Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of live roses, and changed into metal by a secret process. This discovery is without doubt one of the lost arts of the ancient Egyptians. They are the most beautiful of all Hat Pins. No two are alike. Made in finishes to conform to the prevailing fashions in millinery. Six sizes at the following prices:

\$1.50, \$2.00, \$2.50,
\$3.00, \$3.75, \$4.50

Everybody is talking about them. Don't fail to come in and see them. These are the genuine DELAMOTTE Real Rose Hat Pins.

Live stock inspectors in this district are having considerable trouble in getting stockmen to dip their cattle, which under the federal law is required when cattle are mangy. Several in this county have been notified that unless they dip within a certain time their cattle will be quarantined on the ranch or farm where they belong. In several instances proposed shipments of cattle have been delayed by order of the inspectors until the cattle were dipped.

Don't Spend \$3.50 When Fifty Cents Will do the Work
Prof. W. M. Hayes, Asst. Sec'y. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevators and breweries, mixed with molasses and salt, to make the compound palatable to the cattle, and one of the largest Stock Food Companies is said to use fine sawdust, finely ground, to cheaply bring up the weight of his product, instead of buying a superior and expensive balanced ration containing high fattening qualities and acting as a tonic, he has paid a high price for a feed containing, along with ordinary grain, finely ground alfalfa hay and other common food stuffs, \$5.00 to \$25.00 per ton, a high percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to the health of his stock."
Make your own stock foods and remedies by using Skidoo Horse and Cattle Tablets for horses, cattle, sheep, swine and fowls; proper dose in tablets. Mix in feed or salt. They contain no sawdust, ashes, chopped feed or bran.
