$250, which means the sale of that number of tickets. These tickets have been placed at such a low price that, considering the quality of the five attractions, there really should be no trouble in disposing of them. We learn, however, that the tickets are not meeting with the ready sale that they should, and Co. Supt. Ebright and the committee feel somewhat disappointed.

We believe that our people should rally to the support of the normal and "make good" the guarantee made to Supt. McBrien that the expense of the entertainment course would be met by the people of North Platte. The first number of the course will be held at the high school auditorium this evening on which occasion A. L. Bixby will deliver a lecture.

**Make Application for Demonstration.**  
 Congress having made an appropriation for demonstrations in good road-making, Dr. Ames, with his characteristic hustle, wrote Congressman Kinkaid asking that he secure such a demonstration for Lincoln county. Judge Kinkaid has replied, stating that he had visited the department having this matter in charge and urged that such demonstration be made in Lincoln county, and at the same time suggested that the Commercial Club of this city make a formal application for the work to be done.

O. H. Thoelecke who is a member of the road committee of the club, made out the application yesterday and sent it to Washington. There are thousands of applications for these demonstrations, and as the appropriation is not large, many of the applications will necessarily be turned down, so it is not certain that such demonstration will be made in this county, but we will be on the "waiting list" for next year and this will be an advantage. Judge Kinkaid said that if a demonstration is not made, it is probable that a lecturer will be sent here to address our people on the subject of good roads.

**Dwellings for Sale.**  
 We have several nice dwellings that we will sell much below real value and make you mighty easy terms.  
 BUCHANAN & PATTERSON.

In the county court today Lewis Pappas, a Greek section hand, is suing Hahler & Abraham for \$159 damages. Last winter this firm attached the wages of Pappas for a meat bill. He acknowledged the bill and Hahler & Abraham received their money. Later he instituted a damage suit, claiming that he was a married man and therefore exempt from such proceedings.

Our Tan in Russian Calf with Suede top at..... **\$3.50**

The Golden Brown Buckle Oxford is very popular this season, made on the "Tred-strate" last and only..... **\$3.50**

**SMALL, The Big Shoe Man**

**Local Railroad News.**

Thirty-five cars of storage coal are in the yards today, and Foreman Delaney is looking for men to unload them.

The heavy rain last evening resulted in a wash out on the Union Pacific near Paxton, delaying traffic about four hours.

Supt. Anderson and bride came in from Denver in the "Colonel's" private car yesterday morning and later had the car attached to a west bound freight.

Oscar Sandall has been given the position of night car checker, George Savin takes Earl Stamp's place, and the latter is given a day position at the freight house.

The report that the Union Pacific will renew work on the North River branch July 1st, is still current. Where this report originated, no one seems to know. At Cheyenne the report is believed to be true.

The arrangement of passenger runs on the Second district, which has been a matter of considerable discussion among the engineers, has finally been adjusted, and District Foreman Beery expects to receive the list today.

Fruit business over the Union Pacific is increasing as the crop of deciduous fruit ripen. Over two hundred trains of California fruit have been fed at the local plant so far this year. At present from fifty to eighty cars are being iced daily.

George Johnson is putting down a well for the U. P. at this station. They are down to bed rock and intend going through this rock to see if a better quality of water cannot be found. They have never tried this experiment before and if this one is a success all their wells in the Platte valley will be served the same way.—Ogallala News.
